INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of Kraton Corporation
KRATON Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KRATON Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the KRATON Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan that was established effective March 1, 2001. The Plan is sponsored by Kraton Corporation, with Kraton Chemical, LLC as a participating employer in the Plan, (collectively, the “Company”). The Plan is administered by the Retirement Committee of Kraton Corporation (the “Committee”). Fidelity Management Trust Company serves as the Plan’s trustee (the “Trustee”), and Fidelity Workplace Services, LLC serves as the Plan’s record-keeper. The Plan is subject to the provisions of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In December 2022, SECURE 2.0 Act (SECURE 2.0) was enacted. SECURE 2.0 has many provisions, both mandatory and elective, with various effective dates. The Plan has implemented certain provisions and will amend the Plan document by the applicable deadline (December 31, 2026).

Eligibility

Employees of the Company are immediately eligible to make pre-tax, Roth, and after-tax contributions to the Plan, except leased employees and residents of Puerto Rico.

Contributions

Participant pre-tax, Roth, and after-tax contributions, on a combined basis, cannot exceed 80% of eligible compensation, as defined. Upon providing proper notice and approval, the Company shall allow participants to enter into a special salary reduction agreement to make additional deferral contributions in an amount up to 100% of their effectively available eligible compensation for certain payroll period(s), or 100% of a bonus, as designated by the Company. The Plan permits the Company to automatically enroll newly hired employees into the Plan at a pre-tax deferral contribution of 6% of eligible compensation unless an eligible employee affirmatively elects otherwise. Automatic enrollment contributions begin as soon as administratively feasible on or after 35 days following the participant’s date of hire.

Effective January 1, 2025, through an amendment to the service agreement with the Plan’s recordkeeper, if a participant is automatically enrolled on or after January 1, 2025, the participant will also be automatically enrolled in the Plan’s annual increase program (AIP). Enrollment will continue in the AIP even if a participant changes their deferral contribution after auto enrollment. The participant’s deferral contribution will be automatically increased by 1% annually on January 10th until the deferral contribution reaches a maximum of 10%. Participants may opt out of this provision at any time.

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant contributions may not exceed the annual limitation under the Internal Revenue Code of 1986, as amended (IRC) Section 402(g) (\$23,500 in 2025). Participants age 50 and older as of the end of the plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC. Effective January 1, 2025, the Plan implemented SECURE 2.0 provision increasing the catch-up contribution limit for eligible participants who attain ages 60 through 63 during the taxable year.

Company matching contributions are made on a pay period basis, and equal a percentage of the participant's eligible compensation as follows:

<u>Years of Credited Service</u>	
<u>Less than 5</u>	<u>5 or More</u>
50% of participant contributions that are up to a maximum of 6% of eligible compensation	100% of participant contributions that are up to a maximum of 6% of eligible compensation

The Company makes a 4% fixed percentage nonelective employer contribution to eligible participants for each plan year based on the participant's eligible compensation.

The Company may also make a discretionary nonelective employer contribution to eligible participants for each plan year based on the participant's compensation to the total compensation paid to all eligible participants for the plan year. There was no discretionary nonelective employer contribution made for the plan year ended December 31, 2025.

Employees covered by the collective bargaining agreements stated within the Plan document shall only receive Company matching contributions and nonelective employer contributions to the extent so indicated within each such agreement.

The Plan is participant directed. Participants may change their contribution amounts at the beginning of each payroll period and investment options at any time.

Rollovers

Eligible participants may elect to roll over distributions from a former employer's qualified retirement plan, subject to conditions set forth in the Plan.

Investment Options

Participants may allocate their contributions and those of the Company among mutual funds, collective investment trust funds, and a self-directed investment account. In the event investment instructions are not received from the participant, the investment of contributions is allocated to the default investment option, Vanguard Target Retirement Trust II fund based on the participant's age. The self-directed investment account option allows the participant to direct contributions to be invested in any investment permitted under the Plan, including mutual funds, common stocks, and exchange traded funds. Asset management fees charged for the administration of all funds are charged against net assets available for benefits of the respective fund.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant and Company contributions and an allocation of Plan earnings or loss. In addition, participant accounts are charged with any applicable administrative expenses. Allocations are based on participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period or 50% of their vested account balance, whichever is less. Participants may not have more than one loan outstanding unless the loans were issued prior to January 3, 2022 at which time a participant was allowed to have two loans outstanding. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time of the loan. The plan administrator has directed the Trustee to update the Plan's loan interest rate on the first business day of the month following any change in the prime rate.

Interest rates on outstanding participant loan balances ranged from 4.25% to 9.50% at December 31, 2025 and 2024. Maturity dates on outstanding loans at December 31, 2025 extend through November 2039. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan is for the purchase of the participant's primary residence, in which case the loan term may not exceed 10 years. Terminated participants may continue making loan repayments and take partial withdrawals. If a participant's loan was transferred in from the Arizona Chemical Company Employee Savings Plan, then the term of the loan were not modified and could extend up to 30 years for a primary residence.

A loan processing fee of \$75 will be charged to individual participants for each loan taken. In addition, an annual loan fee of \$25 for each loan outstanding will be charged to individual participants that have outstanding loans.

Vesting

Participants are at all times fully vested in their contributions, Company contributions, and the appreciation or depreciation thereon.

Withdrawal by Participants

Participants may take in-service withdrawals of rollover contributions previously made or up to 100% of the after-tax portion of their accounts, subject to certain conditions set forth in the Plan. Participants may only withdraw after-tax participant contributions that have been maintained in their accounts for at least 24 months. Upon attainment of age 59½, participants are entitled to receive a

distribution of all or a portion of their vested account balances. Participants may make up to four withdrawals in a plan year from their account for hardship purposes subject to certain provisions as defined by the Plan. Effective January 1, 2025, the Plan implemented the SECURE 2.0 provision that allows participants to take in-service withdrawals for qualified declared disaster, qualified birth or adoption, or if the participant is a victim of domestic abuse.

Payments of Benefits

Upon death, disability, retirement, or termination, a participant shall be entitled to receive the value of the participant's account balance. Normal retirement age under the Plan is age 65. The participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. A participant may also elect to receive a partial withdrawal. For participants with an account balance of \$1,000 or less, an automatic distribution in the form of a lump sum will be made. For participants with an account balance greater than \$1,000 but less than or equal to \$7,000, the Plan will distribute the account in a direct rollover to an IRA designated by the plan administrator, unless elected otherwise by the participant.

Amendment and Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan and the related trust at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes both gains and losses on investments bought and sold as well as held during the year.

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from Plan participants and the Company matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation. The Company fixed percentage nonelective employer contribution and discretionary nonelective employer contribution are recorded in the plan year in which participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Benefit Payments to Participants

Benefits are recorded when paid.

Expenses of the Plan

Loan and other transaction-specific fees are charged to participants electing the transaction. All other reasonable expenses of administering the Plan will be paid by the Company and are excluded from these financial statements. In addition, certain investment-related expenses reduce investment income presented in the accompanying statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 3 - INFORMATION CERTIFIED

The Committee has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Committee has obtained certifications from the Trustee of the Plan that all of the information provided is complete and accurate. Information included in the accompanying financial statements and notes to financial statements as to investments, the related investment activity, notes receivable from participants, interest income on notes receivable from participants, and all information in schedule H, line 4i - schedule of assets (held at end of year) are presented in reliance solely upon these certifications.

NOTE 4 - FEDERAL INCOME TAXES

The Plan has adopted a non-standardized pre-approved plan, which obtained its latest opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under this framework are described below:

- Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2* - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust Funds - Valued at the fair value NAV of the units of the collective investment trust funds. NAV is a readily determinable fair value based on the fair value of the underlying investments held by the trust less its liabilities. The fair value of the funds is calculated by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services, and dealer quotes. The Bank of New York Mellon (BNYM) Stable Value Fund Class M fair value of the underlying wrapper contracts is calculated by the issuer using a discounted cash flow model, which considers (i) recent fee bids as determined by recognized dealers, (ii) discount rate, and (iii) the duration of the underlying portfolio securities. Were the Plan to initiate a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan has no unfunded commitments and no contractual obligations to further invest in the collective investment trust funds and provides for daily redemptions by the Plan participants with no advance notice requirement.

Self-Directed Investment Account - Account consists of mutual funds, common stocks, exchange traded funds (ETF), and money market funds that are valued at the closing price reported by the active market on which the individual securities or funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of NAV or reflective of future fair value. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different estimates of fair value at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value, as determined by plan management, as of December 31, 2025 and 2024:

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, ETFs and money market funds managed by an affiliate of the Trustee and a party in interest with respect to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the “prohibited transaction” provisions of ERISA and the IRC.

NOTE 7 - SUBSEQUENT EVENTS

In accordance with SECURE 2.0, effective January 1, 2026, the Plan began administering participant catch-up contributions made by employees with FICA wages exceeding \$150,000 in the preceding calendar year (subject to indexing each calendar year), as Roth contributions. Management intends to adopt a conforming amendment by the applicable SECURE 2.0 amendment deadline.

On August 18, 2026, the Company executed an interim amendment to the pre-approved basic plan document and related adoption agreement to reflect mandatory and voluntary statutory changes pursuant to SECURE 2.0. This amendment is intended to document the Plan’s compliance with SECURE 2.0 and other related guidance issued by the IRS.

Management has evaluated subsequent events through September 11, 2026, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of Kraton Corporation
KRATON Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KRATON Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the KRATON Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan that was established effective March 1, 2001. The Plan is sponsored by Kraton Corporation, with Kraton Chemical, LLC as a participating employer in the Plan, (collectively, the “Company”). The Plan is administered by the Retirement Committee of Kraton Corporation (the “Committee”). Fidelity Management Trust Company serves as the Plan’s trustee (the “Trustee”), and Fidelity Workplace Services, LLC serves as the Plan’s record-keeper. The Plan is subject to the provisions of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In December 2022, SECURE 2.0 Act (SECURE 2.0) was enacted. SECURE 2.0 has many provisions, both mandatory and elective, with various effective dates. The Plan has implemented certain provisions and will amend the Plan document by the applicable deadline (December 31, 2026).

Eligibility

Employees of the Company are immediately eligible to make pre-tax, Roth, and after-tax contributions to the Plan, except leased employees and residents of Puerto Rico.

Contributions

Participant pre-tax, Roth, and after-tax contributions, on a combined basis, cannot exceed 80% of eligible compensation, as defined. Upon providing proper notice and approval, the Company shall allow participants to enter into a special salary reduction agreement to make additional deferral contributions in an amount up to 100% of their effectively available eligible compensation for certain payroll period(s), or 100% of a bonus, as designated by the Company. The Plan permits the Company to automatically enroll newly hired employees into the Plan at a pre-tax deferral contribution of 6% of eligible compensation unless an eligible employee affirmatively elects otherwise. Automatic enrollment contributions begin as soon as administratively feasible on or after 35 days following the participant’s date of hire.

Effective January 1, 2025, through an amendment to the service agreement with the Plan’s recordkeeper, if a participant is automatically enrolled on or after January 1, 2025, the participant will also be automatically enrolled in the Plan’s annual increase program (AIP). Enrollment will continue in the AIP even if a participant changes their deferral contribution after auto enrollment. The participant’s deferral contribution will be automatically increased by 1% annually on January 10th until the deferral contribution reaches a maximum of 10%. Participants may opt out of this provision at any time.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant contributions may not exceed the annual limitation under the Internal Revenue Code of 1986, as amended (IRC) Section 402(g) (\$23,500 in 2025). Participants age 50 and older as of the end of the plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC. Effective January 1, 2025, the Plan implemented SECURE 2.0 provision increasing the catch-up contribution limit for eligible participants who attain ages 60 through 63 during the taxable year.

Company matching contributions are made on a pay period basis, and equal a percentage of the participant's eligible compensation as follows:

<u>Years of Credited Service</u>	
<u>Less than 5</u>	<u>5 or More</u>
50% of participant contributions that are up to a maximum of 6% of eligible compensation	100% of participant contributions that are up to a maximum of 6% of eligible compensation

The Company makes a 4% fixed percentage nonelective employer contribution to eligible participants for each plan year based on the participant's eligible compensation.

The Company may also make a discretionary nonelective employer contribution to eligible participants for each plan year based on the participant's compensation to the total compensation paid to all eligible participants for the plan year. There was no discretionary nonelective employer contribution made for the plan year ended December 31, 2025.

Employees covered by the collective bargaining agreements stated within the Plan document shall only receive Company matching contributions and nonelective employer contributions to the extent so indicated within each such agreement.

The Plan is participant directed. Participants may change their contribution amounts at the beginning of each payroll period and investment options at any time.

Rollovers

Eligible participants may elect to roll over distributions from a former employer's qualified retirement plan, subject to conditions set forth in the Plan.

Investment Options

Participants may allocate their contributions and those of the Company among mutual funds, collective investment trust funds, and a self-directed investment account. In the event investment instructions are not received from the participant, the investment of contributions is allocated to the default investment option, Vanguard Target Retirement Trust II fund based on the participant's age. The self-directed investment account option allows the participant to direct contributions to be invested in any investment permitted under the Plan, including mutual funds, common stocks, and exchange traded funds. Asset management fees charged for the administration of all funds are charged against net assets available for benefits of the respective fund.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant and Company contributions and an allocation of Plan earnings or loss. In addition, participant accounts are charged with any applicable administrative expenses. Allocations are based on participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period or 50% of their vested account balance, whichever is less. Participants may not have more than one loan outstanding unless the loans were issued prior to January 3, 2022 at which time a participant was allowed to have two loans outstanding. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time of the loan. The plan administrator has directed the Trustee to update the Plan's loan interest rate on the first business day of the month following any change in the prime rate.

Interest rates on outstanding participant loan balances ranged from 4.25% to 9.50% at December 31, 2025 and 2024. Maturity dates on outstanding loans at December 31, 2025 extend through November 2039. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan is for the purchase of the participant's primary residence, in which case the loan term may not exceed 10 years. Terminated participants may continue making loan repayments and take partial withdrawals. If a participant's loan was transferred in from the Arizona Chemical Company Employee Savings Plan, then the term of the loan were not modified and could extend up to 30 years for a primary residence.

A loan processing fee of \$75 will be charged to individual participants for each loan taken. In addition, an annual loan fee of \$25 for each loan outstanding will be charged to individual participants that have outstanding loans.

Vesting

Participants are at all times fully vested in their contributions, Company contributions, and the appreciation or depreciation thereon.

Withdrawal by Participants

Participants may take in-service withdrawals of rollover contributions previously made or up to 100% of the after-tax portion of their accounts, subject to certain conditions set forth in the Plan. Participants may only withdraw after-tax participant contributions that have been maintained in their accounts for at least 24 months. Upon attainment of age 59½, participants are entitled to receive a

distribution of all or a portion of their vested account balances. Participants may make up to four withdrawals in a plan year from their account for hardship purposes subject to certain provisions as defined by the Plan. Effective January 1, 2025, the Plan implemented the SECURE 2.0 provision that allows participants to take in-service withdrawals for qualified declared disaster, qualified birth or adoption, or if the participant is a victim of domestic abuse.

Payments of Benefits

Upon death, disability, retirement, or termination, a participant shall be entitled to receive the value of the participant's account balance. Normal retirement age under the Plan is age 65. The participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. A participant may also elect to receive a partial withdrawal. For participants with an account balance of \$1,000 or less, an automatic distribution in the form of a lump sum will be made. For participants with an account balance greater than \$1,000 but less than or equal to \$7,000, the Plan will distribute the account in a direct rollover to an IRA designated by the plan administrator, unless elected otherwise by the participant.

Amendment and Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan and the related trust at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes both gains and losses on investments bought and sold as well as held during the year.

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from Plan participants and the Company matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation. The Company fixed percentage nonelective employer contribution and discretionary nonelective employer contribution are recorded in the plan year in which participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Benefit Payments to Participants

Benefits are recorded when paid.

Expenses of the Plan

Loan and other transaction-specific fees are charged to participants electing the transaction. All other reasonable expenses of administering the Plan will be paid by the Company and are excluded from these financial statements. In addition, certain investment-related expenses reduce investment income presented in the accompanying statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 3 - INFORMATION CERTIFIED

The Committee has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Committee has obtained certifications from the Trustee of the Plan that all of the information provided is complete and accurate. Information included in the accompanying financial statements and notes to financial statements as to investments, the related investment activity, notes receivable from participants, interest income on notes receivable from participants, and all information in schedule H, line 4i - schedule of assets (held at end of year) are presented in reliance solely upon these certifications.

NOTE 4 - FEDERAL INCOME TAXES

The Plan has adopted a non-standardized pre-approved plan, which obtained its latest opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under this framework are described below:

- Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2* - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

KRATON SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust Funds - Valued at the fair value NAV of the units of the collective investment trust funds. NAV is a readily determinable fair value based on the fair value of the underlying investments held by the trust less its liabilities. The fair value of the funds is calculated by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services, and dealer quotes. The Bank of New York Mellon (BNYM) Stable Value Fund Class M fair value of the underlying wrapper contracts is calculated by the issuer using a discounted cash flow model, which considers (i) recent fee bids as determined by recognized dealers, (ii) discount rate, and (iii) the duration of the underlying portfolio securities. Were the Plan to initiate a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan has no unfunded commitments and no contractual obligations to further invest in the collective investment trust funds and provides for daily redemptions by the Plan participants with no advance notice requirement.

Self-Directed Investment Account - Account consists of mutual funds, common stocks, exchange traded funds (ETF), and money market funds that are valued at the closing price reported by the active market on which the individual securities or funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of NAV or reflective of future fair value. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different estimates of fair value at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value, as determined by plan management, as of December 31, 2025 and 2024:

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, ETFs and money market funds managed by an affiliate of the Trustee and a party in interest with respect to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the “prohibited transaction” provisions of ERISA and the IRC.

NOTE 7 - SUBSEQUENT EVENTS

In accordance with SECURE 2.0, effective January 1, 2026, the Plan began administering participant catch-up contributions made by employees with FICA wages exceeding \$150,000 in the preceding calendar year (subject to indexing each calendar year), as Roth contributions. Management intends to adopt a conforming amendment by the applicable SECURE 2.0 amendment deadline.

On August 18, 2026, the Company executed an interim amendment to the pre-approved basic plan document and related adoption agreement to reflect mandatory and voluntary statutory changes pursuant to SECURE 2.0. This amendment is intended to document the Plan’s compliance with SECURE 2.0 and other related guidance issued by the IRS.

Management has evaluated subsequent events through September 11, 2026, the date the financial statements were available to be issued.
