Independent Auditors' Report

The Plan Administrator of FactSet Research Systems Inc. Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of FactSet Research Systems Inc. Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions

that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in

accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. FactSet Research Systems Inc. Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

The following description of the FactSet Research Systems Inc. Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1993, as restated November 8, 2021. The Plan covers all employees, excluding residents of Puerto Rico, leased employees, interns and temporary employees, of FactSet Research Systems, Inc. (the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The 401(k) Committee is responsible for oversight of the Plan. The Plan's 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance.

Eligibility and Enrollment

There is no minimum length of service or minimum age requirement to participate in the Plan. All newly hired eligible employees are automatically enrolled in the Plan at a 4% pretax contribution rate upon employment with the Company. Employees' contributions will be directed to the age appropriate Fidelity Freedom Fund unless a different allocation is chosen by the new employee. Employees are eligible to receive Employer discretionary matching contributions immediately upon enrollment in the Plan.

Contributions

Each year, participants may contribute up to 60 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

FactSet Research Systems Inc. Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan (Continued)

The Company contributes a discretionary match of 100 percent of the first 4 percent of eligible compensation that a participant contributes to the Plan. The Employer may make discretionary non-elective contributions to the Plan. Discretionary non-elective contributions, if any, made to the Plan by the Employer will be allocated to a participant's account based on the ratio of their eligible compensation to the total compensation paid to all eligible participants. For the year ended December 31, 2025, no discretionary non-elective contributions were made to the Plan.

Contributions are subject to certain Internal Revenue Service (IRS) limitations

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Employer contributions and (b) Plan earnings (losses) thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after one year of credited service and continues to vest in increments of 20 percent until 100 percent vested after five years of credited service. Upon attainment of age 59 $\frac{1}{2}$, participants in the Plan automatically become fully vested in their Company contributions.

Notes receivable from participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans bear interest at the prime interest rate as of the date of the loan application and are secured by the balance in the participant's account. Loans are repaid through payroll deductions in equal payments over the term of the loan (up to ten years). A participant may have no more than one outstanding loan from the Plan at any time. Loans are collateralized by the participant's account balance. Upon termination of service, the principal and accrued interest shall be immediately due and payable.

FactSet Research Systems Inc. Plan

Notes to Financial Statements

1. Description of Plan (Continued)

Payment of benefits

On termination of service due to death, disability, attainment of age 59.5, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Upon termination of employment, the vested amount of the participant's account will be distributed to the participant in a lump-sum cash payment if the participant's vested account balance is less than \$1,000. If the account balance is greater than \$1,000, the participant's written consent will be required for any distribution including the election of a rollover distribution to a new qualified plan or installment payments. In addition, the Plan allows for hardship distributions if certain criteria are met.

Revenue Credit Account

The Plan and Fidelity have entered into a revenue sharing arrangement whereby a portion of the revenue earned by the trustee from certain funds is passed through to the Plan for payment of permitted plan expenses or allocation to Plan participants. In order for the Plan to receive credits as a result of this revenue sharing arrangement, the Company created a Revenue Credit Account under the Plan. The Revenue Credit Account is an account within the Plan that is used to record the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credits received by the Plan were netted against administrative expenses on the statement of changes in net assets available for benefits. The Revenue Credit Account balance was \$116,418 and \$117,650 at December 31, 2025 and 2024. During 2025, the Plan did not receive any revenue credits and \$6,000 was used to reduce administrative expenses. During 2025, no revenue credits were allocated to Plan participants.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$445,141 and \$512,283, respectively. These accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. During 2025, Employer contributions were reduced by \$1,050,757, from forfeited nonvested accounts, in accordance with Plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value (NAV) per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual funds and money market fund are valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAVs, as provided by the trustees, are used as a practical expedient to estimate fair value. The NAVs are based on the fair value of the underlying investments held by the

FactSet Research Systems Inc. Plan

Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

funds less their liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies (Continued)

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 8, 2026.

3. Investments

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Total
Money market fund	\$ 116,418	\$ 116,418
Mutual funds	700,908,759	700,908,759
Total assets in the fair value hierarchy	701,025,177	701,025,177
Common/collective trusts (a)	-	325,751,798
Total investments at fair value	\$ 701,025,177	\$1,026,776,975

Assets at Fair Value as of December 31, 2024	Level 1	Total
Money market fund	\$ 117,650	\$ 117,650
Mutual funds	846,035,369	846,035,369
Total assets in the fair value hierarchy	846,153,019	846,153,019
Common/collective trusts (a)	-	15,392,944
Total investments at fair value	\$ 846,153,019	\$ 861,545,963

(a) In accordance with Financial Accounting Standards Board ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

FactSet Research Systems Inc. Plan

Notes to Financial Statements

3. Investments (Continued)

Common/Collective Trusts

The Managed Income Portfolio II (MIP) is a common/collective trust. Fidelity Management Trust Company is the trustee of the MIP. The MIP invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued with third parties, and invests in cash equivalents represented by shares in money market funds. Wrap contracts are purchased from issuers rated in the top three long-term rating categories (A- or the equivalent and above). It is the policy of the MIP to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the MIP will be able to maintain this value. Net asset value per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unit holder's instructions in good order, based on the next determined net asset value per unit normally each day. In unusual market conditions, the trustee may impose restrictions on issues and redemptions of units. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the MIP at NAV.

During 2025, the Plan added investments in the Fidelity Freedom Index Funds, including the Fidelity Freedom Index Retirement Fund and Fidelity Freedom Index Funds with target retirement dates ranging from 2010 through 2070. The Fidelity Freedom Index Funds are common/collective trusts managed by Fidelity Management Trust Company. The funds invest in a diversified portfolio of underlying investments and are designed to become more conservative as the applicable target retirement date approaches. Participants may generally direct the withdrawal or transfer of all or a portion of their investment in the Fidelity Freedom Index Funds at net asset value. There are no unfunded commitments related to these common/collective trusts.

4. Information Certified

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2025 and 2024, and interest and dividends, net appreciation in fair value of investments, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

5. Related-Party and Party-In-Interest Transactions

Certain investments are managed by Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Fidelity Workplace Services LLC is the record-keeper for the Plan.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

FactSet Research Systems Inc. Plan

Notes to Financial Statements

December 31, 2025

7. Tax Status

The IRS issued an opinion letter to the prototype plan document preparer, Fidelity Management & Research Co., dated June 30, 2020, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
