INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Hankyu Hanshin Express (USA) 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hankyu Hanshin Express (USA) 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Hankyu Hanshin Express (USA) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan qualifying under section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers eligible employees of Hankyu Hanshin Express (USA) Inc. (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator controls and manages the operation and administration of the Plan.

Fidelity Management Trust Company (“FMTC”) provides recordkeeping services for the Plan and is responsible for the custody and management of the Plan’s assets as a trustee.

Eligibility

All employees of the Company at least 21 years of age and have completed at least 3 months of service become eligible to join the Plan on the first day coinciding with or next first day of the following quarter they become eligible.

Participant Contributions

Participants may elect to contribute up to a maximum of 90% of their compensation to be contributed to the Plan as a pre-tax deferral. Employees were generally limited to a maximum contribution of \$23,500 and \$23,000 in 2025 and 2024, respectively, by Code Section 402(g) of the IRC. Eligible employees may also rollover distributions from eligible retirement plans pursuant to the terms of the Plan.

The Plan provides that participants who are age 50 or older may also make catch-up contributions of up to \$7,500 in 2025 and 2024; a higher catch-up contribution limit of \$11,250 applies for employees who turn 60, 61, 62 and 63 in 2025 and catch-up contribution limits are indexed annually for inflation.

Employer Contributions

The Company may make matching contributions equal to a discretionary percentage of the participant’s gross compensation. The Plan provides for the Company to match one-half of the employee’s contributions to the Plan up to the first 6% of the employee’s annual salary. The Company chose to make discretionary matching contributions of \$193,488 and \$190,666 for the years ended December 31, 2025 and 2024, respectively. Annually, the Company, at its discretion, may make a profit sharing contribution; no contributions were made for the years ended December 31, 2025 and 2024.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies (mutual funds) as investment options. Participants may change their investment options daily.

Vesting

Participants in the Plan are fully vested in their contributions plus actual earnings thereon. Participants become vested in the Company's contributions and related Plan earnings/appreciation or depreciation based on years of service. Company contributions and related earnings/appreciation or depreciation shall be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two	0%
Two	30%
Three	50%
Four	75%
Five	100%

Forfeitures

Upon termination of employment, the non-vested portion of the participant's account will be forfeited. Forfeitures shall be used to pay for ordinary and necessary administrative plan expenses. Any remaining forfeitures will be used to reduce employer contributions. There were \$7,454 and \$3,581 of forfeitures used in 2025 and 2024, respectively. As of December 31, 2025 and 2024, forfeited accounts totaled \$12,406 and \$16,389, respectively.

Notes Receivable from Participants

Loans are available in the Plan. The minimum loan amount is \$1,000. The maximum amount is the lesser of one half of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior twelve-month period. The participant may only have one loan outstanding at any time. The rate of interest will be determined by the prevailing rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans are secured by the vested portion of the participant's account. Loan payments are made through payroll deductions and must be repaid within a period not exceeding 60 months.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Withdrawals are permissible upon the participant's reaching age 59½, termination of employment, death, disability, retirement or certain financial hardships. The Plan's normal retirement age is 65 and hardship withdrawals are allowed under the Plan if participants meet the requirements defined in the plan document. Generally, upon termination of service or otherwise becoming eligible to receive benefits, a participant may receive the value of the vested interest in his or her own account as a lump-sum distribution or rolled over into another qualified retirement plan or IRA. The Plan allows for the automatic distribution of vested benefits of \$1,000 or less; if vested benefits are between \$1,000 and \$5,000, the funds will be rolled over into an IRA selected by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts and the Company will arrange for distribution of all participants' accounts to the participants or their designated beneficiaries in accordance with the Plan.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Plan's financial statements. Because the values of the Plan's individual investments will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.

HANKYU HANSHIN EXPRESS (USA)
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. In the event of a default, the Plan Administrator will deem the loan balance to be a distribution to the participant based upon the terms of the plan document. Interest rates ranged from 4.25% to 9.50% per annum at December 31, 2025 and 2024; notes receivable mature through 2031.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Company generally pays for certain administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through August 28, 2026, which is the date that the financial statements were available to be issued.

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2025	2024
Interest-bearing cash	\$ 103,753	\$ 236,390
Registered investment companies	8,541,340	7,661,668
Common collective trust	756,353	668,074

The trustee also certified the completeness and accuracy of \$1,066,672 and \$721,504 of net appreciation in fair value of investments and \$423,302 and \$271,536 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2025 and 2024, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value valuation hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

<i>Interest-bearing cash:</i>	Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.
<i>Registered investment companies (mutual funds):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Common collective trust:</i>	Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share as a practical expedient as of December 31, 2025 and 2024:

Investment	Fair Value December 31,		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2025	2024			
Common collective trust (held in stable value fund):					
MassMutual Pooled stable trust	\$ 756,353	\$ 668,074	None	Daily	None

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are presently managed by affiliates of FMTC; in addition, investments are held by FMTC. FMTC is the trustee and, therefore, these transactions qualified as party-in-interest transactions.

NOTE 6 – INCOME TAX STATUS

The Plan has adopted a pre-approved defined contribution plan document. The Internal Revenue Service (“IRS”) issued a favorable opinion letter to the document provider dated June 30, 2020, stating that the form of the plan document is acceptable under the applicable provisions of the Internal Revenue Code (“IRC”). Although the Plan has been amended since the issuance of the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes that the Plan remains qualified under Section 401(a) of the IRC and that the related trust is tax-exempt under Section 501(a) of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability when an uncertain tax position would more likely than not fail to be sustained upon examination by the IRS. The Plan Administrator has concluded that the Plan had no uncertain tax positions requiring recognition or disclosure as of December 31, 2025 and 2024. The Plan is subject to routine examinations by taxing jurisdictions; however, no examinations for any tax periods are currently in progress.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Hankyu Hanshin Express (USA) 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hankyu Hanshin Express (USA) 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Hankyu Hanshin Express (USA) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan qualifying under section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers eligible employees of Hankyu Hanshin Express (USA) Inc. (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator controls and manages the operation and administration of the Plan.

Fidelity Management Trust Company (“FMTC”) provides recordkeeping services for the Plan and is responsible for the custody and management of the Plan’s assets as a trustee.

Eligibility

All employees of the Company at least 21 years of age and have completed at least 3 months of service become eligible to join the Plan on the first day coinciding with or next first day of the following quarter they become eligible.

Participant Contributions

Participants may elect to contribute up to a maximum of 90% of their compensation to be contributed to the Plan as a pre-tax deferral. Employees were generally limited to a maximum contribution of \$23,500 and \$23,000 in 2025 and 2024, respectively, by Code Section 402(g) of the IRC. Eligible employees may also rollover distributions from eligible retirement plans pursuant to the terms of the Plan.

The Plan provides that participants who are age 50 or older may also make catch-up contributions of up to \$7,500 in 2025 and 2024; a higher catch-up contribution limit of \$11,250 applies for employees who turn 60, 61, 62 and 63 in 2025 and catch-up contribution limits are indexed annually for inflation.

Employer Contributions

The Company may make matching contributions equal to a discretionary percentage of the participant’s gross compensation. The Plan provides for the Company to match one-half of the employee’s contributions to the Plan up to the first 6% of the employee’s annual salary. The Company chose to make discretionary matching contributions of \$193,488 and \$190,666 for the years ended December 31, 2025 and 2024, respectively. Annually, the Company, at its discretion, may make a profit sharing contribution; no contributions were made for the years ended December 31, 2025 and 2024.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies (mutual funds) as investment options. Participants may change their investment options daily.

Vesting

Participants in the Plan are fully vested in their contributions plus actual earnings thereon. Participants become vested in the Company's contributions and related Plan earnings/appreciation or depreciation based on years of service. Company contributions and related earnings/appreciation or depreciation shall be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two	0%
Two	30%
Three	50%
Four	75%
Five	100%

Forfeitures

Upon termination of employment, the non-vested portion of the participant's account will be forfeited. Forfeitures shall be used to pay for ordinary and necessary administrative plan expenses. Any remaining forfeitures will be used to reduce employer contributions. There were \$7,454 and \$3,581 of forfeitures used in 2025 and 2024, respectively. As of December 31, 2025 and 2024, forfeited accounts totaled \$12,406 and \$16,389, respectively.

Notes Receivable from Participants

Loans are available in the Plan. The minimum loan amount is \$1,000. The maximum amount is the lesser of one half of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior twelve-month period. The participant may only have one loan outstanding at any time. The rate of interest will be determined by the prevailing rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans are secured by the vested portion of the participant's account. Loan payments are made through payroll deductions and must be repaid within a period not exceeding 60 months.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Withdrawals are permissible upon the participant's reaching age 59½, termination of employment, death, disability, retirement or certain financial hardships. The Plan's normal retirement age is 65 and hardship withdrawals are allowed under the Plan if participants meet the requirements defined in the plan document. Generally, upon termination of service or otherwise becoming eligible to receive benefits, a participant may receive the value of the vested interest in his or her own account as a lump-sum distribution or rolled over into another qualified retirement plan or IRA. The Plan allows for the automatic distribution of vested benefits of \$1,000 or less; if vested benefits are between \$1,000 and \$5,000, the funds will be rolled over into an IRA selected by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts and the Company will arrange for distribution of all participants' accounts to the participants or their designated beneficiaries in accordance with the Plan.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Plan's financial statements. Because the values of the Plan's individual investments will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. In the event of a default, the Plan Administrator will deem the loan balance to be a distribution to the participant based upon the terms of the plan document. Interest rates ranged from 4.25% to 9.50% per annum at December 31, 2025 and 2024; notes receivable mature through 2031.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Company generally pays for certain administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through August 28, 2026, which is the date that the financial statements were available to be issued.

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2025	2024
Interest-bearing cash	\$ 103,753	\$ 236,390
Registered investment companies	8,541,340	7,661,668
Common collective trust	756,353	668,074

The trustee also certified the completeness and accuracy of \$1,066,672 and \$721,504 of net appreciation in fair value of investments and \$423,302 and \$271,536 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2025 and 2024, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value valuation hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

<i>Interest-bearing cash:</i>	Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.
<i>Registered investment companies (mutual funds):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Common collective trust:</i>	Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

MassMutual Pooled stable trust	\$ 756,353	\$ 668,074	None	Daily	None

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are presently managed by affiliates of FMTC; in addition, investments are held by FMTC. FMTC is the trustee and, therefore, these transactions qualified as party-in-interest transactions.

NOTE 6 – INCOME TAX STATUS

The Plan has adopted a pre-approved defined contribution plan document. The Internal Revenue Service (“IRS”) issued a favorable opinion letter to the document provider dated June 30, 2020, stating that the form of the plan document is acceptable under the applicable provisions of the Internal Revenue Code (“IRC”). Although the Plan has been amended since the issuance of the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes that the Plan remains qualified under Section 401(a) of the IRC and that the related trust is tax-exempt under Section 501(a) of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability when an uncertain tax position would more likely than not fail to be sustained upon examination by the IRS. The Plan Administrator has concluded that the Plan had no uncertain tax positions requiring recognition or disclosure as of December 31, 2025 and 2024. The Plan is subject to routine examinations by taxing jurisdictions; however, no examinations for any tax periods are currently in progress.
