Independent Auditors' Report

To the Board of Directors and Participants of the
OSD Multiple Employer 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of OSD Multiple Employer 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the OSD Multiple Employer 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OSD Multiple Employer 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE A | DESCRIPTION OF THE PLAN

The following description of the OSD Multiple Employer 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all eligible employees of the Office of the Special Deputy Receiver ("OSD") who have completed one hour of employment. The Plan was adopted and began operations on July 1, 1991. The Plan is a qualified cash or deferred profit-sharing plan within the meaning of Sections 401(a) and 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors of the OSD control and manage the operation and administration of the Plan. State Street Bank and Trust Company serves as the trustee of the Plan.

Prior to January 1, 2015, the Plan was named the Office of the Special Deputy Receiver Savings and Investment Plan. On January 1, 2015, the Plan was amended and renamed the OSD Multiple Employer 401(k) Plan. Additionally, the amendment to the Plan changed the discretionary employer match to a non-discretionary employer match.

As a result of this amendment, plans associated with other entities were terminated and the entities were named as participating employers of the Plan. The participating employers are Affirmative Insurance Company, in Liquidation, Lumbermens Mutual Casualty Company, in Liquidation, Triad Guaranty Insurance Corporation, in Rehabilitation, Millers First Insurance Company, in Liquidation, Land of Lincoln Mutual Health Insurance Company, in Liquidation, and Public Service Insurance Company and Public Service Mutual Holding Company, in Rehabilitation.

The Plan was amended on September 15, 2017, to allow loan refinancing for a special period from September 18, 2017 through September 30, 2017, for former participants of the Public Service Mutual Insurance Company Savings Plan and participants who had an outstanding principal residence purchase loan with an interest rate higher than 8%.

NOTE A | DESCRIPTION OF THE PLAN

2. Contributions

Two types of contributions can be made to the Plan.

Deferral Contributions - Each year, participants may contribute up to the maximum dollar amount as determined by the Federal government of pre-tax annual compensation, as defined in the Plan. The maximum deferral in 2025 and 2024 is the lesser of 100% of compensation or \$ 23,500 and \$ 23,000, respectively. In 2025 and 2024, participants who will be at least 50 years old by the end of the year may make an additional “catch-up” contribution of up to \$ 7,500. Additionally, in 2025, participants who will be at least 60 years old but not greater than 63 years old by the end of the year may make an additional “super catch-up” contribution of up to \$ 3,750.

Employer Contributions - Employees who make deferral contributions during the Plan year, including qualifying student loan payments treated as deferral contributions for matching purposes, are eligible for an employer non-discretionary matching contribution of 50% in 2025 and 2024. Contributions are subject to certain Internal Revenue Code limitations.

3. Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, matching contribution, and allocations of Plan earnings and losses and expenses. Allocations are based on participant earnings, contributions or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or administrative costs. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employers' contributions and earnings thereon are based on years of continuous service. A participant is vested in the employers' contributions after attaining age 65, upon death or disability, or incrementally at the rate of 34% after one year, 67% after two years, and 100% after three years of service.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE A | DESCRIPTION OF THE PLAN

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$ 1,000 up to a maximum equal to the lesser of \$ 50,000 or 50% of the total value of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

6. Payment of Benefits

On termination of service, a participant generally receives a lump-sum payment of his or her vested accrued benefit when requested.

7. Forfeitures

Forfeitures of participants' non-vested accounts are applied to reduce the employer contributions and Plan expenses as described in the Plan. At December 31, 2025 and 2024, forfeited non-vested amounts totaled \$ 9,639 and \$ 15,687, respectively.

During 2025, forfeited accounts totaling \$ 207 and \$ 6,133 were applied to administrative costs and to reduce employer contributions, respectively. During 2024, forfeited accounts totaling \$ 283 were applied to corrective contributions.

NOTE B | SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTE B | SUMMARY OF ACCOUNTING POLICIES

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments in registered investment companies and pooled separate account are stated at fair value based on quoted market prices, as determined by the Plan's trustee. The Plan invests in common/collective trusts (CCT), including a CCT which operates as a stable value fund. The stable value fund includes a substantial amount of traditional and synthetic guaranteed investment contracts. CCTs are reported to the Plan at the Plan's proportionate share net asset value equal to the CCT's fair value of held investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon evidence of a distributable event, as based upon the terms of the plan document.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE C | FAIR VALUE MEASUREMENTS

The Plan follows the fair value measurement guidance for financial assets and financial liabilities. The guidance defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements.

NOTE C | FAIR VALUE MEASUREMENTS

Fair value is defined to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy has been established for fair value measurements based upon the inputs to the valuation of an asset or liability as follows:

Level 1 - Valuation is based on quoted prices for identical assets and liabilities in active markets.

Level 2 - Valuation is derived from inputs, other than quoted prices included in Level 1, which are observable for the asset or liability either directly or indirectly. Investments classified as Level 2 are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. The significant inputs used in this approach include interest rates, prepayment timing, yield spreads, maturities, credit losses and credit ratings of the securities.

Level 3 - Valuation is derived from unobservable inputs that are not corroborated by market data.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common/collective trusts - common/collective trust funds are valued by using the proportionate share of the net asset value of units (NAV) held as provided by management of the trusts. The NAV is based on the fair value of the underlying investments held by the funds, less their liabilities. The NAV is used as a practical expedient to estimate fair value.

Investments in units of pooled separate accounts held with an insurance company are valued at a daily calculated NAV and are traded at a quoted price through the National Securities Clearing Corporation. The fund operates as a stable value fund.

NOTE C | FAIR VALUE MEASUREMENTS

Registered investment companies - valued at the net asset value of shares held by the Plan at year end based on quoted market prices. Registered investment companies are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The interests in registered investment companies held by the Plan are deemed to be actively traded.

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31:

NOTE C | FAIR VALUE MEASUREMENTS

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables on the prior page are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D | INVESTMENTS IN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE

As a part of the Plan's investment portfolio, there are investments in common/collective trusts, in which purchases and withdrawals are not made in an open market. Instead, the purchases and withdrawals occur with the trusts, and in certain circumstances, those transactions were entirely controlled and/or restricted by the trusts. The fair value of these investments is determined by the management of the trusts and is reported to the Plan as the Plan's proportionate share of the net asset value of the entity.

The table below provides information relative to these investments. A detail of the common/collective trusts held can be found in the supplementary information accompanying the financial statements. Additional information on the common/collective trusts, which are direct filing entities, can be found by viewing their U.S. Department of Labor Form 5500s.

NOTE F | PLAN TERMINATION

Although it has not expressed any intention to do so, the OSD has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE G | FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed Transamerica Retirement Solutions by a letter, dated June 30, 2020, that the volume submitter plan adopted by the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). There have been no amendments to the Plan since the date of this letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G | FEDERAL INCOME TAX STATUS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE I | RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Transamerica Retirement Solutions. Transamerica Retirement Solutions is the Plan recordkeeper and, therefore, these transactions qualify as party-in-interest transactions.

NOTE J | SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for recognition and disclosure in the financial statements through July 21, 2026, which is the date the financial statements were available to be issued. Through July 21, 2026, there were no subsequent events that required recognition or disclosure in the financial statements.
