INDEPENDENT AUDITOR'S REPORT

The Trustee of
Callibrity Solutions 401(k) Plan
Cincinnati, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Callibrity Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for both the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in the Certified Investments note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Schedule Required by ERISA

The supplementary schedule, as noted in the table of contents, together referred to as “supplementary information”, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CALLIBRITY SOLUTIONS 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Callibrity Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Callibrity Solutions (the Company, Plan Sponsor, and Plan Administrator) who are age twenty-one or older. Employees will have the opportunity to become a participant immediately, once that employee satisfies those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustee oversees governance of the Plan. The Plan's Investment Advisor determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Trustee.

Effective January 1, 2025, the Plan added a service requirement to become eligible for the Plan. As of that date, employees must be age twenty-one or older and have sixty days of consecutive employment.

Participant Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document (rollovers). Participants direct the investment of their contributions into any combination of several investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3.0% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan does not include an automatic escalation policy.

Employer Contributions

The Company may make matching contributions, as well as a profit-sharing contribution to the Plan. These amounts will be determined by the Company's Board of Directors on an annual basis. For both the years ended December 31, 2025 and 2024, the Company made matching contributions equal to 100% of the participant's deferrals up to the first 3% of the participant's compensation, plus 50% of the participant's deferrals that exceed 3% but do not exceed 5% for a max of 4%. The Company made matching contributions of \$510,636 and \$623,641 for the years ended December 31, 2025 and 2024, respectively. For the year ended, December 31, 2025, the company made profit sharing contributions equal to 0.40% of an employee's compensation, given that they met certain allocation conditions as defined in the Plan document. For the year ended December 31, 2024, the Company did not make a profit sharing contribution. The Company made profit sharing contributions of \$56,059 and \$-0- for the years ended December 31, 2025 and 2024, respectively. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**Notes Receivable from Participants**

Notes receivable from participants are not allowed under this Plan.

Vesting

Participants are immediately vested in their 401(k) elective deferrals, rollover contributions, and safe harbor match plus actual earnings thereon. Vesting in the remainder of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. Vesting begins upon the completion of the second year of service, and a participant is 100% vested after six years of credited service.

Forfeitures

If a participant is not fully vested on their termination date, the non-vested amount of their account is forfeited. Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than \$5,000 will receive a lump sum amount equal to the vested portion of their account upon termination. Participants with a vested balance in excess of \$5,000 may remain in the Plan, but they may not make additional contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by defined contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts (which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Advisor determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian (see Fair Value Measurements note).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from the Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2025 and 2024 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the IRS, dated June 30, 2020. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the Plan. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at both December 31, 2025 and 2024.

The following is a description of the valuation methodology used for assets measured at fair value.

Investments Held in Pooled Separate Accounts – Valued at the net asset value (NAV) per share or its equivalent of the funds, which is based on the fair value of the funds' underlying investments.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025 and 2024:

December 31, 2025

Investments Measured at Net Asset Value (a)	\$ <u>12,988,973</u>
---	----------------------

December 31, 2024

Investments Measured at Net Asset Value (a)	\$ <u>10,300,143</u>
---	----------------------

- (a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Gains and losses included in changes in net assets available for benefits for both the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2025</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Investments Held in Pooled Separate Accounts	\$ 12,988,973	N/A	Daily	None
<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has invested in a guaranteed investment contract, The Lincoln National Life Insurance Company Guaranteed Stable Value Account, as of December 31, 2025 and 2024. Lincoln maintains the contributions in the general account. The Fund's objective is to provide income and safety of principal, as well as a fixed income investment to help balance the risks of a diversified profile. The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by The Lincoln National Life Insurance Company and Lincoln Life & Annuity Company of New York. The participating plans' assets are the unit ownership interests in the Contract. The Contract provides a fixed interest rate for a fixed period that applies to the entire guaranteed value. The interest rate is reset semi-annually as determined by The Lincoln National Life Insurance Company with consideration of the market value of the underlying investments, the anticipated market yields-to-maturity of benchmark indices of underlying investments, expected payments into and out of the Contract, amortization of the difference, if any, between the market value of underlying investments and the guaranteed value of the Contract, and the fees allowed under the Contract. The Lincoln National Life Insurance Company guarantees that the rate will never be less than 1.0%. The average yield earned by the Contract for the years ended December 31, 2025 and 2024 was 2.30% and 2.25%, respectively.

The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the fund at December 31, 2025 and 2024 was \$110,846 and \$226,447, respectively.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments from participants disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including all investments held at both December 31, 2025 and 2024, and the net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified and accurate by The Lincoln National Life Insurance Company, the custodian of the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – FORFEITURES

For the years ended December 31, 2025 and 2024, forfeitures of \$30,809 and \$9,910, respectively, were used to pay Plan expenses. For the years ended December 31, 2025 and 2024, forfeitures of \$59,394 and \$-0-, respectively, were used to offset employer contributions. As of December 31, 2025 and 2024, there were \$8,115 and \$55,433, respectively, in unallocated forfeitures.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by The Lincoln National Life Insurance Company through a pooled separate account. The Lincoln National Life Insurance Company is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Fees paid by the Plan to the custodian are included in either administrative expenses or net appreciation in fair value of investments. There are also certain fees paid by the Plan to the recordkeeper and investment advisor that qualify as party-in-interest transactions and are included in administrative expenses. The Company pays directly any other fees related to the Plan's operations.

These party-in-interest transactions are exempt from the prohibited transaction rule of ERISA.

**NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS
(Continued)**

Several employees of the Company provide administrative services to the Plan, such as day to day administration and oversight. The Company does not charge the Plan for these services.

NOTE 9 – RECONCILIATION OF NET ASSETS WITH PARTICIPANTS' ACCOUNTS

	December 31,	
	2025	2024
Balance of Participants' Accounts	\$ 13,091,704	\$ 10,471,157
Unallocated Forfeitures	8,115	55,433
Contributions Receivable	56,713	-
Net Assets Available for Benefits	<u>\$ 13,156,532</u>	<u>\$ 10,526,590</u>

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 1, 2026, which is the date the financial statements were available to be issued.

On May 19, 2026, the Plan Sponsor signed a letter of intent to sell all of the membership interests of the Plan Sponsor to a third party. The transaction has not yet closed, but if the transaction does close, the assets of the Plan will be transferred to the acquiring company's 401k plan.
