Plan Administrator and Participants
Jackson Automotive Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Jackson Automotive Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 and the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jackson Automotive Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Jackson Automotive Group, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Jackson Automotive Investments, LLC and includes the affiliated employers SJ Automotive Investments I, LLC, SJ Automotive Investments II, LLC, SJ Albany Automotive Investments, LLC, SJ Automotive Investments, Inc., SJ Automotive Investments WA, LLC, Jackson Automotive Investments, LLC and Trinity Automotive Investments, LLC, collectively the Jackson Automotive Group (the “Companies”) under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Companies. The Plan allows eligible employees to defer compensation and share in employer contributions, to save and invest for retirement.

The Plan covers substantially all employees of the Companies except those employees covered under collective bargaining agreements that do not provide for plan participation, certain nonresident aliens who have no income from sources within the United States and reclassified employees.

Each covered employee must have completed three months of service with the Companies to be eligible to participate in the Plan. Eligible employees will enter the Plan on the first day of each plan year quarter coinciding with or next following the date which eligibility requirements have been satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

In February of 2020, the operations of Trinity Automotive Investments, LLC ceased, with the former employees remaining as participants in the Plan.

Plan Administration

The Plan is administered by the Companies (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations of the Plan and to provide for prudent investment of Plan assets. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

Custody of the Plan’s assets is maintained by Empower Annuity Insurance Company of America (“EAICA”) and Empower Trust Company, LLC (collectively, the “Custodian” of the Plan). Daily operations, recordkeeping and third-party administration (“TPA”) are performed by the affiliated company Empower Retirement, LLC. Such services include annual compliance testing and preparation of Plan documents, amendments, and tax filings. The Custodian and TPA may be removed by the Companies or may resign. In any such event, the Plan Administrator will appoint a successor.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under Section 402(g) of the IRC. The Plan permits “traditional” pre-tax and “Roth” after-tax deferred compensation contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby the Companies automatically deduct 2.00% of a participant’s compensation each payroll period unless the participant makes a contrary election. The automatic deferral percentage will increase by 1.00% each year up to a maximum of 6.00% of compensation.

Jackson Automotive Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Companies may make a discretionary matching contribution equal to a uniform percentage or dollar amount based on participant elective deferrals each payroll period. Each year, the Companies determine the formula for the discretionary matching contribution. The Companies may also make non-elective contributions to the Plan to be determined at their discretion. Contributions are subject to certain limitations. In order to be eligible to receive discretionary matching contributions and non-elective contributions participants must be employed on the last day of the plan year or must be credited with at least 501 hours of service during the Plan year. The Companies did not make discretionary matching contributions or qualified non-elective contributions to the Plan during the years ending December 31, 2025 and 2024.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of investment income, appreciation (depreciation), and any related administrative expenses and distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is vested in the employer contributions in 20 percent annual increments beginning in year one and is 100 percent vested after five years of credited service. Additionally, full vesting occurs upon a participant's death or permanent disability. Participants who leave the Companies before they are fully vested in the Companies' contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivables from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest the Prime rate plus 1%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. If a participant does not repay the loan or breaches any of the obligations as set forth in the loan agreement, the note is in default. Upon default the entire principal balance and interest is immediately due and payable.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan or may elect to receive a lump-sum distribution, a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance, or annual installment payments over a specified period of time. However, if the total vested balance of the terminating participant's account is \$5,000 or less, the Plan Administrator will transfer the participant into a rollover account or pay out the balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan.

Jackson Automotive Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts and may be used to reduce the Companies' matching contributions or used to pay Plan administrative expenses, in accordance with the Plan document. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$313 and \$368, respectively. During the years ended December 31, 2025 and 2024 there were no non vested funds used to reduce the Companies' matching contributions or pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") are as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Companies. Expenses that are paid directly by the Companies are excluded from these financial statements. The Plan has no obligation to reimburse the Companies for expenses paid on their behalf. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest which approximates fair value. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Investment Valuation and Income Recognition

Investments are stated at fair value, with the exception of the fully benefit-responsive investments. Changes in fair value are reflected in operations. Mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year, and current changes in unrealized appreciation (depreciation) in the fair value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

Jackson Automotive Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan has invested in the Guaranteed Portfolio Fund (the “GPF”). The objective of the GPF is to provide safety of principal, liquidity, and a competitive rate of return. The GPF seeks to achieve this objective by investing in a broadly diversified, fixed-income portfolio within the EAICA general account. In determining the net assets available for benefits, the GPF is included in the accompanying financial statements at contract value, which represents contributions made under the contract plus earnings, less withdrawals, and administrative expenses. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are reviewed and reset on a monthly basis. Both the average yield earned by the Plan and the average yield credited to participants was 1.45 percent and 1.41 percent for the years ended December 31, 2025 and 2024, respectively. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid overtime.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities’ fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2025 and 2024, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the Net Asset Value (“NAV”) of shares held by the Plan at year end. These mutual funds are registered with the Securities and Exchange Commission and are actively traded.

Jackson Automotive Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,948,540	\$ -	\$ -	\$ 4,948,540
Total investments at fair value	<u>\$ 4,948,540</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,948,540</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,933,678	\$ -	\$ -	\$ 3,933,678
Total investments at fair value	<u>\$ 3,933,678</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,933,678</u>

The following is a description of the valuation methodologies used for investments measured at other than fair value:

Empower Investments Key Guaranteed Portfolio Fund: Valued at contract value as estimated by EAICA. Contract value is based upon a cost approach, which is equal to deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. It is the amount plan participants would receive if they were to withdraw or transfer funds within the Plan. As these investments are contract-based, observable prices for identical or similar investments do not exist.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) is complete and accurate as of and for the years ended December 31:

	2025	2024
Investments, at fair value:		
Mutual funds	\$ 4,948,540	\$ 3,933,678
Investments, at contract value:		
Guaranteed income fund	48,799	53,188
Total investments	4,997,339	3,986,866
Notes receivable from participants	42,233	42,796
	<u>\$ 5,039,572</u>	<u>\$ 4,029,662</u>
Investment income:		
Net appreciation in fair value of investments	\$ 429,919	\$ 288,438
Interest and dividend income	342,120	240,829
	<u>\$ 772,039</u>	<u>\$ 529,267</u>

5. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through August 2030. Payments include interest at reasonable and fair rates based on prevailing rates charged by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan. Participant loans earned interest of \$3,673 and \$3,040 for the years ended December 31, 2025 and 2024, respectively, and is included in the Statement of Changes in Net Assets Available for Benefits.

Jackson Automotive Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2025 and 2024, there were no reportable transactions, loans or leases in default or uncollectible, investment assets both acquired and disposed of during the Plan year, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

During the year ended December 31, 2025, the Plan inadvertently failed to deposit \$9,894 of participant elective deferrals within the required time frame as stated by the DOL. These amounts have been corrected in April and May 2025 and participant accounts have been credited. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of the Key Guaranteed Portfolio Fund, which is an insurance company general account fund issued by an affiliate of the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

9. TAX STATUS

Effective May 17, 2021, the Companies adopted the Great-West Trust Company, LLC Defined Contribution Pre-Approved Plan – Basic Plan Document No. 2. The IRS has issued an opinion letter dated June 30, 2020 stating that the plan document is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Companies are relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

10. RISK AND UNCERTAINTIES

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, such as a pandemic or international conflict, and government instability which could impact the value of investment securities. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Jackson Automotive Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

10. RISK AND UNCERTAINTIES (Continued)

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

11. RECENT LEGISLATION

In December 2022, Securing a Strong Retirement Act (“SECURE 2.0”) was passed into law. This package of laws builds on the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019. SECURE 2.0 covers numerous changes to retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers’ cost of offering and funding retirement savings plans. The provisions include both required and optional elements and the Plan Administrator will determine the optional provisions to elect. The United States Department of the Treasury and the Internal Revenue Service continue to issue guidance and regulations implementing provisions of SECURE 2.0. Many of the provisions in SECURE 2.0 were effective in 2023 and 2024, but it will not be completely implemented until 2028. The deadline for amending plan documents has been extended to December 31, 2026.

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 17, 2026, the date the financial statements were available to be issued.
