INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Semper Fi & America's Fund ERISA 403(b) Plan
Camp Pendleton, San Diego

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Semper Fi & America's Fund ERISA 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEMPER FI & AMERICA'S FUND ERISA 403(B) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of Semper Fi & America's Fund ERISA 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) defined contribution plan established by Semper Fi & America's Fund (the Plan Sponsor and Organization), for the benefit of eligible employees of the Organization and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

All employees of the Organization are immediately eligible to make elective deferrals and Roth elective deferrals upon hire under the Plan. For matching contributions and discretionary nonelective contributions, certain employees are excluded, including leased employees, nonresident aliens with no U.S. earned income, residents of Puerto Rico, and employees covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining and the agreement does not provide for participation in the Plan.

Contributions

Each year, eligible participants may contribute up to 100% of eligible compensation as pretax elective deferrals or Roth elective deferrals, subject to applicable tax law limits and the terms of the Plan. Participants may also contribute eligible rollover amounts from other qualified retirement plans. Plan compensation excludes certain items, including fringe benefits, bonuses, and vacation payouts, as defined in the Plan document and related amendments.

The Organization matches a discretionary portion of participants' annual deferral. Effective for the Plan Year ended December 31, 2025, the Organization contributed a matching contribution to each eligible participant in the Semper Fi & America's Fund ERISA 403(b) Plan equal to 100% of each participant's salary deferrals that did not exceed 3% of compensation. No discretionary nonelective contributions were made during 2025. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Organization's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's discretionary match and nonelective contributions plus actual earnings thereon is based on years of continuous service and occurs gradually. A participant becomes 50% vested at the end of 1 year of credited service and is 100% vested after 2 years of credited service. A participant becomes fully vested in the entire balance of their account upon attainment of normal retirement age, disability as defined by the Plan, death, or termination of the Plan. Any amount not vested upon a participant's separation from service is forfeited and may be used to reduce the Organization's contribution or pay Plan expenses.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Organization contributions to be used to pay administrative expenses, reduce employer contributions, or restore eligible rehire forfeiture account balances.

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled \$5,625 and \$465, respectively. During the year ended December 31, 2025, no forfeitures were used.

Note 1 - Description of Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. Participants can change their investment combinations daily.

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within five years. Interest rates on loans outstanding at December 31, 2025, ranged from 7.00% to 8.50% and were 8.50% at December 31, 2024.

Payment of Benefits

On termination of service for any reason, participants may elect to receive their vested account balance in a single lump-sum amount, installments, a rollover to another qualified retirement plan or individual retirement account (IRA), or another form permitted under the applicable funding vehicle and Plan document. Participants with vested account balances of \$1,000 or less may receive an automatic lump-sum distribution if no election is made. Participants with vested account balances greater than \$1,000 but less than \$7,000 are subject to automatic rollover to an IRA if no election is made. Participants with vested account balances of \$7,000 or more may generally leave their account balance in the Plan until required distributions commence, subject to the terms of the Plan document and applicable law. Participants may also elect in-service or hardship withdrawals subject to the terms of the Plan document and Internal Revenue Service (IRS) regulations.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions

Participant contributions are recorded in the year in which the contributions are withheld from participant compensation. Employer contributions are recorded in the year to which the contributions relate.

SEMPER FI & AMERICA'S FUND ERISA 403(B) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant's note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's expenses are paid by either the Plan or the Organization, as provided by the plan document. Expenses paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated through September 14, 2026, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by Custodian

The Plan's investments are held by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2025 and 2024 and for the year ended December 31, 2025, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments, at fair value
- Investment, at contract value
- Net appreciation in fair value of investments
- Interest and dividends

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

SEMPER FI & AMERICA'S FUND ERISA 403(B) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Note 4 - Fair Value Measurements, continued

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Pooled Separate Accounts (PSA): PSAs invest in a variety of domestic stock, international stocks, mutual funds, bonds, and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the net asset value (NAV) of each PSA is not valued using publicly quoted prices. The NAV provided by the Custodian is used as the practical expedient to estimate fair value. PSAs can be redeemed on a daily basis and each PSA has its own investment strategy. Participants should refer to each PSA's prospectus for a description of the PSA and its investment strategy. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts measured at NAV	\$ -	\$ -	\$ -	\$ 8,470,117

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts measured at NAV	\$ -	\$ -	\$ -	\$ 6,135,103

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

The investment strategies for these funds are as follows:

Bonds

These funds seek income, total return, preservation of capital, or inflation protection by investing primarily in fixed-income securities. The bond funds include exposure to U.S. government and agency obligations, investment-grade corporate debt, mortgage and asset-backed securities, inflation-protected securities, and global fixed-income securities of U.S. and non-U.S. issuers across developed and emerging markets. Risk is driven by credit quality, interest rates, duration, foreign currency/market exposure, derivatives, and mortgage or asset-backed security exposure.

DFA Inflation-Protected Securities Portfolio Inst	122,508	88,041
AB Global Bond Fund Z	50,244	33,399

Asset Allocation

These target-date/retirement asset allocation portfolios seek total return, and for the retirement income option a combination of total return and stability of principal, consistent with an asset allocation targeted to a retirement date or retirement status. The portfolios invest at least 80% of net assets in underlying passively managed index funds, which may include U.S. stocks, international stocks, U.S. bonds, and other debt instruments. Allocations vary by target date and generally become more conservative as the target retirement date approaches or is reached.

Voya Index Solution Income P Z	385,059	-

Large Cap Value

These funds provide large-cap U.S. equity exposure through a combination of broad-market index and value-oriented strategies. The Vanguard 500 Index Fund seeks to track the S&P 500 Index, which is dominated by large U.S. companies, by investing all or substantially all of its assets in the stocks that make up the index. American Funds Washington Mutual R6 seeks income and growth of principal by investing primarily in established companies with strong earnings and dividend records.

Balanced

This fund seeks conservation of capital, current income, and long-term growth of capital and income using a balanced approach. It invests in a broad range of securities, including common stocks, investment-grade bonds, U.S. government and agency securities, and may also invest in securities of issuers domiciled outside the United States.

Large Cap Growth

This fund seeks long-term capital appreciation by investing at least 80% of its assets in equity securities of large, well-established companies, generally within the market capitalization range of the Russell 1000 Growth Index at the time of purchase. The strategy emphasizes growth-oriented large-cap companies and is non-diversified, resulting in exposure to market, growth, sector, and large-cap equity risks.

Fund Names:	2025	2024
JPMorgan Large Cap Growth Fund R6	\$ 699,807	\$ 494,827

Small, Mid, and Specialty

These funds seek capital appreciation, and in certain cases current income as a secondary objective, by investing primarily in small and mid-capitalization U.S. equity securities. The group includes index strategies designed to track broad, small, and mid-cap benchmarks, as well as active value, growth, and blend strategies that invest in small and medium-sized companies. These investments generally carry higher market volatility and company-specific risk than larger-cap equity funds.

Global and International

These funds provide non-U.S. and global equity exposure through index and active growth strategies. The international index funds seek to track benchmarks of stocks issued by companies in developed and emerging markets outside the United States, while the emerging markets index fund tracks emerging market companies. The active global and international growth funds invest primarily in common stocks of companies located around the world or in Europe and the Pacific Basin that the adviser believes have growth potential. These investments are subject to foreign securities, currency, emerging markets, and market volatility risks.

Note 5 - Guaranteed Investment Contract

The Plan invests in the Voya Fixed Interest Account (the Contract), which is a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract.

Contract value, as reported to the Plan by Voya, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Voya maintains the contributions for the Contract in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The contract value of the Contract was \$125,358 and \$97,699 at December 31, 2025 and 2024, respectively.

There are no reserves against the contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The Contract does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events which would allow the issuer to terminate the Contract and settle for an amount different from contract value. The Contract provides payment options of the contract value for surrendering the Contract; however, the Organization does not intend to surrender the Contract.

SEMPER FI & AMERICA'S FUND ERISA 403(B) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Note 6 - Related-Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under Department of Labor (DOL) regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of \$2,425 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan. Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant accounts will become 100% vested.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Tax Status

The IRS has determined and informed the Plan's volume submitter sponsor by an opinion letter dated March 31, 2017, that the Volume Submitter 403(b) Plan sponsored by The Angell Pension Group Inc., which has been adopted by the Plan, is acceptable pursuant to section 403 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. The Plan has been amended since the date of the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the acceptable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.
