INDEPENDENT AUDITORS' REPORT

Plan Administrator
ATPCO 401(k) Savings Plan
Herndon, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ATPCO 401(K) SAVINGS PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the ATPCO 401(K) SAVINGS PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Trust Company LLC ("John Hancock"), a qualified institution, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the ATPCO 401(K) SAVINGS PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ATPCO 401(K) SAVINGS PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ATPCO 401(K) SAVINGS PLAN's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ATPCO 401(K) SAVINGS PLAN's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

The following description of the ATPCO 401(k) Savings Plan (the “Plan”) provides only general information. Readers of the financial statements should refer to the Plan agreement for a more comprehensive description of the Plan’s provisions.

1. **General** – The Plan is a defined contribution plan covering all employees of the ATPCO (the “Company”) who are United States citizens or foreign nationals residing in the United States. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan. The Plan’s management determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s trustees.
2. **Contributions** – Eligible participants may choose to contribute by payroll deduction up to a maximum of \$23,500 for 2025 and \$23,000 for 2024. Participants who are at least age 50 may make additional “catch-up” contributions of \$7,500 in 2025 and 2024. Under a change made in the SECURE 2.0 Act, a higher “catch-up” contribution limit applies to participants age 60 – 63 beginning in 2025. These participants may make additional catch-up contributions of \$11,250, instead of the \$7,500 for other participants age 50 – 59. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan’s provisions. The Plan has the auto-enrollment provision. Under this provision, employees who become eligible to participate are automatically enrolled in the Plan with a pre-tax contribution rate of 6%, unless otherwise elected. In addition, automatically enrolled participants will have their pre-tax contribution rate increased by 1% automatically every January 1st, until 10% is reached or another election is made by the participant. The Company matches 100% of participant contributions that do not exceed 1% of compensation, plus 50% of the amount of participant contributions exceeding 1% but not to exceed 6% of participant compensation. For the years ended December 31, 2025 and 2024, the Company contributed \$1,887,779 and \$1,641,253, respectively, in employer matching contributions. Each pay period, the Company also makes a discretionary contribution to the Plan to be allocated to employees based on their age and years of service with the Company. For the years ended December 31, 2025 and 2024, the Company contributed \$2,131,827 and \$2,202,359, respectively, in discretionary contributions.
3. **Participant Accounts** – Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their contributions and the Company’s contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. **Vesting** – Participants are 100% vested in their voluntary contributions plus actual earnings thereon. Participants’ vesting in the Company’s contributions is based on years of service. A participant becomes 100% vested in employer matching contributions after two years of service and 100% vested in employer discretionary contributions after three years of service.
5. **Forfeited Accounts** – At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$72,359 and \$209,720, respectively. These accounts can be used to reduce employer contributions to the Plan or pay administrative expenses of the Plan. Forfeitures utilized to make contributions were \$216,897 and \$462,621 for 2025 and 2024, respectively. Forfeitures utilized to pay expenses were \$1,808 for 2025 and \$-0- for 2024, respectively.

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION (Continued)

6. Payment of Benefits – On termination of service due to death, disability, or retirement, or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or elect to take partial withdrawals. In certain hardship situations, participants may withdraw their account balances while still being actively employed by the Company.
7. Participant Loans – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, reduced by the amount of the participant's highest outstanding loan balance during the previous one-year period. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates for similar loans, 1.5% over the prime rate. Principal and interest are paid ratably through regular payroll deductions, or individually through John Hancock's online portal.
8. Administrative Expenses – Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses related to investments are included in the net appreciation of fair value of investments.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**BASIS OF ACCOUNTING**

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from plan assets during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**INVESTMENT VALUATION AND INCOME RECOGNITION**

The Plan's investments are held by John Hancock. Investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Participant loans are considered delinquent when required payments are not made in accordance with the terms of the loan. A loan that is in default may be treated as a deemed distribution to the participant for federal income tax purposes. Such deemed distributions do not constitute an actual distribution of plan assets unless and until the participant's account is offset or otherwise distributed in accordance with the terms of the Plan.

BENEFIT PAYMENTS

Benefit payments to participants are recorded when paid.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Level 1 Fair Value Measurements

Mutual funds are valued at the daily closing price, as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are held with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist primarily of interest-bearing cash, corporate debt instruments, mutual funds, common stocks, and unit investment trusts that are valued on the basis of readily determinable market prices.

Level 2 Fair Value Measurements

Level 2 Fair Value Measurements are not applicable to the Plan for 2025 and 2024.

Level 3 Fair Value Measurements

Level 3 Fair Value Measurements are not applicable to the Plan for 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

<u>Assets at Fair Value as of December 31, 2025</u>

In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Common collective trusts are valued at the net asset value (“NAV”) of shares held by the Plan at year-end. NAV is determined by each fund's recordkeeper based on the fair value of the underlying securities held less liabilities held by the fund. This practical expedient is not used when it is determined to be provable that the fund will sell the investment for an amount different than the reported NAV. Plan transactions (issuance and redemptions) may occur daily. There are no restrictions on a participant's ability to redeem investments. However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws and regulations) may restrict a participant's ability to redeem the investment at its NAV.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2025 and 2024, respectively.

<u>December 31,</u> <u>2025</u>	<u>Fair</u> <u>Value</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption Frequency</u> <u>(if Currently Eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Common Collective Trusts	\$ 108,923,487	\$ —	Daily	1 day
<u>December 31,</u> <u>2024</u>	<u>Fair</u> <u>Value</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption Frequency</u> <u>(if currently eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Common Collective Trusts	\$ 30,216,637	\$ —	Daily	1 day

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2025 and 2024, are reported in investment income – net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

NOTE 4—FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract with New York Life Insurance Company. This contract meets the fully benefit-responsive investment contract's criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because that is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates were reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code; premature termination of the contracts; Plan termination or merger; changes to the Plan's prohibition on competing investment options; bankruptcy of the Plan sponsor or other Plan sponsor events, such as divestitures or spinoffs of a subsidiary, that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; a material amendment to the agreement without the consent of the issuer.

NOTE 5—INFORMATION CERTIFIED BY THE PLAN'S RECORDKEEPER

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the John Hancock has certified that the following data included in the accompanying financial statements and schedule is complete and accurate.

NOTE 5—INFORMATION CERTIFIED BY THE PLAN'S RECORDKEEPER (Continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6—PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by John Hancock, the custodian of the Plan's assets. John Hancock also provides certain administrative services to the Plan. Various fees are paid by the Plan to John Hancock for these services. Investment advisor fees are also paid by the Plan to Global Retirement Partners, LLC. All of these transactions qualify as a party-in-interest transactions. Some fees are netted against Plan earnings and some are shown directly as administrative expenses on the statements of changes in net assets available for benefits. None of the transactions with parties-in-interest are prohibited.

NOTE 7—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8—TAX STATUS

The Plan has adopted a non-standardized pre-approved plan sponsored by John Hancock Retirement Plan Services LLC for its original plan documents and amendments. The pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
