Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **DOEREN MAYHEW ASSURANCE, PC**

(2) EIN: **38-2492570**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
EECU Employees' Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the EECU Employees' Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and accumulated plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and changes in accumulated plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the EECU Employees' Pension Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the EECU Employees' Pension Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the EECU Employees' Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the EECU Employees' Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EECU EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Note 1 – Description of the Plan

General

The EECU Employees' Pension Plan (the Plan) is a noncontributory defined benefit plan that covers any eligible employee of EECU (the Credit Union). The Plan provides for retirement, disability, and survivor death benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the EECU Employees' Pension Plan is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is EECU (Plan Administrator). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of Credit Union officers and members of the human resources department that determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan's Trustees are officers of the Credit Union. The Plan's Investment Custodian is Standard Insurance Company. The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. Standard Insurance Company provides administration and recordkeeping services to the Plan. Standard Retirement Services, Inc. provides actuarial services to the Plan.

Eligibility

The Plan covers any eligible employee of EECU who has completed 12 months of service working at a rate of 1,000 hours and attainment of age 21. Participants enter the Plan on the first day of the month following completion of the eligibility requirements.

Pension Benefits

Benefits for retired or terminated employees or their beneficiary and the accumulated benefits for active employees are based on 45% of the average of the employee's most recent 10 consecutive calendar year's compensation reduced pro-rata for service less than 25 years. Normal retirement for salaried employees is age 65, with 25 years of service to receive full retirement benefits. A participant is eligible for early retirement upon attaining the age of 60 and completing a minimum of 10 years of service. Those participants who elect early retirement will receive a reduced monthly pension benefit.

The normal form in which employees will receive their pension benefits is a 10 Year Certain and Life Annuity. However, employees with \$1,000 or less in accumulated pension benefits who terminate employment prior to retirement, death or disability will receive a lump-sum or rollover distribution equal to the present value of their accumulated pension benefits. Employees with more than \$1,000 in accumulated pension benefits who terminate employment prior to retirement, death or disability will receive a deferred vested retirement benefit payment upon reaching normal retirement age (employees who have 10 years of service can begin to receive benefit payments at age 60). However, employees who terminate with less than five years of service will forfeit the right to receive their accumulated pension benefits.

Upon commencement of their retirement, an employee may elect one of nine types of annuities depending on if they wish to have their spouse or beneficiary to continue to receive payments upon their death after retirement.

EECU EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Death Benefits

If a participant dies prior to commencement of their retirement the participant's surviving spouse will be eligible for a Qualified Preretirement Survivor Annuity. Payment of a Qualified Preretirement Survivor Annuity to a participant's surviving spouse shall commence as of the later of December 31st of the calendar year immediately following the calendar year in which the participant died or December 31st of the calendar year in which the participant would have attained age 70 1/2. Payment to any other designated beneficiary shall commence no later than December 31st of the calendar year immediately following the calendar year in which the participant died. If a participant's surviving spouse dies before the date as of which payment of the Qualified Preretirement Survivor Annuity is to commence or the participant is not married at the date of death, no Qualified Preretirement Survivor Annuity shall be paid. Payment of a Qualified Preretirement Survivor Annuity shall continue to a participant's surviving spouse for the spouse's lifetime.

Vesting

Benefits are subject to a cliff vesting schedule based on years of service. A participant is 100% vested after five years of credited service. Participants also become 100% vested in employer contributions when termination of employment is the result of attaining retirement age and upon death, while still employed.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Contributions are recorded when authorized and in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian and investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

EECU EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Actuarial Present Value of Accumulated Benefits

Accumulated benefits are those estimated future periodic payments that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated benefits include benefits to be paid to retired or terminated employees or their beneficiaries, and current employees or their beneficiaries.

Actuaries from Standard Retirement Services, Inc. estimated the actuarial present value of accumulated benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2026 and 2025 were: (a) life expectancy of participants (for 2025 and 2024: PRI-2012 Total Dataset Amount-Weighted Mortality with SOA MP-2021), (b) retirement age assumptions (the assumed average age was age 65) and (c) the interest rate assumptions (a discount rate of 6.25% was used for both years). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

Interest rates used for actuarial calculations to measure the funding target are based on a modified yield curve. Benefit obligations expected to be paid in the next 5 years are discounted with a short-term corporate bond rate. Obligations expected to be paid more than 5 years but less than 20 years from now are discounted using an intermediate corporate bond rate. Obligations expected to be paid more than 20 years from now are discounted with a long-term bond rate. For the year ended December 31, 2025, the three interest rates were 4.81%, 5.25%, and 5.69% for short-term, intermediate-term and long-term, respectively. For the year ended December 31, 2024, the three interest rates were 5.07%, 5.31%, and 5.50%, for short-term, intermediate-term and long-term, respectively.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded at the time of distribution.

Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees are paid directly by the Plan Sponsor. Other fees and expenses relating to the day-to-day plan operations are paid by the Plan. These fees are recorded when paid. Direct fees for custodian and actuarial services are paid by the Plan and are also included in administration expenses. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Reclassifications

Certain reclassifications were made to prior year's financial statements to conform with current year's presentation.

EECU EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 9, 2026, which is the date the financial statements were available to be issued.

Subsequent to year end, the Plan was amended to close the EECU Employees' Pension Plan to new hires and rehires effective January 1, 2027. Existing participants will continue to accrue benefits under the Plan's current provisions.

Note 3 – Unaudited Investment Information Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Standard Insurance Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EECU EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

The following is a description of the valuation methods used for assets measured at fair value. The pooled separate accounts were excluded from the fair value table in the prior year and disclosed at net asset value (NAV). This was changed for the year ended December 31, 2025 based on industry guidance.

Pooled separate accounts: Group annuity investment vehicles established and maintained by an insurance company. Valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly. The market price of the fund and the unitized pricing model are both used, and the inputs for both are readily available to the Plan.

Stable asset fund: The Stable Asset Fund is an insurance contract whose fair value represents contributions made plus accrued interest income less amounts withdrawn to pay benefits and expenses. The Plan's Stable Asset Fund is a general liability against Standard Insurance Company. The Stable Asset Fund is classified as Level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total

Note 5 – Stable Asset Fund

The Plan has entered into an investment contract with Standard Insurance Company (The Standard) with regard to the Stable Asset Fund (SAF). The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administration expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the SAF is an investment contract, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The contract is presented on the face of the statements of net assets available for benefits at fair value (which approximates its contract value). Fair value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administration expenses.

There are no reserves against the SAF for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2025 and 2024 was \$34,029,819 and \$32,321,002, respectively. The fair value is the amount which is payable on demand on the reporting date. The investment contract is a general liability of Standard Insurance Company and there are no separate identifiable assets.

EECU EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Certain events may limit the ability of the Plan to transact at contract value with The Standard. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value are remote. No events are probable of occurring that might limit the ability of the Plan and participants to transact at contract value with the issuer.

In the event that the full value of the account could not be paid upon demand, such as amounts subject to the SAF market value adjustment, the "fair value" estimates are based upon "demand value" for the contract. The "demand value" is the amount due to the contract holder under the surrender provisions of the contract. The Plan Administrator has determined that the occurrence of circumstances resulting in a fair value adjustment are remote.

Interest is credited to the SAF using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Such interest rates are set in response to several factors including the totality of investments previously made by participants, their anticipated payout timing requirements, the current investment climate, contractual minimum interest rate guarantees, competitive requirements and required return on invested capital supporting the product. The average yield credited to the Plan was approximately 2.04% and 1.65% for 2025 and 2024, respectively.

Note 6 – Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Standard Insurance Company, who is the Plan's Custodian. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 7 – Funding Policy and Administrative Fees

The Plan is funded by contributions made by the Credit Union. The Credit Union's funding policy is to, at a minimum, make contributions to the Plan as recommended by the Plan's actuary. No contributions were required to satisfy the minimum funding requirements of ERISA for the year ended December 31, 2025. Contributions of \$3,000,000 were made for the year ended December 31, 2024.

In order for Standard Insurance Company to provide administrative services to the Plan, it charges an amount necessary to cover certain expenses. Administrative expenses are paid from plan assets. Certain administrative functions are performed by officers and employees of the Credit Union. Administrative expenses, including salaries and overhead, are paid directly by the Credit Union. Expenses that are paid directly by the Credit Union are excluded from these financial statements. In addition, certain investment related expenses are included in net appreciation or depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

EECU EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Note 8 – Plan Tax Status

The Plan utilizes a non-standardized pre-approved defined benefit plan document. This document has been filed with the IRS by the Plan Sponsor for purposes of obtaining a favorable determination letter. The most recently obtained determination letter is dated July 31, 2021. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan was most recently amended and restated effective January 1, 2024 in conjunction with IRS Cycle 3 restatement requirements.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2025 and 2024. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidelines.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, the rights of all participants in the amount of their benefits accrued to the date of termination, to the extent then funded become nonforfeitable.

In the event that the Plan is terminated, the net assets of the Plan will be divided among participants and beneficiaries in accordance with the following priorities:

- a. To provide benefits to former participants who have retired under the Plan prior to its termination.
- b. To provide benefits to participants who have reached the Plan's Normal Retirement Date but have not yet retired as of the date of plan termination.
- c. To provide benefits to participants who have not reached the Plan's Normal Retirement Date in the order that each participant will attain the Normal Retirement Date. The benefit is based on the participants' accrued benefits at the time of termination.
- d. Any excess funds will revert to the Plan Sponsor as specified in the plan agreement.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date the Plan is terminated. There is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

EECU EMPLOYEES PENSION PLAN

Appendix A – Summary of Principal Plan Provisions

*For attachment to 2025 Schedule SB, Part V – Summary of Plan Provisions
EIN 75-0275915 / PN 003*

Original Effective Date:	January 1, 2005.
Plan Restatement:	January 1, 2024.
Subsequent Amendments:	None
Employee:	The term "Employee" means an individual employed by the employer, excluding independent contractors but including leased employees. The term "Eligible Employee" excludes (a) any non-resident alien with no U.S. source income, (b) an individual who provides services pursuant to a written agreement that indicates exclusion from the plan, and (c) an individual reclassified as a common law employee.
Participation:	Employees enter the plan the first of any month following completion of twelve months of service working at a rate of 1,000 hours and attainment of age 21. A Participant accrues a year of service for each plan year in which he or she works at least 1,000 hours.
Benefit Service:	The sum of the plan years during which a Participant has at least 1,000 hours of service. An Eligible Employee may be credited with up to 15 years of Benefit Service for Service performed prior to the Effective Date. Pre-merger Service for former employees of Fort Worth Telco Credit Union are disregarded.
Vesting Service:	The sum of the plan years in which the employee has been credited with 1,000 hours of service. No Vesting Service shall be credited for periods preceding January 1, 2005. For purposes of TELCO early retirement benefit eligibility, vesting service includes periods of service commencing on the TELCO date of hire.
Normal Retirement Date:	The first day of the calendar month coincident with or next following the attainment of age 65.
Early Retirement Date:	Any Participant who has attained age 60 and completed 10 years of Benefit Service may elect early retirement on the first day of any calendar month following the termination of service. In this case, the amount of the retirement benefit earned on the basis of service to date is reduced 5% per year preceding his Normal Retirement Date. A former TELCO participant who has attained age 55 and completed 15 years of Vesting Service may elect early retirement of the frozen TELCO pension benefit on the first day of any calendar month following the termination of service. In this case, the amount of the retirement benefit is reduced 6.67% per year for the first five years and 3.33% for each of the earlier years prior to Normal Retirement Date.

EECU EMPLOYEES PENSION PLAN

Appendix A - Summary of Principal Plan Provisions (cont.)

<i>Late Retirement:</i>	Retirement may be postponed beyond the Normal Retirement Date, in which case the Participant can continue to accrue benefits.
<i>Compensation:</i>	The forms of income reported by the Employer to the Internal Revenue Service for federal income tax purposes, plus amounts contributed pursuant to a salary reduction agreement which are includable in the gross income of the Participant under Code Sections 125, 402(g)(3), or 457. This does not include amounts attributable to services provided for any Credit Union Service Organization (CUSO). Compensation used to calculate benefits cannot exceed \$350,000 in 2025, or such greater amount as may result from future cost-of-living increases.
<i>Basic Monthly Earnings:</i>	Average Compensation paid to a Participant for Service performed during the 10-consecutive-calendar-year period prior to termination of employment, provided that the Participant is credited with at least 1,000 hours as an Eligible Employee in each of the calendar years. Compensation paid during the year of termination shall be excluded, unless the Participant terminated employment on the last business day of the calendar year. Compensation prior to January 1, 2002, is excluded for purposes of this calculation.
<i>Retirement Benefit:</i>	The Normal Retirement Benefit is the sum of (1) and (2): (1) 45% of Basic Monthly Earnings reduced proportionately for less than 25 years of Benefit Service. The earned accrued benefit is a fraction of the Normal Retirement Benefit, multiplied by the ratio of (a) actual years of Benefit Service earned to date, divided by (b) potential years of Benefit Service at the Participant's Normal Retirement Date (or actual date of retirement if later). (2) Frozen TELCO pension benefit.
<i>Maximum Benefit:</i>	The maximum annual benefit payable at age 65 as a straight life annuity is \$280,000 in 2025. The maximum limitation for other forms is adjusted to be actuarially equivalent in accordance with the plan document and is also subject to various legal adjustments and limitations specified in the plan document.
<i>Disability Benefit:</i>	If a Participant becomes totally and permanently disabled, he will continue to accrue service credit for each year during which he remains disabled. Should the Participant no longer be disabled, he will be treated as a terminated Participant.
<i>Death Benefit:</i>	In the event of a Participant's death before retirement but after becoming vested in a portion of the accrued benefit, the death benefit will be payable to the surviving spouse in the form of a Qualified Preretirement Survivor Annuity.

Appendix A - Summary of Plan Provisions (cont.)

Termination Benefit:

A terminating Participant who has completed 5 years of service is entitled to receive a vested monthly benefit starting on his Normal Retirement Date. The amount of the benefit is the Normal Retirement Benefit earned on the basis of service and salary to termination date multiplied by the appropriate vested percentage from the following table:

Years of Service	Vested Percentage
Less than 5 years	0%
5 or more years	100%

Vesting service is not credited prior to the plan effective date. Additionally, a Participant shall be 100% vested upon his death while an Employee, or at his attainment of Normal Retirement Age while an Employee.

Normal Form of Benefit:

The normal annuity form is a monthly income payable as a 120-month Certain & Life Annuity. The automatic form to a married Participant is a subsidized Qualified Joint and 1/2 Survivor Annuity. At the Participant's option, retirement income may be paid on a certain and life basis, on a different joint and survivor basis, or as a straight life annuity.
