Independent Auditors' Report

Plan Administrator
Alpha Plastics, Inc.
401(k) Profit Sharing Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Alpha Plastics, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of January 13, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period beginning January 1, 2023 and ended January 13, 2023 and for the year ended December 31, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 13, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period beginning January 1, 2023 and ended January 13, 2023 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis Of Matter – Plan Merger

As discussed in Note 1 to the financial statements, the Plan was merged into another plan effective January 13, 2023. Our ERISA Section 103(a)(3)(c) audit opinion is not modified with respect to this matter.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
January 13, 2023 And December 31, 2022

1. Description Of The Plan

The following description of Alpha Plastics, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of Alpha Plastics, Inc. d/b/a Alpha Packaging (the Company or Plan Sponsor). The Plan document was amended and restated with an effective date of April 26, 2021. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In 2021, the Company was acquired by Pretium Packaging, LLC (Pretium). The participants of the Plan became eligible to participate in Pretium's 401(k) plan and the Plan Sponsor discontinued employee participation in the Plan effective April 2022. The Plan Sponsor merged the Plan into Pretium's 401(k) on January 13, 2023.

Eligibility

Employees were immediately eligible to contribute to the Plan and receive Company contributions upon hire, if they are age 21 or older. Leased employees, as well as those covered by a collective bargaining agreement, were not eligible to participate in the Plan.

Contributions

The Plan provided for automatic enrollment for employees that met the eligibility requirements. Employees had the option to decline enrollment. Automatic enrollment contributions of 3% began on the first payroll period beginning after an employee had met the eligibility requirements. Participants could contribute up to 100% of annual eligible compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also elect to make after-tax contributions to a Roth account.

The Company's matching contributions were discretionary and determined as a percentage of participant elected deferrals. There were no contributions for the period beginning January 1, 2023 and ended January 13, 2023. For the year ended December 31, 2022, the Company contributed 50% of the first 12% of base compensation that a participant contributed to the Plan.

ALPHA PLASTICS, INC.
401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Discretionary profit sharing contributions were determined annually by the Company's Board of Directors. Profit sharing contributions were allocated to each participant based upon the ratio of the participant's compensation to the total compensation for the Company. The Company did not make profit sharing contributions for the period beginning January 1, 2023 and ended January 13, 2023 or for the year ended December 31, 2022.

Vesting

Participants were 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon was based on years of service with no vesting up to three years of service. Participants were fully vested after three years of service.

Forfeitures

Forfeitures of nonvested participant balances were used to pay Plan expenses or reduce the Company's contributions. There were no forfeitures used for the period beginning January 1, 2023 and ended January 13, 2023. For the year ended December 31, 2022, forfeitures of \$140,521 were used to reduce Company contributions and Plan expenses. Forfeitures of \$115,890 were transferred to the Pretium 401(k) plan due to the Plan merger. Unallocated forfeitures were \$115,846 as of December 31, 2022.

Participant Accounts

Each participant's account was credited with the participant's contributions, Company contributions and an allocation of Plan earnings (losses). Participant accounts were charged with an allocation of administrative expenses that are paid by the Plan. Allocations were based on participant earnings (losses), account balances, or specific participant transactions. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Payment Of Benefits

Upon termination of service, a participant could request a distribution equal to the value of the vested interest in his or her account. The participant could elect to receive the distribution as a lump-sum, in substantially equal installments, depending on the size of the participant's account balance at the time of termination.

Notes To Financial Statements (*Continued*)

In-Service Withdrawals

A participant could also elect to receive an in-service distribution upon attaining age 59 ½ or having incurred a financial hardship as defined by the Plan. Participants could only receive a distribution from the employee deferral portion of their account for a hardship distribution.

Administrative Expenses

Plan expenses primarily consisted of recordkeeping, administration, and advisory fees. Fees related to the administration of benefit payments to participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net change in fair value of investments. Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments in the accompanying statement of changes in net assets available for benefits includes realized gains (losses) and unrealized appreciation (depreciation).

ALPHA PLASTICS, INC.
401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Investment contracts held by a defined benefit contribution plan that are fully-benefit responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract and is reported at contract value in the statements of net assets available for benefits.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of January 13, 2023 and December 31, 2022, and for the period beginning January 1, 2023 and ended January 13, 2023 and for the year ended December 31, 2022, included throughout the Plan's financial statements that was prepared by or derived from information certified by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Empower that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements related to the following assets as of:

	January 13, 2023	December 31, 2022
Mutual funds	\$ —	\$ 24,309,084
Fully benefit-responsive investment contract at contract value	—	2,300,948

ALPHA PLASTICS, INC.
401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Empower also certified to the completeness and accuracy related to the following investment income (loss):

	For The Period Beginning January 1, 2021 And Ended January 11, 2023	For The Year Ended December 31, 2022
Net change in fair value of investments	\$ 1,004,983	\$ (7,284,273)
Interest and dividends	6,195	1,062,188

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

ALPHA PLASTICS, INC.
401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	January 13, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ —	\$ —	\$ —	\$ —

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,309,084	\$ —	\$ —	\$ 24,309,084

There have been no changes in the valuation methodology used at January 13, 2023 or December 31, 2022.

5. Fully Benefit-Responsive Investment Contract

Plan investments included a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America. Contributions were maintained in a general account. The investment account issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

As described in Note 2, because the guaranteed interest account was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the account. Contract value, as reported to the Plan by Empower Annuity Insurance Company, represented contributions plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on an agreed-upon schedule with the issuer and was reset on a quarterly basis.

Certain events could limit the ability of the Plan to transact at contract value. Such events included, but not limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification.

The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Due to the merger of the Plan, the investment contract became an asset of the Pretium 401(k) plan effective January 13, 2023.

401(k) PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

6. Income Tax Status

The Plan used a defined contribution pre-approved plan document. The pre-approved document sponsor received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 in which the IRS stated that the pre-approved plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The Plan had been amended since receiving the opinion letter. The Plan itself had not received a determination letter from the IRS. However, the Plan Administrator and the Plan's counsel believed that the Plan was currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress.

7. Party In Interest Transactions

Plan investments included a guaranteed investment contract managed by Empower. Therefore, those transactions qualified as allowable party in interest transactions.

8. Reconciliation Of Financial Statements To Form 5500
