INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Asbestos Workers Local No. 84 Annuity Plan
Indianapolis, IN

Opinion on the Financial Statements

We have audited the accompanying financial statements of Asbestos Workers Local No. 84 Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Asbestos Workers Local No. 84 Annuity Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Asbestos Workers Local 84 Annuity Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter – 2024 Financial Statements

The financial statements of the Plan for the year ended December 31, 2024, were audited by another auditor whose report, dated August 14, 2025, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Asbestos Workers Local No. 84 Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Asbestos Workers Local No. 84 Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Asbestos Workers Local No. 84 Annuity Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ASBESTOS WORKERS LOCAL NO. 84 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1 – DESCRIPTION OF PLAN

The following brief description of the Asbestos Workers Local No. 84 Annuity Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more comprehensive description.

General

The plan is a multi-employer defined contribution annuity plan covering all union member employees of participating employers of the Asbestos Workers Local No. 84 Union who meet minimum service requirements. An employee will become eligible at the beginning of the Plan year during which he/she completed at least one hour of covered service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Retirement Benefits

Each participant who has attained normal retirement age is entitled to annuity benefits. Normal retirement age means the date upon which the participant attains the age of 65.

The Plan permits early retirement for a participant who has attained early retirement age. Early retirement age means the first day of the month after a participant attains the age of 55. Normal retirement benefits will be paid as a qualified joint and 50% survivor annuity, unless the participant and spouse elect otherwise or unless the participant has no surviving spouse.

Death Benefits

If a participant is receiving benefits, has waived the 50% joint and survivor benefit, and dies prior to the full amount of his/her account being distributed, the participant's beneficiary is eligible to receive a continuation of benefits until the remainder of the account is distributed in full. If the participant dies prior to the commencement of benefits, the spouse is entitled to receive a qualified pre-retirement survivor benefit.

Disability Benefits

Disability benefits are available for a participant who becomes totally and permanently disabled.

Contributions

Participating employers are required to make contributions for each hour worked on behalf of each active union member. The hourly contribution rate for wage rates was \$5.39 for January 1, 2024, through May 31, 2024, and with participants contributing \$1.00 per hour to the flex contribution account from January 1, 2024, through May 31, 2024. The hourly contribution rate for category one wage rates was \$5.40 for June 1, 2024, through May 31, 2025, with participants contributing \$1.34 per hour to the flex contribution account from June 1, 2024, through May 31, 2025.

ASBESTOS WORKERS LOCAL NO. 84 ANNUITY PLAN**NOTES TO FINANCIAL STATEMENTS**

December 31, 2025 and 2024

The hourly contribution rate for category one wage rates was \$5.40 for June 1, 2025, through December 31, 2025, with participants contributing \$1.84 per hour to the flex contribution account from June 1, 2025, through December 31, 2025. As of January 1, 2023, participants may elect whether 100% flex contributions go to the annuity fund or the participants' health savings account, or a 50% / 50% allocation between the two funds.

Contributions Receivable

Employer contributions due and unpaid at year-end are recorded as contributions receivable. The Plan evaluates contributions receivable for expected credit losses. Management considers historical collection experience, the financial condition of contributing employers, current economic conditions, and other relevant factors in estimating expected credit losses. Based on this evaluation, management determined that no allowance for expected credit losses was necessary as of December 31, 2025 and 2024.

Participant Accounts

Participants direct the investment of their contributions into the various fund options offered by the Plan. Each participant's account is credited with the employer's contributions, allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have immediate vesting rights to their accounts.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

ASBESTOS WORKERS LOCAL NO. 84 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on the investments purchased and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Concentrations of Credit Risk

The Plan maintains cash balances with regulated financial institutions. Balances with the financial institutions may exceed insured limits.

Subsequent Events

The Plan has evaluated subsequent events through August 20, 2026, the date the financial statements were available to be issued.

3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

ASBESTOS WORKERS LOCAL NO. 84 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of the relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – valued at the daily closing price reported by the Fund. The funds are open-ended and are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

Money market funds – Valued at the closing price reported by the fund sponsor on an actively traded exchange.

Common/Collective Trust – Valued at the net asset value (“NAV”) of units held by the Plan at year-end, as reported by the trustee or investment manager of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. Investments measured at NAV as a practical expedient have not been classified within the fair value hierarchy.

The following tables set forth the Plan's investments as of December 31, 2025 and 2024:

Participant-Level Daily Liquidity: Individual union participants may buy or redeem units on any business day. Redemptions are valued at the Net Asset Value (NAV) calculated at the close of the New York Stock Exchange. Payouts are made at full book value (principal plus accrued interest) for normal plan events. Eligible events include retirement, termination, disability, death, or approved financial hardship loans.

Plan Sponsor-Level Exit Provisions (12-Month Put Notice): If the Joint Board of Trustees terminates the MetLife Group Annuity Contract, the fund enforces a 12-month advance written notice period (the "Put Notice"). Payout at the end of the 12 months is executed at full contract book value.

Plan Sponsor Market Value Adjustment (MVA): If the union plan trustees demand an immediate cash liquidation without fulfilling the 12-month Put Notice requirement, the liquidation value will equal the lesser of the Contract Book Value or the current Market Value of the underlying institutional bond portfolio.

4 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated October 20, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan sponsor and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

ASBESTOS WORKERS LOCAL NO. 84 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Accounting principles generally accepted in the United States of America require Plan administration to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, all assets of the Plan, net of accrued or incurred expenses will be allocated among the existing accounts.

6 – CONCENTRATIONS OF CREDIT RISK

The Plan maintains a checking account in a commercial bank, which exceeds the \$250,000 secured amount of the FDIC.

The Plan receives employer contributions from participating employers. For the year ended December 31, 2025, the Plan received contributions from 19 participating employers. One employer accounted for 15% of the total contributions to the plan for the year ended December 31, 2025, and the five largest contributing employers accounted for approximately 65% of the total contributions.

Management monitors contribution levels and employer participation to assess the ongoing financial health of the Plan. The concentration of contributions from a limited number of employers represents a risk factor that could affect the Plan's future contribution income if one or more of these employers were to significantly reduce workforce levels, cease operations, or withdraw from participation in the Plan.

7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 – PARTY-IN-INTEREST

The Plan has several arrangements with service providers for administrative expenses. These transactions are considered party-in-interest transactions.
