Independent Auditors' Report

**The Plan Administrator
Fleetio 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the 2025 financial statements of the Fleetio 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statements of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 financial statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 3, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(1) Description of plan

The following description of the Fleetio 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for employees of Rarestep Inc., d/b/a Fleetio ("Plan Sponsor"). The plan covers all full-time employees of the Plan Sponsor who have three months of service and are age 18 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions of up to 75% of their compensation to the Plan which are deductible by the Participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Participants may also elect to make contributions on an after-tax basis in the form of Roth contributions. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employees meeting the eligibility requirements as defined by the plan agreement are automatically enrolled in the Plan and 6% of each Participant's compensation is deferred each pay period. Participants may change their salary deferral percentage at any time. Participants have the option to elect in the annual increase program, which will automatically increase the participant's contribution rate each year by an annual increase decided by the participant, up to the lesser of 75% eligible compensation or the IRS maximum limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan provides for a matching contribution of 100% of the participant's contributions up to 4% of the participant's eligible compensation contributed to the plan.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings (losses), and administrative expenses paid by the plan. Allocations are based on participant compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(d) Vesting

Participants are immediately 100% vested in their voluntary contributions to the 401(k) plus any rollovers, plus actual earnings thereon. Vesting in the Plan Sponsor's portion of the participant accounts is based on years of service. A participant vests in increments of 25% beginning after one year of credited service, becoming 100% vested upon completion of four years of service.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the respective Participants' accounts and bear interest at a rate commensurate with local prevailing rates, ranging from 8.00% to 9.50% at December 31, 2025. Principal and interest are collected ratably through monthly payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant will receive an amount equal to his or her entire account balance either as a lump sum, a direct rollover to an eligible retirement plan, as amended, or a combination thereof. The plan also allows employees to withdraw vested balances starting at age 59½. Distributions are subject to the applicable provisions of the Plan.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Employer contribution portion of their accounts. Forfeitures are used to pay plan administrative expenses and to reduce employer contributions to the Plan. Forfeitures of \$234,950 and \$45,565 were used to reduce employer contributions during 2025 and 2024, respectively. At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$25,391 and \$105,524, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's vested account balance.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses of maintaining the Plan and expenses related to the administration of notes receivable from Participants are paid from Plan assets and are included in administrative expenses. Certain fees incurred by the Plan for the investment management services are netted within net appreciation in the fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of participant notes receivable are charged directly to the participant's account and are included in administrative expenses as incurred. If the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and September 11, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity").

(4) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for asset measurement at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- (i) *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- (ii) *Money market fund*: Valued at the closing price reported on the active market on which the individual security is traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

The following tables set forth by level, within the fair value hierarchy as of December 31, 2025 and 2024:

Total assets in the fair value hierarchy	\$ <u>21,486,069</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>21,486,069</u>

Fair Value Measurements as of December 31, 2024 Using the Following Inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,568,682	\$ -	\$ -	\$ 13,568,682

Total assets in the fair value hierarchy	\$ <u>13,674,205</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>13,674,205</u>

(5) Income tax status

The Plan Sponsor adopted a pre-approved profit sharing plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. Although a determination letter has not been obtained for the Plan itself, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

Certain plan investments are shares of mutual funds and a money market fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions. As described in Note (1), the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

Notes to the Financial Statements

December 31, 2025 and 2024

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024.

Change in net assets available for benefits per the financial statements	\$ 5,614,119
Change in Plan Sponsor contributions receivable	34,820
Change in employee contributions receivable	<u>61,625</u>
Change in net assets available for benefits per the Form 5500	\$ <u>5,710,564</u>

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Independent Auditors' Report

**The Plan Administrator
Fleetio 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the 2025 financial statements of the Fleetio 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statements of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 financial statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 3, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(1) Description of plan

The following description of the Fleetio 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for employees of Rarestep Inc., d/b/a Fleetio ("Plan Sponsor"). The plan covers all full-time employees of the Plan Sponsor who have three months of service and are age 18 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions of up to 75% of their compensation to the Plan which are deductible by the Participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Participants may also elect to make contributions on an after-tax basis in the form of Roth contributions. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employees meeting the eligibility requirements as defined by the plan agreement are automatically enrolled in the Plan and 6% of each Participant's compensation is deferred each pay period. Participants may change their salary deferral percentage at any time. Participants have the option to elect in the annual increase program, which will automatically increase the participant's contribution rate each year by an annual increase decided by the participant, up to the lesser of 75% eligible compensation or the IRS maximum limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan provides for a matching contribution of 100% of the participant's contributions up to 4% of the participant's eligible compensation contributed to the plan.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings (losses), and administrative expenses paid by the plan. Allocations are based on participant compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(d) Vesting

Participants are immediately 100% vested in their voluntary contributions to the 401(k) plus any rollovers, plus actual earnings thereon. Vesting in the Plan Sponsor's portion of the participant accounts is based on years of service. A participant vests in increments of 25% beginning after one year of credited service, becoming 100% vested upon completion of four years of service.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the respective Participants' accounts and bear interest at a rate commensurate with local prevailing rates, ranging from 8.00% to 9.50% at December 31, 2025. Principal and interest are collected ratably through monthly payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant will receive an amount equal to his or her entire account balance either as a lump sum, a direct rollover to an eligible retirement plan, as amended, or a combination thereof. The plan also allows employees to withdraw vested balances starting at age 59½. Distributions are subject to the applicable provisions of the Plan.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Employer contribution portion of their accounts. Forfeitures are used to pay plan administrative expenses and to reduce employer contributions to the Plan. Forfeitures of \$234,950 and \$45,565 were used to reduce employer contributions during 2025 and 2024, respectively. At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$25,391 and \$105,524, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's vested account balance.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses of maintaining the Plan and expenses related to the administration of notes receivable from Participants are paid from Plan assets and are included in administrative expenses. Certain fees incurred by the Plan for the investment management services are netted within net appreciation in the fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of participant notes receivable are charged directly to the participant's account and are included in administrative expenses as incurred. If the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and September 11, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity").

(4) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

FLEETIO 401(K) PLAN

Notes to the Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for asset measurement at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- (i) *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- (ii) *Money market fund*: Valued at the closing price reported on the active market on which the individual security is traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Income tax status

The Plan Sponsor adopted a pre-approved profit sharing plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. Although a determination letter has not been obtained for the Plan itself, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

Certain plan investments are shares of mutual funds and a money market fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions. As described in Note (1), the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024.

Change in net assets available for benefits per the financial statements	\$ 5,614,119
Change in Plan Sponsor contributions receivable	34,820
Change in employee contributions receivable	<u>61,625</u>
Change in net assets available for benefits per the Form 5500	\$ <u>5,710,564</u>

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
