Independent Auditor's Report

Plan Administrator and Participants
Farmer Boy Ag, Inc. 401(k) Profit Sharing Plan
Myerstown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the financial statements of Farmer Boy Ag, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from issuance.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FARMER BOY AG, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 (with comparative information at 2024)

1. Description of the Plan and summary of significant accounting policies:

The following description of the Farmer Boy Ag, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Farmer Boy Ag, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and enrollment:

Employees are eligible to participate after one year of service and who have attained the age of 18 or older. All eligible employees are automatically enrolled in the Plan, when they become eligible, at a pretax contribution rate of 4%. Participants may waive their right to participate during a reasonable time period before their enrollment date or during the first 60 days after their participation date, and the value of the participant contribution account will be returned to the participant.

Contributions:

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may designate all or a portion of their contribution as a Roth contribution. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

After one year of service, the Employer contributes a 25% match for the first 4% that the participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Employer's board of directors. Profit sharing in the amount of \$1,435,000 and \$1,110,000 was reported as an Employer receivable in 2025 and 2024, respectively.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings and is charged with an allocation of Plan losses and expenses. Allocations are based on the participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions, plus earnings thereon. The Employer's contribution portion of their accounts, plus earnings thereon, vests over a six-year period becoming 20% vested after two years of credited service and increasing 20% per year of service thereafter.

FARMER BOY AG, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 (with comparative information at 2024)

1. Description of the Plan and summary of significant accounting policies (continued):

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest between 3.74% to 8.74% at December 31, 2025, which is commensurate with local prevailing rates as determined at the time of the loan by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions. Repayment terms range from one to five years or greater for the purchase of a primary residence.

Notes receivable from participants are measured at the unpaid principal balance, plus unpaid accrued interest. The Plan classifies all participant loans with no payments received for six months as in default. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2025, there were \$2,662 noted as deemed distributions.

Payment of benefits:

Upon termination of service, death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, installment payments, a life annuity or a joint and survivor annuity. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Account balances that are under \$1,000 may be automatically paid out at the discretion of the Employer. Balances between \$1,000 and \$5,000 may be transferred to an Individual Retirement Account, also at the discretion of the Employer.

Forfeiture account:

The forfeited non-vested account balance totaled \$15,891 and \$27,927 at December 31, 2025 and 2024, respectively. Forfeited account balances are used to reduce future Employer contributions, as defined in the Plan. Forfeitures of \$27,927 were used during the year ended December 31, 2025.

Administrative expenses:

The Plan generally pays all administrative fees, as prescribed in the Plan document and service agreements.

Basis of accounting:

The accompanying financial statements have been prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are valued at fair value. Investments in mutual funds and common stocks are valued at quoted market price, which is available on the active market.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

FARMER BOY AG, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 (with comparative information at 2024)

1. Description of the Plan and summary of significant accounting policies (continued):

Investment valuation and income recognition:

The net appreciation (depreciation) in the fair value of the Plan's investments, included in the statement of changes in net assets available for benefits, consists of the realized gains or losses and the unrealized appreciation (depreciation) on investments.

Payment of benefits:

Benefit payments to participants are recorded when paid.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Certification of Plan assets and transactions:

The Plan's cash, including interest-bearing cash, and investments are held by Matrix Trust Company, the Custodian. Investment information disclosed in the accompanying financial statements and schedule of assets held at end of year, specifically cash and investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, investment income and dividends, for the year ended December 31, 2025 was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian.

Notes receivable from participants as of December 31, 2025 totaled \$194,785 and related interest income on notes receivable from participants were not held by the Custodian and were not included in the Custodian's certification. Notes receivable from participants as of December 31, 2024 totaled \$322,863 and were held by the Custodian and included in the Custodian's certification.

3. Fair value measurements:

The Plan ranks investments required to be reported at fair value in a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset. Observable inputs reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical investment.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest, rates, prepayment speeds, credit risk, etc.). The Plan does not hold any Level 2 investments.

Level 3 – Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments). The Plan does not hold any Level 3 investments.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 (with comparative information at 2024)

3. Fair value measurements (continued):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2025 and 2024:

<u>2025</u>	<u>Fair value</u>	<u>Fair value measurement using Level 1</u>
Mutual funds	\$ 26,646,920	\$ 26,646,920
Money market funds	<u>255,826</u>	<u>255,826</u>
Total	<u><u>\$ 26,902,746</u></u>	<u><u>\$ 26,902,746</u></u>
<u>2024</u>		
Mutual funds	\$ 21,972,495	\$ 21,972,495
Money market funds	<u>476,822</u>	<u>476,822</u>
Total	22,449,317	<u><u>\$ 22,449,317</u></u>
Cash in insured deposit accounts	(a) <u>1,800</u>	
	<u><u>\$ 22,451,117</u></u>	

(a) Cash in insured deposit accounts has not been classified in the fair value hierarchy.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets.

4. Related party and party-in-interest transactions:

Plan investments are managed by Fulton Bank, N.A./Fulton Financial Advisors Division, another division of Fulton Bank, N.A. who serves as the Trustee as defined by the Plan; and therefore, these transactions qualify as party-in-interest transactions. Fulton Bank, N.A./Fulton Financial Advisors Division Retirement Services applies the Plan's mutual fund revenue sharing earned as a reduction of the Plan's expenses. Fees amounting to \$83,649 were paid by the Plan for the investment management and administration services.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 (with comparative information at 2024)

5. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

6. Plan termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Tax status:

Effective July 1, 2022, the Plan was restated by executing a Non-Standardized Pre-Approved Profit Sharing Plan with CODA through Fulton Bank. The prototype plan sponsor has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

8. Concentrations:

Three investments accounted for approximately 43% and four investments accounted for approximately 52% of investments at December 31, 2025 and December 31, 2024, respectively.

9. Subsequent events:

The Plan has evaluated subsequent events through September 15, 2026, the date which the financial statements were available to be issued.
