Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CALLERO AND CALLERO LLP**

(2) EIN: **36-2518261**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Luse Contracting Group, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements (modified cash basis) of Luse Contracting Group, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31 and March 31, 2025, and the related statement of changes in net assets available for benefits for the short plan year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Luse Contracting Group, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31 and March 31, 2025, and for the short plan year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of

America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Luse Contracting Group, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Luse Contracting Group, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Luse Contracting Group, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Luse Contracting Group, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Basis of Accounting

As discussed in Note B, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

LUSE CONTRACTING GROUP, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31 and March 31, 2025

A. Description of Plan

The following description of the Luse Contracting Group, Inc. (“Company” or “Plan Sponsor”) Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. *General.* The Plan is a defined contribution plan covering eligible employees of the Company and its wholly owned subsidiaries and is subject to the provisions of the Employee Retirement Income and Security Act (ERISA) of 1974.
2. *Plan Name and Sponsor.* Effective April 1, 2025, the Plan’s name was changed from Luse Holdings Inc. Profit Sharing Plan to Luse Contracting Group Inc. Retirement Plan. In connection with a corporate reorganization under common ownership, plan sponsorship was transferred from Luse Holdings Inc. (EIN 30-0026622) to Luse Contracting Group Inc. (EIN 33-2259043). The effective date of the Plan remains March 31, 1960, and the Plan continues to operate as a single-employer plan covering eligible employees of the Plan sponsor and its participating employers.
3. *Plan Year.* Historically, the Plan Year began on April 1 and ended on March 31. Effective April 1, 2025, the Plan was amended to change its Plan Year to a calendar year. Accordingly, a nine-month short plan year was established for the period from April 1, 2025 through December 31, 2025 (the “short plan year”). Thereafter, the Plan Year begins on January 1 and ends on December 31.
4. *Eligibility.* For the plan year ended March 31, 2025, employees of the Plan Sponsor and its affiliates were generally eligible to participate in the Plan after completing six consecutive months of service from their date of employment during which at least 500 hours were worked. Effective April 1, 2025, the Plan’s eligibility requirements were amended to provide that employees generally become eligible to participate upon completion of three months of service. Participation begins on the first day of the month coinciding with or next following satisfaction of the eligibility requirements. Certain classes of employees, including union employees covered by a collective bargaining agreement, leased employees, and project employees, are excluded from participation.
5. *Contributions.* Each year, participants may contribute up to 100% of their pretax annual compensation, up to the annual elective deferral limit of \$23,500 in 2025, as defined in the Plan, plus applicable catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution equal to a percentage of an employees’ salary deferrals and/or make a discretionary profit sharing contribution. The Plan also provides that participants who are age 50 or older, and who are making contributions to the Plan may also make a catch-up contribution (not previously made) of up to \$7,500 in 2025. Additionally, participants who attain ages 60 through 63 during the year are eligible for a higher catch-up contribution limit equal to the greater of \$10,000 (as adjusted for inflation) or 150% of the standard catch-up contribution limit (which equals \$11,250 for 2025). Contributions are subject to certain IRS limitations and are subject to change.
6. *Participant Accounts.* Each participant’s account is credited with the participant’s contribution and Company matching contributions, as well as allocations of the Company’s profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings,

A. Description of Plan (continued)

account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

7. *Vesting.* Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon, as outlined in the Plan document, is based on credited periods of service. A participant is 100 percent vested after six years of credited periods of service.
8. *Notes Receivable from Participants.* Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of (i) 50 percent of their vested account balance or (ii) \$50,000, reduced by the highest outstanding loan balance, if any, during the one-year period ending on the day before the new loan is made, over the participant's current outstanding loan balance as of the date of the new loan.

In most cases, the notes are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan administrator. The note is required to be paid (principal and interest) in amortized level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the note; provided, however, that if the proceeds of the note will be used to purchase a principal residence of the participant, the Plan administrator may permit a longer repayment term.

9. *Payments of Benefits.* Benefits are payable to participants upon retirement, disability, death, or termination of employment. Participants may also receive distributions while employed in certain circumstances, such as upon attainment of normal retirement age or in the event of financial hardship, subject to conditions outlined in the Plan. In-service distributions and hardship withdrawals are limited to amounts that are fully vested and are subject to minimum distribution requirements. Participants or beneficiaries may elect to receive distributions in the form of a lump-sum payment, periodic installments, or an annuity, as permitted by the Plan. If a participant's vested account balance does not exceed \$7,000, the balance may be automatically distributed in a lump sum.
10. *Forfeited Accounts.* Forfeitures are retained in the Plan and can be used to pay administrative expenses or can be used to reduce future Company contributions payable under the Plan. At December 31, 2025 and March 31, 2025, forfeited non-vested accounts totaled \$45,750 and \$6,249, respectively. During the short plan year ended December 31, 2025 the amount used as employer contributions and administrative expenses was \$7,684 and \$0.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, income is recorded when received and expenses are recorded when paid. If relevant in a given plan year, the modifications to the cash basis include: (a) the recording of investments at fair value, rather than on a comprehensive cash basis as referenced in the auditor's report, (b) the recording of notes

LUSE CONTRACTING GROUP, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31 and March 31, 2025

B. Summary of Accounting Policies (continued)

receivable (see "Notes Receivable from Participants" below for more information), and (c) the recognition of deemed distributions from participant loans that are in default in the income statement at the time the distribution is deemed to occur, even though no actual cash outflow has taken place. This contrasts with actual distributions, which are recognized when cash is disbursed from the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. See note H for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. There were no notes receivable from participants for the short plan year ended December 31, 2025 and the year ended March 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant to be in default, the participant loan is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

Management uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect the reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in a combination of mutual funds to the participants. The participants' investments in these securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the future statements of net assets available for benefits and the statement of changes in net assets available for benefits.

C. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2025 and March 31, 2025, and net appreciation in fair value of investments, interest and dividends for the short plan year ended December 31, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by The Standard Insurance Company.

LUSE CONTRACTING GROUP, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31 and March 31, 2025

D. Related-Party and Party-In-Interest Transactions

Parties-in-interest to the Plan include the Plan sponsor, fiduciaries, and service providers such as the recordkeeper and insurance carrier. The Plan's investments are held in pooled separate accounts managed by Minnesota Life Insurance Company, with administrative and recordkeeping services provided by Standard Insurance Company ("The Standard"). Because both Minnesota Life and The Standard provide services to the Plan, transactions with them qualify as party-in-interest transactions under ERISA.

Investment management fees are reflected in net appreciation in fair value of investments in the accompanying financial statements. Administrative fees paid by the Plan to The Standard for the short plan year ended December 31, 2025 totaled \$15,970.

E. Employer Match and Profit Sharing Contributions

During the short plan year ended December 31, 2025, the Company deposited discretionary matching contributions of \$63,108, net of \$7,685 applied from Plan forfeitures, related to the plan year ended March 31, 2025. The contributions were equal to 50% of participant contributions up to 4% of each participant's eligible compensation for that plan year.

The Company also deposited profit-sharing contributions of \$123,533 during the short plan year ended December 31, 2025, related to the plan year ended March 31, 2025. The profit-sharing contribution was equal to 3% of eligible compensation for that plan year.

F. Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the employer contributions in their account.

H. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair

LUSE CONTRACTING GROUP, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31 and March 31, 2025

H. Fair Value Measurements (continued)

value, if fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Plan is released from risk, the margins for risk will also be released through net realized capital gains (losses) in changes in net assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of the three valuation techniques:

- Market approach – Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- Cost approach – Amount that would be required to replace the service capacity of an asset (replacement cost).
- Income approach – Techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option pricing models, and lattice models).

The fair value measurement of an asset or liability is categorized within the hierarchy based on the lowest level input that is significant to the measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2025.

Pooled Separate Accounts: Valued at fair value based on the net asset value of the observable market prices of the underlying assets within that account less liabilities.

Guaranteed investment contract: The fair value of the guaranteed investment contract has been determined to approximate contract value. Contract value represents contributions made, less withdrawals

H. Fair Value Measurements (continued)

and administrative expenses, plus interest credited. Interest is credited based on rates established annually by Minnesota Life Insurance Company.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are as follows:

	<u>Investments at Fair Value as of December 31, 2025</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ 0	\$ 21,373,487	\$ 0	\$ 21,373,487

H. Fair Value Measurements (continued)

The following table represents the Plan's level 3 financial instrument, the valuation techniques used to measure the fair value of that financial instrument and the significant unobservable inputs and the ranges of values for those inputs as of December 31 and March 31, respectively:

12/31/25					
Instrument	Fair Value	Valuation Technique	Unobservable Input	Interest Crediting Rates	Average Yield
Guaranteed Investment Contract	\$ 2,542,859	Discounted Cash Flow (Income Approach)	Crediting Rate	New Funds Rate (4.58%) Renewal Funds Rate (2.95%)	2.96%*
3/31/25					
Guaranteed Investment Contract	\$ 2,804,552	Discounted Cash Flow (Income Approach)	Crediting Rate	New Funds Rate (4.51%) Renewal Funds Rate (3.00%)	3.02%

*This represents the effective annual rate equivalent based on the average yield for the short plan year April 1, 2025 through December 31, 2025.

I. Guaranteed Investment Contract with Minnesota Life Insurance Company

The Plan invests in the ML General Account 2 through a group annuity contract issued by Minnesota Life Insurance Company. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. The Plan's investment represents a general liability of Minnesota Life Insurance Company, and there are no particular segregated or identifiable assets of Minnesota Life Insurance Company attributable to the Plan. Minnesota Life Insurance Company has indicated that contract value approximates fair value.

Participant contributions and withdrawals are transacted at contract value regardless of market conditions. Participant-initiated transfers from the ML General Account 2 also occur at contract value; however, transfers are limited to the greater of 20% of the participant's General Account balance or \$2,000. After a transfer from the ML General Account 2, another transfer is not permitted for 12 months. As a result of these transfer limitations, the contract is considered benefit-responsive but does not meet the criteria to be considered fully benefit-responsive and is therefore reported at fair value.

Certain events, including termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and liberalization of Plan withdrawal or transfer provisions, may limit the Plan's ability to transact at contract value. Upon the occurrence of certain such events, a market value adjustment or other withdrawal restrictions may apply.

J. Subsequent Events

The Plan has evaluated subsequent events through September 14, 2026, the date the financial statements were available to be issued.
