Independent Auditors' Report

To the Plan Administrator of
Preformed Line Products Company Employees'
Retirement Plan
Mayfield Village, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Preformed Line Products Company Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 (in liquidation) and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further described in Note 8 to the financial statements, Preformed Line Products Company, the plan sponsor, received certain plan termination approvals from the Pension Benefit Guaranty Corporation and Internal Revenue Service in 2025, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and the supplemental schedule of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Preformed Line Products Company Employees' Retirement Plan (the "Plan") is provided for general information only. Information about the Plan agreement, the vesting, and benefit provisions is contained in the Plan document. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a non-contributory defined benefit plan which covers significantly all domestic hourly employees of Preformed Line Products Company (the "Company" and the "Plan Sponsor") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Effective February 1, 2013 (the "freeze date"), the Plan was amended to cease the accrual of any benefits under the Plan. Accordingly, any employee who was not a participant in the Plan on the freeze date is not eligible to participate in the Plan. After the freeze date, the Plan will not provide credited service for benefit accrual purposes, nor will it provide credited service for vesting purposes, except for active participants. Active participants vest in benefits of the Plan after 60 consecutive months of service with the Company. See Note 8 for information relating to the termination of the Plan.

The Company's funding policy is to contribute such amounts as deemed necessary on an actuarial basis to provide sufficient assets to meet the benefits to be paid to Plan participants. Prior to the Plan termination as described in Note 8, the Company made contributions in amounts sufficient to annually fund the Plan's current year's service cost and the prior service cost plus interest over a period of 30 years or the ERISA minimum contribution, whichever was greater. The Plan has met the minimum funding requirements of ERISA as of December 31, 2025 and 2024.

Prior to the termination as described in Note 8, participants were generally eligible for normal retirement benefit payments upon reaching age 65. The amount of individual pension benefits is based upon factors including compensation, years of service, and age, as defined by the Plan. The Plan also provides for the payment of early retirement, deferred vested, and disability retirement benefits as well as the optional payment to the surviving spouse or beneficiary of a participant. In accordance with the provisions of the Plan document, participants will generally receive benefits under an annuity arrangement. Certain participants may also elect to receive such benefit in a lump-sum.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

As a result of the Plan termination as described in Note 8, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements in accordance with accounting principles generally accepted in the United States of America.

The Company has evaluated subsequent events through September 3, 2026, which is the date the financial statements were available to be issued.

PREFORMED LINE PRODUCTS COMPANY
EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5). The Plan's management determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company ("FMTC"), the Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments:

Benefit payments are recorded when paid to participants.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable, under the Plan's provisions, to services rendered by the employees to the termination date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' accumulated years of credited benefit service and the highest average of their compensation during any 60 consecutive months in the ten years preceding the earlier of their termination of employment or the freeze date. The accumulated plan benefits for active employees are based on their accumulated years of credited benefit service and the highest average of their compensation during any 60 consecutive months in the preceding ten-year period up to the freeze date. Benefits payable under all circumstances - retirement, disability, pre-retirement death benefits, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered as of the termination date.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and the changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses:

All administrative fees of the Plan are paid by the Company or the Plan at the option of the Company.

Note 3. Information Certified by the Plan Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the plan administrator received certifications from Fidelity Management Trust Company, Trustee of the Plan, acknowledging the completeness and accuracy of all investments in the accompanying statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024, the supplemental schedule of assets (held at end of year) as of December 31, 2025, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 (in liquidation) and 2024, the supplemental schedule of reportable transactions for the year ended December 31, 2025, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Accumulated Plan Benefits

The Company's independent actuary, Fidelity Workplace Investing LLC, estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefit information at December 31 is as follows:

	<u>2025</u>	<u>2024</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ -	\$17,590,524
Other participants	-	13,663,701
	-	31,254,225
Nonvested benefits	-	544,920
	<u>\$ -</u>	<u>\$31,799,145</u>

EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Accumulated Plan Benefits (Continued)

The changes in the accumulated plan benefits for the years ended December 31, 2025 and 2024 are as follows:

	<u>2025</u>	<u>2024</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$31,799,145	\$26,701,048
Increase (decrease) during the year attributable to:		
Interest due to decrease in the discount period	1,488,060	1,620,151
Changes in actuarial assumptions, net	-	4,949,457
Benefits settled in lump sum window	(13,149,974)	-
Benefits settled in annuity purchases	(17,985,100)	-
Additional benefits earned, including experience gains and losses	(833,528)	109,732
Benefits paid	<u>(1,318,603)</u>	<u>(1,581,243)</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ -</u>	<u>\$31,799,145</u>

The more significant assumptions underlying the actuarial computations as of December 31 are as follows:

	<u>2025</u>	<u>2024</u>
Discount rate	4.75%	4.75%
Mortality basis	Pri-2012 Blue Collar Mortality Tables (Scale MP-2021)	Pri-2012 Blue Collar Mortality Tables (Scale MP-2021)
Normal retirement date	Age 65	Age 65

These actuarial assumptions reflect a going-concern basis of accounting for 2024. If the liquidation basis of accounting were applied for 2024, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 5. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The mutual funds are valued based on their quoted closing market prices in active markets for identical investments, and are classified as Level 1. The common/collective trusts are valued using the net asset value ("NAV") per share (or its equivalent) practical expedient and, therefore, have not been classified in the fair value hierarchy. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2024 to 2025. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV:				
Common/collective trusts				<u>47,992</u>
Investments at fair value				<u>\$ 47,992</u>

Assets at Fair Value as of December 31, 2024				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$9,947,028</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,947,028</u>
Investments measured at NAV:				
Common/collective trusts				<u>19,146,743</u>
Investments at fair value				<u>\$29,093,771</u>

The investment in the common/collective trusts is a Fidelity Institutional Asset Management ("FIAM") Institutional Cash Commingled Pool at December 31, 2025. The FIAM Institutional Cash Commingled Pool seeks to obtain as high a level of current income as is generally consistent with the preservation of principal and liquidity within investment guidelines. There are no unfunded commitments relating to this investment, and the fund is generally liquid and does not require a redemption notice period.

At December 31, 2024, the investments in the common/collective trusts were a FIAM Long Corporate A or Better Pool and a FIAM 8-10 Year Corporate Bond Commingled Pool Class A. The FIAM Long Corporate A or Better Pool seeks to outperform the Bloomberg Long Corporate Bond A or Better Index, while maintaining duration in line with the index and the FIAM 8-10 Year Corporate Bond Commingled Pool Class A seeks to provide reliable exposure to U.S. investment-grade bonds with a maturity of 8 to 10 years. These are accomplished by employing a transparent investment process that emphasizes sector allocation and security selection and leveraging fundamental research and proprietary quantitative analysis to identify opportunities and risk. There are no unfunded commitments relating to these investments, and the funds are generally liquid and do not require a redemption notice period.

Note 6. Party-in-Interest Transactions

During 2025 and 2024, the Plan incurred fees to the Trustee for administrative services. Additionally, for the years ended December 31, 2025 and 2024, certain Plan investments were managed by FIAM or Fidelity Investments Inc., related entities of FMTC. In addition, the Plan uses Fidelity Workplace Investing LLC, a related entity to FMTC, for actuarial and consulting services and associated fees are charged to the Plan. These transactions qualify as party-in-interest.

Note 7. Income Tax Status

The Internal Revenue Service ("IRS") had determined and informed the Company by a letter, dated November 16, 2016, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan was designed and was operated in compliance with the requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

In connection with the termination of the Plan as described in Note 8, the Company obtained a new IRS determination later dated May 12, 2025.

Note 8. Plan Termination

The Board of Directors of the Plan Sponsor approved a resolution to terminate the Plan in August 2023. In February 2024, the Board of Directors of the Plan Sponsor approved an amendment to terminate the Plan effective April 1, 2024. In connection with the termination, the Plan was amended to provide certain participants who are not currently receiving benefits the opportunity to elect to receive their benefit in the form of a lump-sum during an election period from April 1, 2025 to May 31, 2025. Lump-sum payments of approximately \$13.1 million were made during 2025 in connection with such elections. In August 2025, the Plan Sponsor contributed approximately \$2.9 million to the Plan and purchased an annuity contract through an insurance carrier for approximately \$18.0 million to fully liquidate the Plan.

As of December 31, 2024, the timing of such liquidation was uncertain, and was subject to certain approvals from the Pension Benefit Guaranty Corporation and the IRS, which was subsequently received during 2025. Effective as of the Plan termination date, to the extent not already fully vested, each participant who is affected by the Plan's termination was made to be fully (100%) vested in such participant's accrued benefit under the Plan.
