Westminster Village, Inc. 401(k) Plan
Bloomington, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Westminster Village, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Westminster Village, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Westminster Village, Inc. 401(k) Plan
Independent Auditor's Report – Continued
December 31, 2025 and 2024**

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Westminster Village, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westminster Village, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**Westminster Village, Inc. 401(k) Plan
Independent Auditor's Report – Continued
December 31, 2025 and 2024**

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Westminster Village, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Westminster Village, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Westminster Village, Inc. 401(k) Plan
Independent Auditor's Report – Continued
December 31, 2025 and 2024**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Westminster Village, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 – Description of Plan:

The following description of the Westminster Village, Inc. 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan is sponsored by Westminster Village, Inc. (“Plan Sponsor” or “Company”).

General

The Plan was established to provide retirement benefits for employees of the Company. Eligible employees become participants in the Plan following 90 days of continuous service, as defined in the Plan agreement, and attainment of age 21. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan contains an elective 401(k) deferred compensation component. Eligible participants may elect to contribute not less than 1% and up to 100% of their compensation, subject to limitations to the 401(k) components of the Plan. The Plan is subject to a non-discretionary, safe-harbor matching contribution of a percentage of the participants’ 401(k) deferrals up to a maximum percentage of eligible compensation. The safe-harbor matching percentage declared for the plan year ended December 31, 2025 was 100% of the participant’s 401(k) deferrals up to 3% of eligible compensation on a payroll period by payroll period basis, then 50% of the participant’s 401(k) deferrals for the next 2% of the participant’s eligible compensation. The Company’s matching contributions for the plan year ended December 31, 2025 were \$427,325.

Rollover contributions from certain qualified plans for eligible employees are permitted under the Plan. There was \$4,838 of rollover contributions received by the Plan during the plan year ended December 31, 2025.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the employer’s contributions, and the earnings attributable to the participant’s account.

Vesting

Participants are immediately vested in their 401(k) contributions, which also include rollover contributions, plus actual earnings thereon, as well as employer contributions. Due to participants being fully, immediately vested in employer contributions, there are no forfeited accounts as of December 31, 2025.

Participant Loans

The Plan does not allow loans to Participants.

Westminster Village, Inc. 401(k) Plan
Notes to Financial Statements – Continued
December 31, 2025 and 2024

Note 1 – Description of Plan – Continued:

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Distributions to Participants

Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum or in installments. Distributions may be deferred until the later of the participant's actual retirement date or the attainment of age 65, if the value of the distribution is not less than \$5,000. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 73, unless the participant is not a 5% owner of the Company and is still employed by the Company.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to their vested account balance.

Note 2 – Summary of Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2025 and 2024 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are held in a trust. The custodian values all investments at fair value. The investment options consist of guaranteed interest accounts under a guaranteed benefit policy (described in the Employee Retirement Income Security Act of 1974, as amended (ERISA 401(b)) and pooled separate accounts (described in ERISA 3(17)) of Principal Life Insurance Company (Principal Life). The guaranteed interest accounts and separate accounts are reported at fair value as determined by Principal Life.

See Independent Auditor's Report.

Westminster Village, Inc. 401(k) Plan
Notes to Financial Statements – Continued
December 31, 2025 and 2024

Note 2 – Summary of Accounting Policies – Continued:

Investment Valuation and Income Recognition – Continued

These investment options are non-benefit responsive. The guaranteed interest account's fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents guaranteed interest account values adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. This value represents contributions allocated to the guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay Plan benefits and Principal Life's administrative expenses. The separate accounts represent contributions invested in domestic and international common stocks, high-quality short-term debt securities, real estate, private market bonds and mortgages, and high-yield fixed-income securities that are slightly below investment grade, all of which are valued at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 3 – Tax Status:

The Plan, originally adopted during 2001, and effective January 1, 2001, restated in 2024, obtained its latest determination letter during 2020 (volume submitter), in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator and the Plan's Sponsor believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 – Investments:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Total investments as shown in the accompanying statements of net assets available for benefits of \$7,148,164 and \$6,361,005 as of December 31, 2025 and 2024, respectively.
- b. Total investment income (loss) as shown in the accompanying statement of changes in net assets available for benefits is \$927,064 for the year ended December 31, 2025.

See Independent Auditor's Report.

Westminster Village, Inc. 401(k) Plan
Notes to Financial Statements – Continued
December 31, 2025 and 2024

Note 4 – Investments – Continued:

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 – Fair Value Measurement:

The Plan has determined the fair value of certain assets and liabilities through application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

- Level 1 – Valuations for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
- Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets.

Transfers between fair value hierarchy levels are recognized at the beginning of the reporting period. There were no transfers between levels during 2025 and 2024.

The guaranteed interest accounts cannot be sold to a third party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. The fair value of the account is the value paid when funds are withdrawn prior to their maturity. The fair value of the guaranteed interest accounts is reflected in Level 3, and the valuation is based on the applicable interest rate. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value.

Notes to Financial Statements – Continued
December 31, 2025 and 2024

Note 5 – Fair Value Measurement – Continued:

The collective trust fund investments are valued at net asset value (NAV) per share, which is a practical expedient used to estimate the fair value of each respective fund. The investments underlying the collective trust fund include other publicly traded investment funds and are valued at the respective fund's NAV. The collective trust fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions. Accordingly, these investments have been excluded from the fair value hierarchy.

The pooled separate accounts and collective trust funds are investments in sub-accounts of the Plan's group annuity contract with Principal Life Insurance Company are valued at unit value, which is based on the aggregate fair value of the underlying assets in relation to the total number of units outstanding. Unit value is the equivalent of NAV, which is a practical expedient for estimating the fair values of these investments. Each of these investments may be redeemed daily with a notice period of one day. The Plan had no unfunded commitments as of December 31, 2025 and 2024. Accordingly, these investments have been excluded from the fair value hierarchy.

Fair values of assets and liabilities measured on a recurring basis as of December 31, 2025, are as follows:

	<u>Fair Value</u>	<u>Fair Value Measurements at Reporting Date Using</u>		
		<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Guaranteed interest accounts	\$ 58,552	\$ -	\$ -	\$ 58,552

Collective investment trust funds	4,311,896			
Pooled separate accounts	<u>2,777,716</u>			
	<u>\$ 7,148,164</u>			

Fair values of assets and liabilities measured on a recurring basis as of December 31, 2024, are as follows:

- (a) In accordance with Subtopic 820-10 of FASB ASC 820 Fair Value Measurement, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of fair value hierarchy to the line items presented in the statements of net assets available for benefits.

		As of December 31, 2025		
	Assets measured at fair value	Valuation technique(s)	Unobservable input description	Input/range of inputs
Guaranteed interest accounts	\$ 58,552	See note (1)	Interest rate on account	0.75% – 5.70%
			Maturity date	12/31/2025 – 12/31/2029

- (1) If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

Note 6 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

See Independent Auditor's Report.

Westminster Village, Inc. 401(k) Plan
Notes to Financial Statements – Continued
December 31, 2025 and 2024

Note 7 – Related Party Transactions and Party-In-Interest Transactions:

Certain Plan investments are shares of pooled separate accounts and common collective trust funds managed by various fund companies. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly some fees related to the plan's operations.

Note 8 – Uncertain Tax Positions:

Accounting principles generally accepted in the United States of America require the Plan's management evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by applicable taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years prior to 2022 are closed.

Note 9 – Subsequent Events:

No events have occurred subsequent to December 31, 2025 which would require accrual or disclosure in these financial statements. This evaluation was made as of May 20, 2026, the date these financial statements were available to be issued.
