INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
The Scotts Company LLC Retirement Savings Plan
Marysville, Ohio

Opinion

We have audited the financial statements of The Scotts Company LLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement Savings Plan
Notes to Financial Statements

NOTE 1. DESCRIPTION OF PLAN

The Scotts Company LLC Retirement Savings Plan (the “Plan”) is a defined contribution plan covering substantially all employees of The Scotts Company LLC (the “Company”) and certain of its affiliates who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions, such as eligibility, vesting, allocation and funding.

Effective January 1, 2025, the Plan was amended and restated to incorporate certain changes made available by the SECURE 2.0 Act of 2022, including enhanced catch-up contributions and domestic abuse withdrawal provisions.

Administration

The Company’s Benefits Administrative Committee is responsible for the general operation and administration of the Plan. Fidelity Management Trust Company serves as the Plan trustee, record keeper, and custodian.

Eligibility

Domestic employees are immediately eligible to participate in the Plan upon date of hire. Certain temporary employees are not eligible to participate in the Plan.

Contributions

The Plan provides for a participant to make pre-tax contributions of up to 75% of eligible earnings, not to exceed the annual Internal Revenue Service (“IRS”) maximum contribution amount. Participants have the option to designate all or any portion of their contributions as after-tax Roth contributions. Participants who will reach age 50 or older by the end of the calendar year may make catch-up contributions, with an enhanced catch-up limit available to those between ages 60 and 63.

Eligible employees are automatically enrolled in the Plan at a pre-tax contribution rate of 3% of compensation for those who do not opt out of such participation. The contribution rate is automatically escalated by an additional 1% of compensation up to a maximum of 6% of compensation. Employees also receive the applicable Company matching contribution. The Company provides matching contributions of 200% of employees’ initial 3% contribution and 50% of their remaining contribution up to 6%. At the end of each Plan year, the Company provides, if necessary, an additional true-up matching contribution to employees, based on their total elective contributions and eligible compensation for the Plan year. The Company may make additional discretionary profit sharing matching contributions to eligible employees on their initial 4% contribution. The Company may also make additional discretionary employer special contributions to the Plan on behalf of eligible employees.

Rollover contributions from other plans are also accepted provided certain specified conditions are met. Participants may direct their contributions and their Company matching contributions into any or all of the investment options under

THE SCOTTS COMPANY LLC
Retirement Savings Plan
Notes to Financial Statements

the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's elective contributions, any rollover contributions made by the participant, allocations of the Company's base, matching and discretionary contributions and Plan earnings. A participant is entitled to the benefit provided from the participant's vested account balance.

Vesting

All participants are immediately vested in their contributions to the Plan plus actual earnings thereon. Company matching contributions and discretionary employer special contributions vest immediately, however, base retirement contributions made by the Company prior to January 1, 2011 vested after three years of service or immediately upon death, attainment of age 65 or permanent and total disability.

Forfeitures

The non-vested portions of participant account balances are forfeitable and used to reduce Company contributions to the Plan and to pay reasonable Plan expenses. Forfeitures used to reduce Company contributions or to offset plan expenses for the years ended December 31, 2025 and 2024 were immaterial to the financial statements. The total unused balance remaining in the forfeiture account was immaterial to the financial statements at December 31, 2025 and 2024.

Notes Receivable from Participants

Participant loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their account up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participant loans are repaid over a period not to exceed 5 years, or 10 years if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates managed by Fidelity Management Trust Company. Principal and interest are paid through payroll deductions. Loans are recorded at unpaid principal plus accrued but unpaid interest.

Payment of Benefits

Participants are eligible to receive benefit payments upon termination, retirement, death or disability equal to the vested balance of the participant's account as of the business day the trustee processes the distribution. Normal retirement age is 65; however, the Plan also provides for in-service withdrawals for active employees under certain circumstances. Hardship withdrawals are permitted in accordance with IRS guidelines.

Administrative Expenses

Administrative expenses can be paid by the Company or from the assets of the Plan. Participants are responsible for a nominal plan administrative fee each quarter. Transaction fees (such as loan fees or distribution processing fees), are charged directly to the respective participant accounts to which the transactions relate.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investments

The Plan’s investments are recorded at fair value. Purchases and sales of securities are recorded on a trade-date basis using fair market value. Dividends are recorded on the ex-dividend date. Interest is recorded as earned.

The Plan holds a stable value investment contract, Fidelity Managed Income Portfolio II (the “Portfolio”), with Fidelity Management Trust Company (“Fidelity”). The Portfolio is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Portfolio invests in underlying assets (typically fixed-income securities or bond funds, although investments may also include derivative instruments such as futures contracts and swap agreements) and enters into “wrapper” contracts issued by a third party. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrap issuer agrees to pay the Portfolio an amount sufficient to cover unit holder redemptions and certain other payments (such as portfolio expenses), provided all the terms of the wrapper have been met. Wrappers are normally purchased from issuers rated in the top three long-term rating categories (A- or the equivalent and above). The purpose of the wrappers is to preserve the investors’ principal investment while earning interest income, providing more stability in value than a traditional investment. Net asset value (“NAV”) is determined by the Portfolio each business day. Issues and redemptions of units are recorded, upon receipt of unit holder’s instructions in good order, based on the next determined NAV per unit, normally each day. In unusual market conditions, in accordance with the Portfolio’s Declaration of Trust, Fidelity may in its sole discretion, impose restrictions on issues and redemptions of units.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides various investment options, which are subject to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

THE SCOTTS COMPANY LLC
Retirement Savings Plan
Notes to Financial Statements

Subsequent Events

For the year ended December 31, 2025, the Plan has evaluated subsequent events for potential recognition and disclosure through June 24, 2026, which is the date the financial statements were available for issuance.

Effective January 1, 2026, the Plan was amended and restated to incorporate several updates, including implementing the Roth catch-up contribution rules required by the SECURE 2.0 Act of 2022, the addition of auto-portability provisions, the addition of a Roth in-plan conversion feature and the removal of provisions no longer in effect.

NOTE 3. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or the most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. A three-level fair value hierarchy prioritizes the inputs used to measure fair value. The hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following describes the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Mutual funds and common shares: Valued at the closing price reported on the active market on which the securities are traded.
- Self-directed brokerage account: Includes investments in common stocks, preferred stocks, mutual funds, cash and cash equivalents and bonds, which are valued at quoted market prices at year end.
- Stable value investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 2).
- Money market funds: Valued at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.
- Collective investment trusts: The fair value is based on NAV as reported by the trust, which is reported at fair value. Participant transactions (purchases and sales) may occur daily. Issues and redemptions of units are recorded, upon receipt of unit holder's instructions in good order, based on the next determined NAV per unit,

THE SCOTTS COMPANY LLC

**Retirement Savings Plan
Notes to Financial Statements**

normally each day. In unusual market conditions, in accordance with the trust, the trustee may in its sole discretion impose restrictions on issues and redemptions of units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's investments measured at fair value at December 31, 2025:

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on December 5, 2017, based on plan amendments through January 1, 2017, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan administrator and the Company believe that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for federal income taxes has been made.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in progress.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan or its contributions subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become fully vested in their accounts.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest. The fees for the investment management services are paid by the mutual funds.

The Company is also a party-in-interest to the Plan under the definition provided in Section 3(14) of ERISA. Therefore, the Company’s common share transactions qualify as party-in-interest.

In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.
