INDEPENDENT AUDITOR'S REPORT

Board of Directors and Plan Trustees
AKS Industries 401(k) Retirement Plan
Kirkland, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of AKS Industries 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the financial statements referred to above, related to assets which provide benefits under the Plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

I draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2025, and the schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules (modified cash basis), I evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets which provide benefits under the Plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AKS INDUSTRIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS
DECEMBER 31, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN

The following description of the AKS Industries 401(k) Retirement Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was created on May 1, 2002 and was most recently restated as of January 1, 2022. The Plan is a defined contribution plan covering substantially all eligible employees of AKS Industries, Inc., and the Richard W. Hotes Foundation (collectively, "the Company"), other than union, leased, and non-resident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan, which includes determining the appropriateness of the Plan's investment offerings, monitoring investment performance, and reporting to the Company's Board of Directors.

Eligibility

Elective Deferrals – All employees are eligible to make elective deferrals on attaining age 21, with no service requirement. Eligible employees may enter the Plan on the first day of the calendar quarter coincident with or next following the date the requirements are met.

Safe Harbor Non-Elective Contribution – Eligibility for the safe harbor non-elective contribution is limited to employees who have attained age 21 and completed one year of eligibility service of at least 1,000 hours, with entry on the first day of January or July coincident with or next following the date those requirements are met.

Profit Sharing – To share in a discretionary profit-sharing contribution, if any, a participant must have attained age 21, completed one year of eligibility service of at least 1,000 hours, and be employed on the last day of the Plan year, as defined by the Plan.

Contributions

Participants – Each year, participants may contribute on a pretax or after-tax (Roth) basis up to 90 percent of annual compensation, as defined by the Plan, and subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants aged 50 and over may elect to defer additional amounts ("catch-up" contributions) to the Plan.

Safe Harbor – The Company contributes a safe harbor non-elective contribution to each eligible participant of not less than 3 percent of the participant's compensation, as defined by the Plan. Because the Company has an April 30 fiscal year end, the safe harbor contribution for a plan year is funded in the following calendar year, within the funding deadline for the Company's fiscal year. Under the modified cash basis the contribution is recorded when received by the custodian. Accordingly, the \$482,199 of employer contributions reported for the year ended December 31, 2025 is the cash portion of the contribution for the 2024 plan year, which totaled \$497,945 including \$15,746 of forfeitures applied. The safe harbor contribution allocated for the 2025 plan year, \$520,565, will be funded in 2026 and is not reflected in these financial statements.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued)

Profit Sharing – Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. Profit-sharing contributions, which are based on the Company's results of operations for its fiscal year-end, were \$0 for the plan year ended December 31, 2025. Employer profit-sharing contributions, if any, are paid after the Plan's year-end.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's respective account is credited with the participant's contributions and the Company's safe harbor contributions, as well as an allocation of the Company's profit-sharing contribution, if any, and Plan earnings. Participant accounts are charged with withdrawals, an allocation of investment losses, and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may move portions of their accounts between investment options at any time. Participants who do not make an investment election will have their contributions invested in a John Hancock Lifetime Blend Portfolio fund with the target date closest to the year in which the participant turns 67.

Vesting

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Participants are also vested immediately in the Company's safe harbor contributions. Vesting in the Company's profit-sharing contribution portion of their account is based on years of continuous service. Vesting in the Company's profit-sharing contribution is based on years of service, credited for each Plan Year in which the participant completes at least 1,000 hours of service, in accordance with the following schedule: less than 2 years, 0 percent; 2 years, 20 percent; 3 years, 40 percent; 4 years, 60 percent; 5 years, 80 percent; 6 or more years, 100 percent. A participant becomes fully vested on death or disability while employed, and on termination of the Plan.

Payment of Benefits

On termination of service due to any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with vested account balances of less than \$7,000 without the participant's consent will receive an automatic distribution to an Individual Retirement Account (IRA).

Hardship and in-service withdrawals of the participants' contributions are permitted by the Plan. Hardship withdrawals must be approved by the Plan administrator and are available from elective deferral accounts. In-service withdrawals are limited to vested amounts of the participant's account.

Forfeitures

Forfeited non-vested accounts totaled \$0 and \$15,473 at December 31, 2025 and 2024, respectively. Forfeitures may be used to pay administrative expenses of the Plan or applied to reduce Company contributions. During 2025, \$15,746 of forfeitures were applied to reduce the Company's safe harbor contribution.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Investments are reported at fair value. Under the modified cash basis of accounting, participant and Company contributions are recorded when received by the custodian.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants are recorded when received by the custodian.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain investment management fees and other charges paid to the custodian are offset against fund performance in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits – modified cash basis, and are not, therefore, separately reflected as administrative expenses. Certain Plan expenses are paid directly by the Company and therefore are excluded from these financial statements. Fees are charged to participants on a pro rata basis, equally to participant accounts, or to a participant's account for transactions specifically related to that participant.

Subsequent Events

The Plan has performed an evaluation of subsequent events through September 17, 2026, which is the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts:

The Plan's investments consist of pooled separate accounts ("PSAs") held within a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.). The PSAs invest in underlying registered mutual funds and other investment securities. The fair value of a PSA is the unit value determined daily by the insurance company, which reflects the fair value of the investments held in the separate account, adjusted for investment income, realized and unrealized gains and losses, and expenses. Because the PSA units themselves are not traded in an active market, and their unit values are derived from observable market inputs rather than from quoted prices for the units, the PSAs are classified as Level 2 within the fair value hierarchy.

Interest, dividends, and realized and unrealized gains and losses on the underlying investments are reflected in the unit values of the PSAs and are not separately distributed to the Plan. Accordingly, such amounts are not separately reported as investment income of the PSAs.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

John Hancock Stable Value Fund:

The Plan's investment in the John Hancock Stable Value Fund is a pooled separate account within the group annuity contract, which in turn invests in the John Hancock Stable Value Fund Collective Investment Trust. The collective investment trust is fully benefit-responsive and publishes a stable net asset value of \$1.00 per unit, which is effectively contract value, and that value is used in determining the unit value of the pooled separate account. Accordingly, the unit value of the pooled separate account does not reflect the market value of the collective investment trust's underlying net assets. The Plan's investment in this pooled separate account was \$2,060,544 at December 31, 2025.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of year ended December 31, 2025 and 2024.

Assets at Fair Value as of December 31, 2025				
	Total	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 17,096,798	\$ -	\$ 17,096,798	\$ -
Investments, at fair value	<u>\$ 17,096,798</u>	<u>\$ -</u>	<u>\$ 17,096,798</u>	<u>\$ -</u>
Assets at Fair Value as of December 31, 2024				
	Total	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 15,006,603	\$ -	\$ 15,006,603	\$ -
Investments, at fair value	<u>\$ 15,006,603</u>	<u>\$ -</u>	<u>\$ 15,006,603</u>	<u>\$ -</u>

Reclassification:

Certain amounts presented for the year ended December 31, 2024 have been reclassified within the fair value hierarchy to conform to the current year presentation. The Plan's pooled separate accounts, previously reported as Level 1, are reported as Level 2. The reclassification affects the fair value hierarchy disclosure only and had no effect on net assets available for benefits or on the changes in net assets available for benefits as previously reported.

NOTE 4 CERTIFIED INVESTMENT INFORMATION

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule (modified cash basis), including investments held and non-interest bearing cash at December 31, 2025 and 2024, and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (the custodian of the Plan), a qualified institution. The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule (modified cash basis).

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 RELATED PARTIES AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts managed by John Hancock Life Insurance Company (JHLI). JHLI is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 7 TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved Plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

NOTE 9 NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the Plan year ended December 31, 2025, participant deferral contributions totaling \$15,426 were not remitted to the Plan within the appropriate time period by the Company's management. The delinquent contributions were remitted to the Plan during 2025. These transactions constitute nonexempt prohibited transactions as defined by ERISA. The correction was completed on September 11, 2026 with the contribution of lost earnings.
