(1) Name: **COHNREZNICK, LLP**

(2) EIN: **33-4144829**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Plan Administrator
Argo Group US 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Argo Group US 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Argo Group US 401(k) Plan
Notes to Financial Statements
December 31, 2025

1. Plan Description

The following description of the Argo Group US 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan summary for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution Plan designed to assist eligible employees in accumulating funds for their retirement by providing them with a means for regularly saving part of their income. Argo Group US, Inc. is the Plan Sponsor (“Plan Sponsor”). Eligible employees of Argo Group US, Inc. (“Argo Group US”) and participating affiliates (collectively, the “Company”) may participate in the Plan as soon as administratively possible following their date of hire or, if later, following attaining the age 21. The Retirement Committee of the Plan Sponsor is the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Merger

Effective February 4, 2025, the Company completed a merger of the American National Insurance Company's separate defined contribution plan into this Plan, (the "Merger"). The Merger was executed in accordance with ERISA guidelines and approved by the respective plan fiduciaries. Assets of approximately \$70 million were transferred as part of the Merger are reflected as rollover contributions in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

On December 18, 2025, in connection with the termination of the American National Insurance Company Employees Retirement Plan (the “ANICO Pension Plan”), a “qualified replacement plan” (or “QRP”), transfer was made to the Plan in the amount of \$39.1 million. The transfer represents excess assets remaining after satisfaction of all benefit obligations and was made pursuant to applicable Internal Revenue Code provisions governing qualified replacement plans. The transferred assets are included in forfeitures and will be allocated to participant accounts over a period not to exceed seven years, in accordance with Plan provisions.

Contributions and Vesting

The maximum percentage that a participant can contribute to the Plan is 75% of the participant’s eligible pay, subject to maximums established by law. The Plan permits participants to make contributions on a pre-tax, Roth 401(k) after-tax and/or catch-up basis. Employees with dates of hire on or after July 1, 2017, are automatically enrolled in the Plan at an automatic deferral percentage of 5% of the participant’s compensation, unless the participant elects otherwise. Participants are always fully vested in their contributions plus earnings thereon. During 2025, the Company made discretionary matching contributions of 100% of the first 5% of eligible compensation that was contributed on a bi-weekly basis by each participant. The participants’ rights to the matching amounts contributed by the Company, plus earnings thereon, vest at a rate

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

of 20% for year one, 40% for year two, and 60% for year three and are fully vested after three years of service.

Effective January 1, 2023, all deferring participants who have made an affirmative election of 0% will be subject to the automatic escalation provision. The annual escalation will be 1% up to a maximum of 10%.

Participant Accounts

The balance in each participant's account is increased through participant contributions, revenue credits from investments, if applicable, earnings from investment selections, and an allocation of the Company's contributions. The allocations of the Company's contributions are based on the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance. The balance in each participant's account is charged for, and therefore decreased by, quarterly fees for recordkeeping, financial services fees, loan application fees as applicable, and financial advisory services fees as applicable.

Notes Receivable from Participants

The Plan contains a feature that allows participants to borrow funds against their 401(k) accounts. A loan amount is limited to the lesser of \$50,000 or 50% of the value of the vested amount in the participant's account. No new loans are issued to a participant when that participant has two existing loans. When there are multiple loans, the total amount of the loans is limited to the lesser of \$50,000 or 50% of the value of the vested amount in the participant's account. The loans are secured by the balance in the participant's account. The term of repayment for a loan is up to five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through regular payroll deductions. The interest rate is fixed and equals 1% over the prime rate as reported in the Wall Street Journal in effect on the date the loan is issued.

Forfeitures/Asset Holding Account

Forfeitures are defined as the portion of the participants' Company contributions that have not vested at the time the participant terminates employment with the Company. Forfeitures are used to reduce future Company contributions to the Plan. During 2025 and 2024, \$1,899,823 and \$1,274,474, respectively, of forfeitures were applied to the Company contributions. As of December 31, 2025 and 2024, the remaining forfeiture balance totaled \$38,984,682 and \$497,387, respectively.

Plan Termination

Although the Company expects to continue the Plan indefinitely, it does have the right to discontinue its contributions and terminate, amend, modify or suspend the Plan at any time, subject to the provisions of ERISA. In the event of termination of the Plan, there will be no impairment of the participants' rights of withdrawal and each participant's account will become

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

fully vested. Each participant may elect to receive the value in their account in one of the various forms described in detail in the Plan document.

Benefit Payments

A participant or beneficiary will receive the value of their vested account after termination of service with the Company, or upon death, disability, or retirement. Accounts are fully vested when a participant's employment is ended by reason of death, disability or normal retirement. Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested balance exceeds \$7,000 may leave the account balance in the Plan or elect to roll over the account balance to another retirement plan or receive a single-sum payment. A participant whose vested balance is greater than \$1,000, but less than or equal to \$7,000 may elect to roll over the account balance to another retirement plan or receive a single-sum payment, or if an election is not made, the account balance will be automatically rolled over to an individual retirement account designated by the Plan Administrator. A participant account with a vested balance of \$1,000 or less may elect to roll over the account balance to another retirement plan or receive a single-sum payment, or if an election is not made, the account balance will be paid to the participant as a single-sum payment. More detail and any exceptions to the above are described in the Plan document.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Fee Rebate Arrangement

Empower Retirement™ ("Empower") provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Empower. Empower charges a hard dollar record-keeping fee which is paid directly by the participants as a deduction from their accounts. Revenue rebates collected by Empower and reimbursed back into the participant accounts for 2025 and 2024 were \$705,547 and \$449,730, respectively.

Administrative Expenses

Administrative expenses are charged to Plan participants on a quarterly basis. Expenses relating to the investment fund expense ratios are netted out of the participant accounts within the daily net asset value ("NAV"). In addition, the quarterly recordkeeping fee is charged directly against any participant with an accounts balance. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses incurred and charged to Plan participants for 2025 and 2024 were \$338,094 and \$214,805, respectively.

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

2. Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (“GAAP”). Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes Receivable from Participants

“Notes receivable from participants” on the Statements of Net Assets Available for Benefits represents participant loans that are recorded at their unpaid principal balance plus any accrued interest. Interest income on notes receivable from participants is recorded when it is earned and is shown as “Interest income on notes receivable from participants” in the Statement of Changes in Net Assets Available for Benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Note 5, “Fair Value Measurements” describes the valuation techniques and inputs used in determining the fair value of the Plan’s investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participants compensation is earned.

3. Risks and Uncertainties

The Plan provides for investment in various investment securities that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities could occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances.

4. Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, net appreciation (depreciation) in the fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years then ended, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Empower Trust Company, LLC for 2025 and 2024.

5. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability, or in the absence of a principal market, the most advantageous market. Market participants are buyers and sellers in the principal (or most advantageous) market that are independent, knowledgeable, able to transact for the asset or liability and willing to transact for the asset or liability.

Valuation techniques consistent with the market approach, income approach and/or cost approach are used to measure fair value. The inputs of these valuation techniques are categorized into three levels.

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the reporting date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs. Unobservable inputs reflect the plan trustee assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances.

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

Following is a description of the valuation techniques used to measure the Plan's assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. Mutual funds are valued at the net asset value of shares held by the Plan at year end based on published market quotations on active markets.

The prices or unit values for Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The annuity disclosures for pricing methods are considered an observable input.

The Putnam Stable Value Fund and the T Rowe Price Stable Value Common Trust B are not available on an exchange or active markets. The fair value of these funds are valued at NAV as practical expedients of units held by the Plan. The self-directed brokerage accounts consists primarily of equity securities, mutual funds, and money market funds. These are valued at quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Based on an analysis of the inputs, the Plan's financial assets measured at fair value at December 31, 2025 and 2024 have been categorized as follows:

Fair Value Measurements at December 31, 2025				
	Total	Level 1	Level 2	Level 3

6. Related-Party and Party in Interest Transactions

Empower refers to products and services offered in the retirement markets by Empower Annuity Insurance Company of America (“EAIC”), and their subsidiaries and affiliates, including Empower Life & Annuity Insurance Company of New York (“ELAINY”), and Empower Trust Company, LLC (“Empower Trust”).

Investment products may be principally underwritten by Empower. Collective investment funds, trustee and custodial services may be offered through Empower. Advisory services are offered by Empower Advisory Group, LLC, a federally registered investment adviser and subsidiary of Empower.

Wells Fargo Advisors, LLC (“WFA”), a wholly-owned subsidiary of Wells Fargo & Company, acts as an advisor on investment portfolios of this Plan. Transactions involving those portfolios under advisement by WFA qualify as party-in-interest transactions under ERISA and are exempt from ERISA’s prohibited transaction rules.

7. Income Tax Status

The underlying prototype Plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the “Code”). Any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits and contribution per the financial statements at December 31, 2025 and 2024 to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	\$ 312,739,251	\$ 193,054,444
Less Company contributions receivable	—	174,712
Less Employee contributions receivable	—	316,660
Net assets available for benefits per Form 5500	<u>\$ 312,739,251</u>	<u>\$ 192,563,072</u>
Contributions per the financial statements as of December 31, 2025		\$ 92,571,865
Add contributions receivable at December 31, 2024		491,372
Contributions per Form 5500		<u>\$ 93,063,237</u>

9. Subsequent Events

Pursuant to the Merger, the Company completed the transfer of an additional group of employees with an effective plan start date of December 21, 2025. Subsequent to year end, the related participant account balances were transferred from the predecessor plan to the Plan following the liquidation of the predecessor plan's investments.

Through the date that the Plan's financial statements were available to be issued, August 6, 2026, no subsequent events or transactions have occurred requiring disclosure or adjustment to the Plan's financial statements, other than the transfer of participant account balances noted above.

Independent Auditor's Report

To the Plan Administrator
Argo Group US 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Argo Group US 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Argo Group US 401(k) Plan
Notes to Financial Statements
December 31, 2025

1. Plan Description

The following description of the Argo Group US 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan summary for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution Plan designed to assist eligible employees in accumulating funds for their retirement by providing them with a means for regularly saving part of their income. Argo Group US, Inc. is the Plan Sponsor (“Plan Sponsor”). Eligible employees of Argo Group US, Inc. (“Argo Group US”) and participating affiliates (collectively, the “Company”) may participate in the Plan as soon as administratively possible following their date of hire or, if later, following attaining the age 21. The Retirement Committee of the Plan Sponsor is the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Merger

Effective February 4, 2025, the Company completed a merger of the American National Insurance Company's separate defined contribution plan into this Plan, (the "Merger"). The Merger was executed in accordance with ERISA guidelines and approved by the respective plan fiduciaries. Assets of approximately \$70 million were transferred as part of the Merger are reflected as rollover contributions in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

On December 18, 2025, in connection with the termination of the American National Insurance Company Employees Retirement Plan (the “ANICO Pension Plan”), a “qualified replacement plan” (or “QRP”), transfer was made to the Plan in the amount of \$39.1 million. The transfer represents excess assets remaining after satisfaction of all benefit obligations and was made pursuant to applicable Internal Revenue Code provisions governing qualified replacement plans. The transferred assets are included in forfeitures and will be allocated to participant accounts over a period not to exceed seven years, in accordance with Plan provisions.

Contributions and Vesting

The maximum percentage that a participant can contribute to the Plan is 75% of the participant’s eligible pay, subject to maximums established by law. The Plan permits participants to make contributions on a pre-tax, Roth 401(k) after-tax and/or catch-up basis. Employees with dates of hire on or after July 1, 2017, are automatically enrolled in the Plan at an automatic deferral percentage of 5% of the participant’s compensation, unless the participant elects otherwise. Participants are always fully vested in their contributions plus earnings thereon. During 2025, the Company made discretionary matching contributions of 100% of the first 5% of eligible compensation that was contributed on a bi-weekly basis by each participant. The participants’ rights to the matching amounts contributed by the Company, plus earnings thereon, vest at a rate

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

of 20% for year one, 40% for year two, and 60% for year three and are fully vested after three years of service.

Effective January 1, 2023, all deferring participants who have made an affirmative election of 0% will be subject to the automatic escalation provision. The annual escalation will be 1% up to a maximum of 10%.

Participant Accounts

The balance in each participant's account is increased through participant contributions, revenue credits from investments, if applicable, earnings from investment selections, and an allocation of the Company's contributions. The allocations of the Company's contributions are based on the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance. The balance in each participant's account is charged for, and therefore decreased by, quarterly fees for recordkeeping, financial services fees, loan application fees as applicable, and financial advisory services fees as applicable.

Notes Receivable from Participants

The Plan contains a feature that allows participants to borrow funds against their 401(k) accounts. A loan amount is limited to the lesser of \$50,000 or 50% of the value of the vested amount in the participant's account. No new loans are issued to a participant when that participant has two existing loans. When there are multiple loans, the total amount of the loans is limited to the lesser of \$50,000 or 50% of the value of the vested amount in the participant's account. The loans are secured by the balance in the participant's account. The term of repayment for a loan is up to five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through regular payroll deductions. The interest rate is fixed and equals 1% over the prime rate as reported in the Wall Street Journal in effect on the date the loan is issued.

Forfeitures/Asset Holding Account

Forfeitures are defined as the portion of the participants' Company contributions that have not vested at the time the participant terminates employment with the Company. Forfeitures are used to reduce future Company contributions to the Plan. During 2025 and 2024, \$1,899,823 and \$1,274,474, respectively, of forfeitures were applied to the Company contributions. As of December 31, 2025 and 2024, the remaining forfeiture balance totaled \$38,984,682 and \$497,387, respectively.

Plan Termination

Although the Company expects to continue the Plan indefinitely, it does have the right to discontinue its contributions and terminate, amend, modify or suspend the Plan at any time, subject to the provisions of ERISA. In the event of termination of the Plan, there will be no impairment of the participants' rights of withdrawal and each participant's account will become

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

fully vested. Each participant may elect to receive the value in their account in one of the various forms described in detail in the Plan document.

Benefit Payments

A participant or beneficiary will receive the value of their vested account after termination of service with the Company, or upon death, disability, or retirement. Accounts are fully vested when a participant's employment is ended by reason of death, disability or normal retirement. Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested balance exceeds \$7,000 may leave the account balance in the Plan or elect to roll over the account balance to another retirement plan or receive a single-sum payment. A participant whose vested balance is greater than \$1,000, but less than or equal to \$7,000 may elect to roll over the account balance to another retirement plan or receive a single-sum payment, or if an election is not made, the account balance will be automatically rolled over to an individual retirement account designated by the Plan Administrator. A participant account with a vested balance of \$1,000 or less may elect to roll over the account balance to another retirement plan or receive a single-sum payment, or if an election is not made, the account balance will be paid to the participant as a single-sum payment. More detail and any exceptions to the above are described in the Plan document.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Fee Rebate Arrangement

Empower Retirement™ ("Empower") provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Empower. Empower charges a hard dollar record-keeping fee which is paid directly by the participants as a deduction from their accounts. Revenue rebates collected by Empower and reimbursed back into the participant accounts for 2025 and 2024 were \$705,547 and \$449,730, respectively.

Administrative Expenses

Administrative expenses are charged to Plan participants on a quarterly basis. Expenses relating to the investment fund expense ratios are netted out of the participant accounts within the daily net asset value ("NAV"). In addition, the quarterly recordkeeping fee is charged directly against any participant with an accounts balance. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses incurred and charged to Plan participants for 2025 and 2024 were \$338,094 and \$214,805, respectively.

2. Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (“GAAP”). Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes Receivable from Participants

“Notes receivable from participants” on the Statements of Net Assets Available for Benefits represents participant loans that are recorded at their unpaid principal balance plus any accrued interest. Interest income on notes receivable from participants is recorded when it is earned and is shown as “Interest income on notes receivable from participants” in the Statement of Changes in Net Assets Available for Benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Note 5, “Fair Value Measurements” describes the valuation techniques and inputs used in determining the fair value of the Plan’s investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participants compensation is earned.

3. Risks and Uncertainties

The Plan provides for investment in various investment securities that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities could occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances.

4. Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, net appreciation (depreciation) in the fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years then ended, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Empower Trust Company, LLC for 2025 and 2024.

5. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability, or in the absence of a principal market, the most advantageous market. Market participants are buyers and sellers in the principal (or most advantageous) market that are independent, knowledgeable, able to transact for the asset or liability and willing to transact for the asset or liability.

Valuation techniques consistent with the market approach, income approach and/or cost approach are used to measure fair value. The inputs of these valuation techniques are categorized into three levels.

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the reporting date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs. Unobservable inputs reflect the plan trustee assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances.

Following is a description of the valuation techniques used to measure the Plan's assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. Mutual funds are valued at the net asset value of shares held by the Plan at year end based on published market quotations on active markets.

The prices or unit values for Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The annuity disclosures for pricing methods are considered an observable input.

The Putnam Stable Value Fund and the T Rowe Price Stable Value Common Trust B are not available on an exchange or active markets. The fair value of these funds are valued at NAV as practical expedients of units held by the Plan. The self-directed brokerage accounts consists primarily of equity securities, mutual funds, and money market funds. These are valued at quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Based on an analysis of the inputs, the Plan's financial assets measured at fair value at December 31, 2025 and 2024 have been categorized as follows:

6. Related-Party and Party in Interest Transactions

Empower refers to products and services offered in the retirement markets by Empower Annuity Insurance Company of America (“EAIC”), and their subsidiaries and affiliates, including Empower Life & Annuity Insurance Company of New York (“ELAINY”), and Empower Trust Company, LLC (“Empower Trust”).

Investment products may be principally underwritten by Empower. Collective investment funds, trustee and custodial services may be offered through Empower. Advisory services are offered by Empower Advisory Group, LLC, a federally registered investment adviser and subsidiary of Empower.

Wells Fargo Advisors, LLC (“WFA”), a wholly-owned subsidiary of Wells Fargo & Company, acts as an advisor on investment portfolios of this Plan. Transactions involving those portfolios under advisement by WFA qualify as party-in-interest transactions under ERISA and are exempt from ERISA’s prohibited transaction rules.

7. Income Tax Status

The underlying prototype Plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the “Code”). Any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the

Argo Group US 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits and contribution per the financial statements at December 31, 2025 and 2024 to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	\$ 312,739,251	\$ 193,054,444
Less Company contributions receivable	—	174,712
Less Employee contributions receivable	—	316,660
Net assets available for benefits per Form 5500	<u>\$ 312,739,251</u>	<u>\$ 192,563,072</u>
Contributions per the financial statements as of December 31, 2025		\$ 92,571,865
Add contributions receivable at December 31, 2024		491,372
Contributions per Form 5500		<u>\$ 93,063,237</u>

9. Subsequent Events

Pursuant to the Merger, the Company completed the transfer of an additional group of employees with an effective plan start date of December 21, 2025. Subsequent to year end, the related participant account balances were transferred from the predecessor plan to the Plan following the liquidation of the predecessor plan's investments.

Through the date that the Plan's financial statements were available to be issued, August 6, 2026, no subsequent events or transactions have occurred requiring disclosure or adjustment to the Plan's financial statements, other than the transfer of participant account balances noted above.
