Independent Auditor's Report

Board of Trustees
Security Benefit Corporation Welfare Benefit Plan

Opinion

We have audited the financial statements of Security Benefit Corporation Welfare Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statement present fairly, in all material respects, the net assets available for benefits of the Plan on a modified cash basis as of December 31, 2025 and 2024, and the changes in its net assets available for benefits on a modified cash basis for the years then ended, in accordance with the modified cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule (modified cash basis) of the schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule (modified cash basis) is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of Security Benefit Corporation Welfare Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a contributory welfare plan which provides various health and welfare programs to eligible retirees and employees and their dependents of the following employers: Security Benefit Business Services (SBBS); Eldridge Wealth Solutions, Inc. (EWS), previously Security Benefit Corporation; Eldridge Capital Management Services, LLC; Security Benefit Life Insurance Company (SBLIC); First Security Benefit Life Insurance and Annuity Company of New York; Security Financial Resources, Inc.; Security Benefit Academy, Inc.; SE2, LLC; Eldridge Business Services, LLC; Eldridge Executive Services, LLC; Security Distributors, LLC; Everly, LLC; Panagram Services, LLC; and Sommsation Services, LLC; (referred to herein, collectively as the Company).

A portion of the benefits are funded through the Voluntary Employee Benefits Association Trust (VEBA or Trust), which is qualified for tax exemption under Section 501(c)(9) of the Internal Revenue Code. SBLIC is the trustee of this VEBA. Other benefits are funded directly by contributions from one or more of the employers as well as the employees. EWS is the overall Plan Administrator and leading Plan sponsor for the Plan.

EWS is the named fiduciary of the Plan, with full authority to control and manage the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Benefits Committee is responsible for oversight of the Plan.

Eligibility: All regular full-time associates and part-time employees scheduled to work 20 hours per week or more are eligible to enroll in the medical, prescription, dental, vision, life and accidental death and dismemberment plans on the first of the month following the month of their hire date. If the hire date is on the first of the month, the associate would be allowed to enroll immediately. If an employee chooses not to enroll at his or her first opportunity, he or she must wait for open enrollment, which is held annually, or for a qualifying life event.

Employees may participate in the short-term disability and the long-term disability programs after the employee has worked 90 days and is scheduled to work at least 20 hours per week.

The various programs of the Plan and related contribution policies are described as follows:

Health Care Benefits Program: Provides hospitalization and medical benefits, including prescriptions, for enrolled employees, with a family coverage option, and eligible retirees. Contributions to the health care benefits program are made by enrolled employees, eligible retirees, and the employer. The employer determines the amount of contribution made for each employee class. The employer contribution is the balance necessary to meet the program's funding requirements in excess of the employee contribution.

Post-retirement benefits: Employees of EWS and its affiliates with five or more years of continuous service and who reached age 54 on or before June 30, 2017; and who retire from active employment on or after age 55 may continue to participate in health care and prescription programs. The costs of the post-retirement benefit plan are shared by the employer and eligible retirees. The employer's portion of retiree premiums is frozen at the 2003 premium rates, except for certain employees who retired prior to 2003, to whom the frozen rates do not apply. In addition to deductibles and co-payments, retirees pay the difference between the actual current premium and the frozen employer's portion.

Note 1. Description of the Plan (Continued)

The employers' percentage contribution rates for the total contributions of eligible retirees during the year ended December 31, 2025 and 2024, were as follows:

Eligible Retirees Years of Service After the Age of 40	Percentage of Premiums Paid by Employer— As a % of 2003 Rates
5-10 years	25%
11	30
12	35
13	40
14	45
15	50
16	55
17	60
18	65
19	70
20 and over	75

Term Life Insurance Program: Provides life insurance coverage for enrolled employees. Contributions are paid by the employer in an amount necessary to pay premiums for the insurance coverage.

Supplemental Term Life Insurance Program: Provides additional life insurance coverage for enrolled employees. Contributions are paid by the employee in an amount necessary to pay premiums for the insurance coverage.

Dependent Life Insurance Program: Provides life insurance coverage for an enrolled employee's spouse and dependents. Contributions are paid between the enrolled employee and the employer in an amount necessary to pay premiums for the insurance coverage.

Dental Benefits Program: Provides dental benefits for enrolled employees with a family coverage option. Contributions to the program are made by both the enrolled employee and the employer. The employer determines the amount of contribution made for each employee class. The employer contribution is the balance necessary to meet the program's funding requirements in excess of the employee contribution.

Long-Term Disability Insurance Program: Provides long-term insurance coverage, which pays 66.67% of salary, up to a maximum of $20,000 per month, for enrolled employees who experience long-term disabilities. Contributions are paid by the employer in an amount necessary to pay premiums for the insurance coverage. Prior to April 1, 2024, contributions were paid equally between the employee and the employer.

Basic Accidental Death and Dismemberment Insurance Program: Provides accidental death and dismemberment insurance coverage, which pays up to two times the enrolled employee's annual salary. Contributions are paid by the employer in an amount necessary to pay premiums for the insurance coverage.

Note 1. Description of the Plan (Continued)

Voluntary Accidental Death and Dismemberment Insurance Program: Provides supplemental accidental death and dismemberment insurance coverage in addition to the coverage provided for all enrolled employees by the employer. Contributions for the voluntary accidental death and dismemberment program are paid by the enrolled employee in an amount necessary to pay premiums for the insurance coverage.

Voluntary Accident Insurance Program: Accident Insurance is designed to supplement employer-sponsored health coverage and helps offset the out-of-pocket costs of medical care following a non-work related injury. Benefits are paid tax-free to employees and can be used to make up for lost wages, cover living expenses, or be applied to health insurance deductibles. Contributions are paid by the enrolled employee in an amount necessary to pay premiums for the insurance coverage.

Voluntary Hospital Indemnity Insurance Program: Hospital Indemnity insurance provides admission and daily confinement benefits for hospital stays due to covered illnesses, injuries, procedures, and pregnancy. Payments may be used for various purposes—from medical expenses like deductibles, to everyday costs, like housekeeping and childcare. Contributions are paid by the enrolled employee in an amount necessary to pay premiums for the insurance coverage.

Voluntary Critical Illness Insurance Program: Critical Illness Insurance is designed to supplement medical coverage by helping to pay for out-of-pocket costs associated with being newly diagnosed with a major illness or medical event. Some, but not all, of the conditions covered under this program include cancer, heart attack, stroke, advanced Alzheimer's disease, kidney failure, and paralysis. Contributions are paid by the enrolled employee in an amount necessary to pay premiums for the insurance coverage.

Mental Health Care Program: Modern Health provides mental health care services that include one-on-one support with a coach or therapist, as well as self-guided digital resources. Contributions are paid by the employer in an amount necessary to pay premiums for the insurance coverage.

Flexible Spending Program: Provides pretax payroll deductions for dependent care and health expense reimbursements. Contributions are made by the enrolled employee and are limited by the Internal Revenue Code (Code).

Limited Flexible Spending Program: Provides pretax payroll deductions for eligible dental and vision expenses, not medical. Contributions are made by the enrolled employee and are limited by the Code.

Short-Term Disability Program: Provides payment equal to 66.67% of an employee's regular earnings, up to a maximum of $20,000 per month, during a period of short-term disability. Payment begins following seven days of unpaid disability leave. Amounts related to the program are paid as wages incurred.

Vision Insurance Program: Provides coverage for routine services for eye exams, lenses, or contacts. Contributions for the voluntary vision insurance program are paid by the enrolled employee in an amount necessary to pay premiums for the insurance coverage.

Claims processing: United Healthcare processes health claims and, on behalf of the trustee, disburses health claim payments in accordance with the provisions of the Plan. The Plan pays United Healthcare an administrative fee based on the number of enrolled employees and amount of health claim payments processed.

Note 1. Description of the Plan (Continued)

OptumRx, through United Healthcare, processes prescription claims and, on behalf of the trustee, disburses prescription claim payments in accordance with the provisions of the Plan to the participant or designated assignee. The Plan pays OptumRx through United Healthcare an administrative fee based on the number of enrolled employees and amount of prescription claim payments processed.

Delta Dental processes dental claims and, on behalf of the trustee, disburses dental claim payments in accordance with the provisions of the Plan. The Plan pays Delta Dental an administrative fee based on the number of enrolled employees.

WEX administers the Flexible Spending Program. The Plan pays WEX an administrative fee based on the number of enrolled employees.

Eye Med Vision Care administers and processes vision claims and pays the provider's office. The Plan pays Eye Med insurance premiums, which cover the claims and administrative fees for each enrollee.

Stop-loss coverage: The Plan has entered into a stop-loss insurance arrangement in order to limit its exposure for self-insured benefits. As of December 31, 2025 and 2024, coverage was provided for individual participant claims over $200,000 and maximum aggregate benefits were $2,000,000.

Refunds: Refunds from OptumRx are recorded when received. Pharmacy rebates totaling approximately $2,999,000 and $2,461,000 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively.

Claim amounts exceeding stop loss coverage were not remitted by the Plan, thus there were no health care refunds received by the Plan in 2025 and 2024. Amounts totaling approximately $2,528,000 and $1,628,000 exceeded stop loss coverage and were paid by United Healthcare for the years ended December 31, 2025 and 2024, respectively.

Experience-rated contracts: The stop-loss insurance contract is subject to experience-rating adjustments. Experience ratings (calculated as the difference between premiums paid and the total of claims paid and fees charged by the insurance company) are determined by the insurance company in the following year and may result in a premium surplus or deficit.

Self-insured benefits: Medical, dental and prescription benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Plan amendment and termination: Although they have not expressed any intention to do so, the employers have the right under the Plan to modify the benefits provided to, and contributions required of, participants. Additionally, the employers have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the employers or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on a modified cash basis. If the accompanying financial statements had been prepared under the accrual basis of accounting, contributions, rebates and plan administrative expenses to be paid or received would be recognized when incurred rather than reflected by the receipt or payment of cash. Accordingly, the financial statements of the Plan are presented on a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements on the modified cash basis of accounting and the related notes requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, incurred but not reported, claims payable, and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Benefit payments: Health claim payments are recorded when paid by the Plan to the third-party claims processors. Amounts due to claims processors that have yet to be reimbursed by the Plan are not included on the statement of net assets available for benefits. These amounts are included in claims payable in the calculation of the Plan's future benefit obligations (see Note 5).

Medical and dependent care expense reimbursements related to the flexible spending program and short-term disability expenses are classified as other benefit payments.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Post-retirement benefits: The amount reported as the post-retirement benefit obligation (see Note 5) represents the actuarial present value of those estimated future medical and life benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Post-retirement benefits include future benefits expected to be paid to or for: (1) currently eligible retirees and their dependents and (2) active employees and their dependents after retirement from service with EWS. The post-retirement benefit obligation represents the amount that is to be funded by contributions from EWS and from existing Plan assets.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Note 2. Summary of Significant Accounting Policies (Continued)

The following were significant assumptions used in the valuations as of December 31, 2025 and 2024:

	2025	2024
Discount rate	5.36%	5.58%
Average retirement age based on service:	Various rates ranging from 0 % to 5% at ages 55 to 57 to 100% at age 70	Various rates ranging from 0 % to 5% at ages 55 to 57 to 100% at age 70
Mortality:	Pri-2012 total employee and retiree mortality table with 2024 Adjusted MP 2021 generational projection of future mortality improvement	Pri-2012 total employee and retiree mortality table with 2024 Adjusted MP 2021 generational projection of future mortality improvement
Health care cost increase or trend rate:	5.50% grading down to 5.00% in 2027 and beyond	5.75% grading down to 5.00% in 2027 and beyond

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligation.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2025) through September 10, 2026, the date the financial statements were available to be issued.

Note 3. Concentration of Deposits

The Plan's policy is to maintain its bank deposits with sound financial institutions. Bank deposits, at times, may exceed federally insured limits.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Interest-bearing cash: Cash reported as Level 1 is valued at cost, which approximates fair value.

Note 5. Benefit Obligations

The Plan's benefit obligations are as follows for the years ended December 31:

	2025	2024
Amounts currently payable:		
Claims payable and claims incurred but not reported	$ 2,923,000	$ 3,072,000
Accumulated post-retirement benefit obligation:		
Current retirees	3,652,656	3,296,946
Participants fully eligible for benefits	1,774,064	1,823,747
Participants not fully eligible for benefits	417,483	372,230
	5,844,203	5,492,923
Total benefit obligation	$ 8,767,203	$ 8,564,923

Note 5. Benefit Obligations (Continued)

The changes in the Plan's benefit obligations are as follows for the years ended December 31:

	2025	2024
Amounts currently payable:		
Balance at December 31, prior year	$ 3,072,000	$ 2,182,000
Claims reported and approved for payment, including benefits reclassified from benefit obligations	31,400,917	30,243,894
Claims paid	(31,549,917)	(29,353,894)
Balance at December 31, current year	2,923,000	3,072,000
Post-retirement benefit obligation:		
Balance at December 31, prior year	5,492,923	6,007,518
Benefits earned	77,759	63,955
Benefits reclassified to amounts currently payable	(280,530)	(253,993)
Interest	313,675	285,436
Retiree contributions	120,877	101,931
Changes in actuarial assumptions and other actuarial gains	119,499	(711,924)
Balance at December 31, current year	5,844,203	5,492,923
Total benefit obligations	$ 8,767,203	$ 8,564,923

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 provides a prescription drug benefit under Medicare as well as a federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D. There was no subsidy recorded for 2025 and 2024.

The Plan's deficiency of net assets over benefit obligations at December 31, 2025 and 2024, relates primarily to the post-retirement benefit obligation, the funding of which is not covered by the contribution rate determined by EWS. It is expected that the deficiency will be funded through future increases in the contribution rates. In addition, health claims incurred by retired participants but not reported at December 31 are included in the accumulated post-retirement benefit obligation. Also, health claims in the course of settlement are included in the amounts currently payable on the statement of benefit obligations shown above, as of December 31, 2025 and 2024.

For measurement purposes, an annual rate of increase in the per capita cost of covered health care benefits was assumed at 5.50% for 2025 and 5.75% for 2024. This health care cost trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point in each year, it would increase the obligation as of December 31, 2025 and 2024, by approximately $221,000 and $215,000, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligation.

Note 6. Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and the actuary. These expenses are reported in the statements of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Note 7. Transactions With Parties-in-Interest

Administrative expenses totaling approximately $924,000 and $837,000 were paid during 2025 and 2024, respectively, to United Healthcare for processing of health claims and certain other administrative expenses incurred in maintaining the Plan.

Stop-loss insurance coverage for the health care benefits program was maintained by United Healthcare, and premiums associated with this coverage totaled approximately $2,672,000 and $2,775,000 during 2025 and 2024, respectively.

Reinsurance premiums for retirees paid to United Healthcare totaling approximately $264,000 and $239,000 in 2025 and 2024, respectively.

The dental benefits program was administered by Delta Dental, which received administrative fees of approximately $52,000 and $53,000 during 2025 and 2024, respectively.

Premium and other benefits programs are administered by Hartford Life and Accident Insurance Company, Prudential Insurance Company of America, Symetra Life Insurance Company, Elevance Health, Inc., EyeMed Vision Care and Metropolitan General Insurance Company who are also considered parties-in-interest.

Section 1341 of the Affordable Care Act established a transitional reinsurance program to stabilize premiums in the individual market inside and outside of the Marketplaces. The transitional reinsurance program collects contributions from contributing entities to fund reinsurance payments to issuers of nongrandfathered reinsurance-eligible individual market plans, the administrative costs of operating the reinsurance program, and the General Fund of the U.S. Treasury. There was no fee in 2025 or 2024.

In 2019 the Affordable Care Act imposed fees on issuers of specified health insurance policies and plan sponsors of applicable self-insured health plans to help fund the Patient-Centered Outcomes Research Institute. The Plan paid a fee of approximately $8,500 and $6,500 in 2025 and 2024.

Note 8. Tax Status

The health care and dental benefits programs are funded through the Trust. All other programs in the Plan are nonfunded. The Trust funding the Plan has received a determination letter from the Internal Revenue Service dated May 9, 1994, stating that the Trust is tax-exempt under the provisions of Section 501(c)(9) of the Code as a Voluntary Employee Benefit Association and that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

The Plan has been amended since receiving the determination letter. Plan management and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Note 8. Tax Status (Continued)

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements and disclosures.
