Lauterbach, Borschow & Company

El Paso, Texas 79902

This representation letter is provided in connection with your audits of the financial statements of Commerce 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

We have elected to have the audit of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information such that, in the light of surrounding circumstances, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report

To the Plan Committee
Commerce 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of Commerce 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule H item 4i-Schedule of Assets Held for Investment Purposes at End of Year December 31, 2025 presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMERCE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of Commerce, Inc. (the "Company" and "Plan Administration") 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established July 8, 2022, and is intended to be a qualified plan under the Internal Revenue Code (IRC). The Plan is a defined contribution retirement plan covering all employees. The Plan covers all employees of the Company except for employees covered by a collective bargaining agreement (there are currently no employees under this type of agreement as of December 31, 2025), employees not eligible for full plan benefits, and nonresident aliens. To be eligible to participate in the Plan and receive Company discretionary matching contributions, employees must be 18 years of age and completed at least 3 months of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of Plan Assets: The Plan is administered by the Company. The Plan's assets, which consist of mutual funds and self-directed brokerage accounts, are held by the Fidelity Management Trust Company (Trustee). Contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Contributions: Each year, participants may authorize payroll deductions of up to 100 percent of compensation as defined in the Plan, subject to annual IRS limits, as before-tax or Roth after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan has an automatic enrollment provision under which participants are enrolled to withhold 3 percent of eligible compensation, with the deferral rate increasing by 1 percent each October 1 up to a maximum of 15 percent. The Company may elect to make discretionary matching or profit-sharing contributions as a percentage of participant deferrals or eligible compensation. For 2024, the Company did not elect to make discretionary matching or profit-sharing contributions. Beginning in 2025 the Company elected to provide for the discretionary match in accordance with the plan provisions in which the Company will match 50 percent of the first 6 percent of eligible compensation that a participating employee contributes.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) Plan earnings, (b) deductions for an allocation of administrative expenses, and (c) employer's discretionary matching or profit sharing contributions. Allocations are based on account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

COMMERCE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (continued)

Vesting: Participants are immediately vested in their own contributions and the Company's safe harbor matching contributions plus earnings thereon. Vesting in the Company's discretionary non-elective contributions is based on years of continuous service, according to the schedule below:

<u>Full years of service</u>	<u>Percent vested</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Vesting in the Company's discretionary matching contributions is based on years of continuous service, according to the schedule below:

<u>Full years of service</u>	<u>Percent vested</u>
Less than 1	0%
1	50%
2	100%

Notes Receivable from Participants: Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000, reduced by the highest outstanding note balance in their account during the previous 12 months, except for the amounts borrowed under the CARES Act, which are subject to higher limits. The note is secured by the balance in the participant's account and bears an interest rate based on rates available for similar notes from commercial institutions and is fixed for the term of the note. Interest rates on the outstanding notes at December 31, 2025 ranged from 4.25 percent to 8.50 percent. The notes are repaid through payroll deductions over a period of five years or less, unless the note is for the purchase of a principal residence in which case the notes are repaid over a period of ten years or less.

Contributions Receivable: Contributions from Plan participants and the related matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits: A participant may receive a lump-sum in an amount equal to the value of the participant's vested in their account upon termination of service due to separation of service, death, disability, retirement, or other reasons. Additionally, participants may elect to receive in-service withdrawals if they become 59.5 during the Plan year or have an approved hardship. The Plan has an involuntary cash out procedure for terminated participants with less than a \$1,000 balance.

Forfeited accounts: Forfeited, non-vested account balances at December 31, 2025 and 2024 totaled \$36,367 and \$31,593 respectively. As specified in the Plan documents, forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or other allowable expenses.

COMMERCE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2025, \$18,472 of participant notes receivable were deemed to be delinquent.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated subsequent events through September 4, 2026 the date the financial statements were available to be issued. See Note 11 for further information of subsequent events to be disclosed.

Note 3. Fair Value Measurements

ASC 820-10-35, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-35 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

COMMERCE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and 2024.

Mutual funds: Valued at the net asset value (NAV) of shares, which is based on quoted prices for identical assets in active markets, held by the Plan at year end.

Self-directed brokerage: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 61,114,355	\$ 0	\$ 0	\$ 61,114,355

Investments at fair value	\$ 47,601,609	\$ 0	\$ 0	\$ 47,601,609

Note 4. Administrative Expenses

Administrative expenses incurred were \$180,024 and \$157,266 for the years ended December 31, 2025 and 2024, respectively. The administration expenses of the Plan are paid either by the Plan participants or the Company, as provided in the Plan document. The majority of expenses, such as recordkeeping (approximately \$105,000 for 2025 from \$86,000 for 2024) and consulting fees (approximately \$75,000 for 2025 from \$71,000 for 2024), are paid by the Plan and allocated to participants' accounts. Certain expenses, such as loan setup or in-service withdrawals, are allocated only to the accounts of participants who utilize those specific services. These expenses are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Except for after-tax fees, express mail service, and loan origination fees associated with notes receivable from participants, any remaining administrative expenses of maintaining the Plan are paid by the Company.

Note 5. Information Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the value of investments and notes receivables which were \$62,997,510 and \$386,121 as of December 31, 2025 and \$47,601,609 and \$360,211 as of December 31, 2024 certified by Fidelity Management Trust Company, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The Trustee also certified to the completeness and accuracy of the change in net appreciation in investments of \$8,573,702 and \$4,543,264 for the years ended December 31, 2025 and 2024, respectively, including gains and losses on investments bought and sold, as well as held during the year, and dividends and interest income related to the aforementioned investments and notes receivable which was \$1,849,268 and \$1,364,238 for the years ended December 31, 2025 and 2024, respectively.

COMMERCE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7. Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fee paid to Fidelity was \$115,854 for the year ended December 31, 2025, which was then reduced by an offsetting credit of \$11,161 for 2025, leading to total fees paid of \$104,693. Of the total fees paid to Fidelity for 2025, \$93,628 were paid by Plan participants and \$11,065 were paid by the Company. The administrative fee paid to Fidelity was \$101,330 for the year ended December 31, 2024, which was then reduced by an offsetting credit of \$6,764 for 2024, leading to total fees paid of \$94,566. Of the total fees paid to Fidelity for 2024, \$90,055 were paid by Plan participants and \$4,511 were paid by the Company.

Note 9. Reconciliation of Financial Statements to the IRS Form 5500

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. Subsequent Events

As of January 1, 2026, the Plan was amended to modify the vesting schedules for employer contributions. Participants are now immediately vested in the Company's discretionary matching contributions, in addition to their own contributions and the Company's safe harbor matching contributions plus earnings thereon.

Vesting in the Company's discretionary non-elective contributions has remain unchanged and is based on years of continuous service, according to the schedule below:

Full years of service	Percent vested
Less than 1	0%
1	25%
2	50%
3	75%
4	100%
