INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
iVenture Solutions, Inc. 401k P/S Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of iVenture Solutions, Inc. 401k P/S Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan:

The following description of the iVenture Solutions, Inc. 401k P/S Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 2007. The Plan is a defined contribution plan covering all employees of iVenture Solutions, Inc., and is maintained and sponsored by iVenture Solutions, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees who have completed one month of service are eligible to participate in the Plan, except employees covered by a collective bargaining agreement, leased employees, and nonresident aliens who are not eligible to participate. Part-time employees, temporary employees and interns are eligible to participate in the Plan upon attaining the age of 21 and completing at least 1,000 service hours. Eligible employees may participate the first day of the month following the date the employee satisfies the Plan’s eligibility requirements.

Contributions

The Plan has an automatic enrollment provision providing for 4% salary deferral with 1% increases annually on the first day of the plan year until reaching a maximum of 10%, whereby employees must elect out of the Plan if they do not wish to participate. Each year participants may elect to contribute up to 90% of their annual compensation, as defined by the Plan up to the maximum allowable under the Internal Revenue Code (“IRC”). In addition, employees who have attained age 50 by the end of the plan year may make catch-up contributions up to the limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has elected to make safe harbor matching contributions equal to 100% of the first 4% of eligible participant’s compensation contributed to the Plan. Employees must meet the eligibility requirements and be an active participant during the contribution period to be eligible for the safe harbor matching contribution.

Additional employer discretionary matching and nonelective contributions may be made at the discretion of the Company. Contributions are subject to certain limitations and only employees with over 1,000 service hours are eligible for the allocation of the discretionary nonelective contributions. During 2025, the Company did not make additional employer discretionary matching or nonelective contributions to the Plan.

1. Description of Plan (Continued):

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of Company contributions, and participant earnings. Participant earnings are based on an allocation of Plan earnings respective to each participant's account balances and investment selections. Any related administrative expenses based on participant earnings or account balances are deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are immediately 100% vested in their elective deferrals, including catch-up contributions and rollover contributions from other plans, plus actual earnings thereon, as well as Company safe harbor matching contributions plus actual earnings thereon.

Vesting in the Company's discretionary matching and nonelective contributions plus actual earnings thereon is based on years of continuous service with 1,000 hours for a year of crediting service. Participant vesting in employer discretionary matching and nonelective contributions is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

All employer contributions become fully vested in the event of death, disability, or after reaching normal retirement age while under the Company's employment.

Forfeited Accounts

Forfeitures of non-vested participant balances are first used to pay Plan expenses and then reduce future employer contributions. At December 31, 2025 and 2024, forfeited non-vested accounts held to be used in the future totaled \$328 and \$298. No forfeitures were used to pay Plan expenses or reduce employer contributions during 2025.

Investment Options

The Plan permits every participant to direct their investments under the Plan. The Plan offers mutual funds and common/collective trusts as the primary investment options. The Plan allows participants to invest in the Fidelity Self-Directed Brokerage Account, which enables each participant to self-direct his or her money into a full range of investment options, including individual stocks and bonds, as well as allowing access to additional mutual funds. The Fidelity Self-Directed Brokerage Account is presented as "self-directed brokerage account" in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

iVenture Solutions, Inc. 401k P/S Plan
Notes to Financial Statements

1. Description of Plan (Continued):

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to an amount not to exceed the lesser of one-half of the participant's vested interest under the Plan or \$50,000. The loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions over a five-year period, except for loans for the purchase of a principal residence which may be repaid over a reasonable period of time that may be longer than five years. The loans are collateralized by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account in accordance with Plan provisions. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Participants may elect to receive an in-service distribution after attaining the age of 59 ½.

Account balances that are under \$7,000 may be automatically distributed upon termination of service as a lump sum without consent of the participant.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or Plan. Unless paid by the Company, administrative expenses are allocated to 1) participant accounts proportionally based on the value of the account balances, 2) as an equal dollar amount based on the number of participants of the Plan, or 3) charged to the related participant's account, based on the nature of the expense.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

iVenture Solutions, Inc. 401k P/S Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Contributions

Participant contributions are recorded in the period in which amounts are withheld from participant compensation. Employer contributions are recorded in the period in which they become obligations of the Company under the terms of the Plan.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 3 for a discussion of fair value measurements.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans, if any, are reclassified as distributions to participants based upon the terms of the Plan document. The loans are secured by the balance in the participants' accounts.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

iVenture Solutions, Inc. 401k P/S Plan
Notes to Financial Statements

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Codification Topic 820 ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Self-directed brokerage accounts: The self-directed brokerage accounts are valued based on the fair value of the underlying investments, which includes non-interest bearing cash, interest-bearing cash, common stocks, preferred stocks, and mutual funds. The underlying investments are carried at fair value based on quoted market prices.

Common/collective trusts: Stated at fair value as determined by the issuers of the funds on the fair market value of the underlying investments, which is valued at net asset value ("NAV") as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

iVenture Solutions, Inc. 401k P/S Plan
Notes to Financial Statements

3. Fair Value Measurements (Continued):

The following tables set forth by level, within the fair value hierarchy, the Plan investment assets at fair value as of December 31:

	Level	2025	2024
Mutual funds	1	\$ 10,794,030	\$ 9,359,156
Self-directed brokerage accounts	1	2,690,531	2,077,535
Total		13,484,561	11,436,691
Common/collective trust measured at NAV (a)		41,065	73,465
Total investments at fair value		\$ 13,525,626	\$ 11,510,156

(a) In accordance with ASC 820, investments that were measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item, Investments at fair value, in the Statements of Net Assets Available for Benefits.

4. Information Certified by the Plan Trustee:

The following investments included in the statements of net assets available for benefits as of December 31, 2025 and 2024, and the dividend and interest income and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2025 have been derived from information certified as complete and accurate by Fidelity Management Trust Company (“Fidelity”), trustee of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

<i>December 31,</i>	2025	2024
Mutual funds	\$ 10,794,030	\$ 9,359,156
Self-directed brokerage accounts	2,690,531	2,077,535
Common/collective trusts	41,065	73,465
Notes receivable from participants	157,219	153,834
<i>Year Ended December 31,</i>	2025	
Net appreciation in fair value of investments	\$ 1,694,600	
Dividend and interest income	349,248	
Interest on notes receivable from participants	12,895	

5. Parties-in-Interest Transactions:

Certain Plan investments were managed by Fidelity, the Plan trustee and recordkeeper during 2025. Therefore, transactions with Fidelity have been identified as party-in-interest transactions. During 2025, fees paid by the Plan for trustee and recordkeeping services totaled \$30,558.

Kestra Investment Services, LLC (“Kestra”) provides investment management and advisory services to the Plan. Accordingly, transactions with Kestra qualify as party-in-interest transactions. During 2025, the Plan paid Kestra \$24,092 for investment management and advisory services.

Strategic Advisors, Inc. (“SAI”) provides personalized planning and advice (“PPA”) professional money management customized to the Plan’s investment options directly to participants. Accordingly, transactions with SAI qualify as party-in-interest transactions. During 2025, the Plan paid SAI \$12,467 for PPA services.

Included in the Plan assets are notes receivable from participants. At December 31, 2025 and 2024, notes receivable from participants amounted to \$157,219 and \$153,834, respectively. For the year ended December 31, 2025, interest income related to notes receivable from participants amounted to \$12,895. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their accounts.

7. Tax Status:

The Plan operates under a Fidelity Volume Submitter Defined Contribution Plan. The submitter plan received a favorable opinion letter from the IRS on June 30, 2020, which stated the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management has evaluated the Plan’s tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition of liability (or asset) in the accompanying financial statements. With few exceptions, the Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for years before 2022.

8. Subsequent Events:

Management has evaluated subsequent events through September 10, 2026, the date the financial statements were available to be issued and has determined that there are no subsequent events requiring recognition or disclosure in the financial statements.
