Independent Auditor's Report

To the Administrative Committee of
The VGuru LLC 401(k) Plan

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We have performed audits of the financial statements of the VGuru LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the VGuru LLC 401(k) Plan (the "Plan") financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards ("GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VGURU LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the VGuru LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by VGuru, LLC (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (the “IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan began on October 1, 2024 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

Employees are eligible after attaining age 18 and completing a 12-consecutive-month period beginning on their employment commencement date during which they complete at least 1,000 hours of service are eligible to participate in the Plan. If an employee does not complete 1,000 hours of service during the initial 12-month period, the employee is subject to the Plan’s one-year-of-service requirement. An eligible employee enters the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. All newly eligible participants are automatically enrolled in the Plan at an initial contribution rate of 3% of eligible compensation unless the participant affirmatively elects a different contribution rate or elects not to contribute. The automatic contribution rate increases by 1% annually, up to a maximum of 10% of eligible compensation.

Contributions

Each participant may contribute on a pretax or Roth after-tax basis, subject to limitations under the IRC. Participants who have attained the applicable age prescribed by the IRC are eligible to make catch-up contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified retirement plans.

The Plan provides for a qualified automatic contribution arrangement (“QACA”) safe harbor matching contribution. The Company contributes 100% of a participant’s elective deferrals that do not exceed 1% of the participant’s compensation, plus 50% of elective deferrals that exceed 1% but do not exceed 6% of the participant’s compensation. The safe harbor matching contribution is determined separately for each payroll period, and year-end true-up contributions are not made.

Participant Accounts

Participants’ accounts are valued on a daily basis. Each participant’s account is credited with the participant’s and employer’s contributions and allocations of net investment earnings and is charged with applicable administrative expenses. Allocations of employer contributions are made in accordance with the provisions of the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting of Benefits

Participants are immediately 100% vested in their elective deferral and rollover contributions. Employer QACA safe harbor matching contributions are subject to a two-year cliff vesting schedule, whereby participants are 0% vested with less than two years of vesting service and 100% vested upon completion of two years of vesting service. A participant is credited with a year of vesting service for each plan year in which the participant completes at least 1,000 hours of service. Participants also become 100% vested in their QACA safe harbor matching contributions upon attainment of normal retirement age while employed, death, or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, with a minimum loan amount of \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing market rates. Principal and interest are paid ratably through payroll deductions. Any notes receivable from participants that are not repaid under the terms of the loan are considered delinquent and the Plan would then take reasonable actions to collect the balance outstanding. In the event of default, the loan is considered a distribution from the Plan.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses on loans related to the outstanding notes receivable has been recorded as of December 31, 2025. If a participant ceases to make repayments on their note receivable and the Plan Administrator deems the note to be in default, the balance of the note is reduced from the participant's account and a benefit payment is recorded (deemed distribution).

Payment of Benefits

Participants may request a distribution from their pre-tax deferrals while still employed with the Company if they have attained age 59 ½. If the participant has attained normal retirement age, as defined, and continues employment with the Company, employer matching and profit-sharing contributions will also be available for distribution. There is no limit to the number of in-service distributions that may be requested by an employed participant once they reach normal retirement age.

On termination of service due to death, disability or retirement, a participant is entitled to distributions of their vested account. For those participants whose account value is \$1,000 or less at termination, an involuntary cash-out distribution will be made.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Forfeitures of non-vested accounts relate to employer contributions made before funds have been fully vested. Additionally, participants that are deemed to have made excess contributions during the year will have the related employer matching amounts and earnings forfeited. These amounts may be used to reduce employer contributions or pay administrative expenses. For the years ended December 31, 2025 and 2024, no forfeitures were used to reduce employer contributions or pay administrative expenses. No forfeiture balances were available as of December 31, 2025 and 2024.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, third-party administrators, and the Plan custodian. See Note 4 for discussion of fair value measurements. Notes receivable from participants are valued at unpaid principal balance plus accrued but unpaid interest.

Purchases and sales of securities are recorded on a trade date basis and realized gains or losses on security transactions are recognized on the trade date. Interest and dividend income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Upon termination of service, whether due to death, disability, retirement, or other reasons, a participant can elect for the value of his or her vested account to be distributed in the form of various options, as specified in the Plan document. Benefits are recorded when paid.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – INFORMATION CERTIFIED BY ASSET CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by ADP Retirement Trust Services, LLC and furnished to the plan administrator. The Plan Administrator has obtained certifications from ADP Retirement Trust Services, LLC, stating that such information is complete and accurate:

- The value of investments as indicated in the statements of net assets available for benefits and notes to financial statements, including notes receivable from participants.
- All information indicated in the statement of changes in net assets available for benefits, with the exception of contributions, benefit payments and administrative fees, if any.
- All information indicated in the supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation method include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

VGURU LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS – CONTINUED
DECEMBER 31, 2025

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies during the year ended December 31, 2025.

Registered investment companies: Valued using quoted market prices in active markets for identical assets and are classified within Level 1 of the fair value hierarchy.

Common Collective Trust Funds: In accordance with ASC 820, these investments are valued at fair value using the net asset value (“NAV”) per share (or its equivalent) and have not been classified in the fair value hierarchy. These investments, consisting of common collective trusts, are valued using the NAV provided by the trustee. The NAV is based on the underlying investments held by the funds that are traded in an active market, less its liabilities. These investments can be redeemed in the near term. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2025:

	Fair Value	Level 1	Level 2	Level 3
Registered investment companies	\$ 702,086	\$ 702,086	\$ -	\$ -

NOTE 5 – PARTIES-IN-INTEREST TRANSACTIONS

Certain parties-in-interest provide administrative, recordkeeping, and custodial services to the Plan. ADP, Inc. provides recordkeeping services to the Plan and ADP Retirement Trust Services, LLC serves as custodian of the Plan's assets. Fees for these services may be paid directly by the Plan or through revenue generated by Plan investments. Direct fees paid by the Plan for recordkeeping and administrative services totaled \$5,390 for the year ended December 31, 2025.

The Plan also invests in certain investment funds offered through the Plan's service arrangements and holds notes receivable from participants. Notes receivable from participants constitutes party-in-interest transactions. These transactions qualify for exemption from the prohibited transaction provisions of ERISA.

NOTE 6 – PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all remaining assets in the affected participants' accounts will be 100% vested and distributed to the participants and beneficiaries of the Plan in the order provided by ERISA.

NOTE 7 – TAX STATUS

The Plan is a non-standardized prototype plan and has received an opinion letter from the IRS dated October 6, 2020, stating that the Non-Standardized Pre-Approved Money Purchase/Profit Sharing/CODA Plan sponsored by ADP, Inc. which has been adopted by the Plan, is acceptable pursuant to Section 401 of the IRC and in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is no longer subject to potential income tax examinations by tax authorities for years for which the statute of limitations has expired.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
