Independent Auditor's Report

To the Plan Administrator
Providence Engineering & Environmental Group, LLC 401(k) Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Providence Engineering & Environmental Group, LLC 401(k) Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2025 financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Providence Engineering & Environmental Group, LLC 401(k) Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Providence Engineering & Environmental Group, LLC 401(k) Pension Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investments of the plan that were certified by a qualified institution. Their report dated August 22, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Providence Engineering & Environmental Group, LLC 401(k) Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Providence Engineering & Environmental Group, LLC and affiliated companies, (collectively referred to as the Company or Employer) who are eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following affiliated companies related through common ownership have adopted the Plan: Providence Engineering & Environmental Group, LLC, Providence Holding, Inc., Providence Technical Services, LLC, and Providence Higher Ground Flood Protection, LLC. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may elect to have pretax compensation, including any bonuses, deferred up to the maximum amount allowed by the Internal Revenue Service (IRS) limitations. Participants may also designate all or a portion of their elective deferrals as after-tax Roth 401(k) elective deferrals. The Plan also allows catch-up contributions for participants that attain the age of 50 before the end of the Plan year. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate initially set at 4% of plan compensation and their contributions invested in a designated balance fund until changed by the participant.

The Employer makes a safe harbor matching contribution equal to 100% of the matched participant contributions, not in excess of 4% of plan compensation. Additional discretionary employer matching and non-elective contributions may be contributed in an amount designated by the Employer. To be eligible for the discretionary employer contributions, employees must attain the age of eighteen or older, complete one year of service, which is 1,000 hours of service within a 12 month period, and be employed by the Employer on the last day of the year.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Employer matching contributions of \$278,026 were made for the year ended December 31, 2025. No discretionary employer contributions were made for the year ended December 31, 2025.

401(k) PENSION PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, safe harbor matching contribution as well as allocations of the Company's discretionary matching and non-elective contributions, if applicable, and Plan earnings (losses). Participants are charged with an allocation of administrative expenses that are charged to the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and non-elective contributions portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or periodic installments over various periods stipulated in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. The Plan allows in-service withdrawals that meet certain criteria defined by the Plan Document. A participant may begin taking in-service withdrawals upon attaining the age of 59½. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

Forfeited Accounts

At December 31, 2025 and 2024, the balance in the non-vested forfeiture account totaled \$3,774 and \$3,637, respectively. These accounts are used to reduce future employer contributions and pay plan expenses. Forfeitures of \$414 were used to reduce employer contributions and pay plan expenses for the year ended December 31, 2025.

Note 1. Description of Plan (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant does not make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Contributions

Contributions from plan participants and the contributions from the employer are recorded in the year in which participant compensation is earned.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses while expenses for items such as recordkeeping are allocated to participants. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Tax Status

The Plan is qualified under the appropriate section of the Internal Revenue Code (IRC) and intends to continue as a qualified plan. The IRS has determined and informed the Plan Sponsor, by a letter dated June 30, 2020, that the Plan, as designed, is qualified under the appropriate section(s) of the IRC. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3. Information Certified by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management, and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), a qualified institution:

Note 3. Information Certified by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) (Continued)

The custodian also certified to the completeness and accuracy of \$1,742,706 of net appreciation in fair value of investments, \$159,055 of interest and dividends related to the aforementioned assets, and \$6,045 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.
- Level 3 Inputs that are unobservable inputs for the asset or liability.

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy tables is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 12,964,818</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,964,818</u>
Total Investments, at Fair Value				<u>\$ 12,964,818</u>
December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 11,981,839</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,981,839</u>
Total Investments, at Fair Value				<u>\$ 11,981,839</u>

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the custodian of the Plan, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan pays administrative fees to these parties, which totaled \$50,256 for the year ended December 31, 2025, and is included in the accompanying statement of changes in net assets available for benefits.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
