JonesTrading Institutional Services LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of JonesTrading Institutional Services LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JONESTRADING INSTITUTIONAL SERVICES LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the JonesTrading Institutional Services LLC 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of JonesTrading Institutional Services LLC (the “Plan Sponsor” or the “Company”). The Plan was established by the Plan Sponsor’s predecessor on January 1, 1984 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). Certain administrative functions are performed by officers and employees of the Company. The assets of the Plan are held in a trust by Empower Trust Company (the “Trustee”). Empower Annuity Insurance Company of America (“EAIC”) is the Plan's record-keeper.

The Plan was amended and restated effective January 1, 2025. The restated Plan incorporates certain provisions of the SECURE Act and SECURE 2.0 Act, including updated required minimum distribution rules, revised applicable age provisions for required minimum distributions, elimination of pre-death required minimum distributions from Roth accounts, and updated beneficiary distribution provisions, including the definition of an Eligible Designated Beneficiary.

The restated Plan also includes amendments related to catch-up contributions, including Roth catch-up contribution provisions and the increased catch-up contribution limit for participants who attain ages 60, 61, 62, or 63 during the applicable taxable year. In addition, the restated Plan includes procedures addressing terminal illness distributions and related recontributions, consistent with SECURE 2.0 Act provisions and applicable guidance.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of annual compensation up to the contribution dollar limit that is set by law of \$23,500 for 2025. Contributions may be made on a pre-tax basis and effective September 19, 2025, on a Roth (after-tax) basis. Participants age 50 or older may elect to defer up to \$7,500 of additional “catch up” contributions to the Plan, which may also be made on a pre-tax or Roth basis. Participants age 60 – 63 during the calendar year may be eligible to make an increased “catch up” contribution, on a Roth basis, of up to \$11,250 for 2025. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary profit-sharing contributions to the Plan. The discretionary profit-sharing contributions are determined annually by the Company’s Pension Committee and are made to groups of participants as defined in the amended plan document. The Plan Sponsor’s profit-sharing contributions to the Plan amounted to \$1,542,759 for the year ended December 31, 2025. During the year ended December 31, 2025, \$454,515 was rolled over into the Plan.

JONESTRADING INSTITUTIONAL SERVICES LLC 401(k) PLAN

Notes to Financial Statements (Continued)

December 31, 2025 and 2024

1. Description of Plan (Continued)

Participant Accounts

Participants direct the investment of their individual accounts into various options offered by the Plan. Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions, and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Participants' accounts are credited with earnings based on the performance of the investments in their individual accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance, not to exceed \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms range from 1 year to a maximum of 5 years, except for loans used to purchase the participants' primary residence, which may be extended to 30 years. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest to be determined by the Plan Sponsor. Interest rates on participant loans ranged from 3.25% to 10.50% as of December 31, 2025. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by payroll deductions or participant payments.

Vesting

Participants are immediately vested in their salary deferral contributions, the Plan Sponsor's profit-sharing contributions, and in the actual earnings thereon.

Excess Participant Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions owed to participants.

Payments of Benefits

Upon termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

JONESTRADING INSTITUTIONAL SERVICES LLC 401(k) PLAN

Notes to Financial Statements (Continued) December 31, 2025 and 2024

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Payment of Benefits

Benefits are recorded when paid.

Investment Options

The Plan provides a variety of investment options with differing risk and growth characteristics. As of December 31, 2025, majority of Plan's net assets available for benefits were invested in the mutual funds. Participants may change their investment allocations and/or transfer their account balances among the various funds at any time.

3. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: quoted prices in active markets for identical assets or liabilities;

JONESTRADING INSTITUTIONAL SERVICES LLC 401(k) PLAN

Notes to Financial Statements (Continued)

December 31, 2025 and 2024

3. Fair Value Measurements Continued)

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for financial instruments measured at fair value.

- Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common-collective trust: Units held in common-collective trusts (“CCT”) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information.
- Pooled separate accounts: valued using the NAV as a practical expedient, provided by the administrator of the fund, based on the valuation of the underlying investments.
- Interest bearing cash: valued using fair value based on the outstanding balance.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value on a recurring basis as of December 31:

<u>2025</u>	Input Type

4. Investment Contracts with Insurance Company

The Plan offers the guaranteed long-term fund, which is a traditional fully benefit-responsive group annuity contract. EAIC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events may allow for investments to settle at an amount different from contract value. The events include layoffs of Plan participants, early retirement windows, spin-offs, sale of a division, facility closings, full or partial Plan terminations and changes in laws or regulations. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investments contracts is also dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Administrative Expenses

All expenses incurred in maintaining the Plan are paid using the Plan's assets, unless the Company, at its discretion, elects to pay certain expenses. These expenses include fees of the Plan's Trustee and third-party administrators. The expenses of maintaining the Plan paid directly by the Company are excluded from these financial statements.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation in the fair value of investments. Administrative expenses of \$19,500 were paid directly by the Plan for the year ended December 31, 2025.

JONESTRADING INSTITUTIONAL SERVICES LLC 401(k) PLAN

Notes to Financial Statements (Continued)

December 31, 2025 and 2024

6. Information Prepared and Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, investments and participant loans at December 31, 2025 and 2024, and investment income for the year ended December 31, 2025, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by the Trustee of the Plan.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated February 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken. The three years prior to December 31, 2025 are subject to examination by the IRS.

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, the guaranteed long-term fund managed by the Trustee and the record keeper of the Plan. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and Plan assets would be distributed based upon the participants' account balances at that time.

10. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

JONESTRADING INSTITUTIONAL SERVICES LLC 401(k) PLAN

Notes to Financial Statements (Continued) **December 31, 2025 and 2024**

11. Subsequent Events

The Plan has evaluated subsequent events through September 18, 2026, which is the date the financial statements were available to be issued. No other events have occurred subsequent to December 31, 2025 requiring recording or disclosure in these financial statements.
