B Three-digit plan number (PN) ▶ 002

C Plan sponsor's name as shown on line 2a of Form 5500
PERATON CORP.

D Employer Identification Number (EIN)
81-5224276

Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Participants and Plan Administrator of the
Peraton Corp. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Peraton Corp. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements (collectively, the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the provisions of the Plan, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental information in the accompanying Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

McConnell Jones

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of the Peraton Corp. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description (the SPD) for a more complete description of the Plan's provisions, which is available from Fidelity Investments, the Plan's administrator, record keeper and trustee. The Plan is sponsored by Peraton Holding Corp (Peraton, the Company, or the Plan Sponsor).

Eligibility and Participation

All employees of Peraton who meet the Plan's age requirement and receive a stated compensation in respect of employment on the U.S. payroll of Peraton as defined in the Plan are eligible to become a participant, with the exception of a person who is represented by a collective bargaining unit and whose benefits have been the subject of good faith bargaining under a contract that does not specify that such person is eligible to participate in the Plan. In addition, Peraton may decide to exempt all employees of any division, unit, facility or class from coverage under the Plan. Any person who leaves Peraton and, at a later time becomes re-employed, automatically become eligible again to participate in the Plan, provided he or she otherwise meets the eligibility requirements.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Peraton's matching and discretionary contributions and allocations of Plan investment returns, net of an allocation of investment management fees, and is reduced by any distributions. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in 100% of the employer's matching contributions after achieving two full years of service (one year for participants enrolled in the Original Plan before April 1, 2019). Vesting accelerates to 100% in the event of reaching age 65 while employed by Peraton, or upon severance by reason of death or total and permanent disability.

Forfeitures

Any nonvested portion of the employer's matching contributions will be forfeited at the earlier of five consecutive breaks in service, or upon withdrawal from the Plan. Forfeitures may be applied to reduce future matching contributions by Peraton, pay Plan administrative expenses or restore amounts previously forfeited by terminated employees. During the year ended December 31, 2025, the Plan utilized $6,039,887 of the forfeiture balance to reduce employer contributions and administrative expenses attributable to the period. As of December 31, 2025 and 2024, the balance of forfeitures amounted to $727,245 and $1,333,318 respectively, available to offset administrative expenses or employer contributions in future years.

Distributable Amounts and Withdrawals

A participant may become entitled to his or her distributable benefit by reason of retirement, death, total and permanent disability, or voluntary termination of employment. The rules of payment of a participant's distributable benefit depend upon the age of, and number of years of service completed by, the participant and the type of severance.

While still an employee, a participant may take a withdrawal of his or her compensation deferral contributions provided a fully completed application is submitted. The request for withdrawal will be approved if it is deemed that an adequate financial hardship and resulting need for such an amount has been demonstrated by the participant.

Administrative Expenses

Certain administrative expenses are paid by Peraton, as provided by the Plan. The administration fees are paid to the Plan's trustee, record keeper, and investment managers.

Participant and Employer Contributions

An eligible employee who elects to become a participant may authorize any whole percentage (at least 1% but not more than 75% (and 50% for participants for the periods before April 1, 2019), subject to certain additional limitations for highly compensated employees) of their compensation (as defined in the Plan) to be deferred and contributed to the trust fund on a pre-tax or Roth basis on his or her behalf, subject to certain Code limitations. Any compensation deferral in excess of applicable Code limitations, together with income allocable to that excess, will be returned to a participant. Any matching employer contribution attributable to any excess contribution, and income allocable thereto, will be forfeited via the forfeiture account and applied to reduce future matching employer contributions or Plan administrative expenses. The Plan permits participants age 50 and over to make additional "catch-up" contributions in excess of the statutory limit up to an additional $7,500 on a pre-tax or Roth basis in 2025. Effective January 1, 2025, the Plan permits participants who turn 60, 61, 62 and 63 in a calendar year starting in 2025 to make "super catch-up" contributions equal to the greater of $10,000 or 150% of the regular catch-up contribution limit of $7,500. For 2025, participants who turn 60, 61, 62 and 63 can contribute a total of $11,250 in catch-up contributions.

The Plan matches 100% of the participant's contributions up to the first 4% of the participant's annual salary, and 50% on the next 2% of the participant's annual salary, subject to statutory limitations. Participants are immediately eligible for employer matching contributions, and Peraton deposits the matching contributions on a bi-weekly basis. Employer matching contributions under the Plan are fully vested upon two years of service with Peraton.

Any participant covered by a separate collective bargaining agreement should consult that agreement for vesting and matching provisions.

The Plan Sponsor may make discretionary employer contributions to accounts of all or certain participants in an amount that it determines, provided such amount is allocated to the accounts of affected participants in a nondiscriminatory manner. The employer may designate whether or not the participant must be an active employee on the last day of the applicable fiscal year or on any particular day during such fiscal year, and/or at the time the discretionary employer contribution is made, in order to be eligible for a share in the discretionary employer contribution.

The Plan Sponsor may make qualified non-elective contributions on behalf of employees other than highly compensated employees in order to ensure that the Plan meets the nondiscrimination tests of the Code. The amount and allocation of such contributions will be determined by the employer at the time of contribution. Any qualified non-elective contribution is fully vested when made and subject to certain distribution restrictions as stipulated in the SPD.

Participant Loans

The Plan allows participants to borrow from their vested account balances from a minimum of $1,000 to a maximum of 50% of their vested account balances up to $50,000, subject to certain limitations. The loans are secured by the vested balance in the participant accounts and bear interest at the prime rate quoted in the Wall Street Journal plus 1%. Loan terms range from 1-5 years or up to 15 years for purchase of a principal residence.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor reserves the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the participants' rights to the Plan Sponsor's contributions fully vest immediately.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. These estimates are based on management's knowledge of historical information and current events, and expectations about actions that the Company may undertake in the future. Actual results could differ materially from those estimates. In the opinion of Company management, the accompanying financial statements contain all adjustments necessary, including those of a normal recurring nature, to fairly present the financial statements.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Security Transactions

Security transactions are accounted for on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is accounted for on the accrual basis. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Valuation of Investment Securities

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 - Fair Value Measurement).

Participant Loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Loans are repaid through payroll deductions which include periodic interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. At December 31, 2025 and 2024, no allowance for uncollectible participant loans was deemed necessary by Plan management.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2025, and through September 17, 2026, the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

Note 3: Information Certified by the Trustee

Information related to investments as of December 31, 2025 and 2024. and related investment income for the year ended December 31, 2025 has been certified by Fidelity Management Trust Company, the trustee of the Plan (the Trustee) as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Note 4: Fair Value Measurement

FASB ASC 820, *Fair Value Measurement,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds (Registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value per share (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

Common collective trusts: The fund's value is calculated and reported by the issuers as of the close of business of the New York Stock Exchange based on the underlying investments held by the fund less its liabilities. As a practical expedient, the reported fair value of common collective trusts are the NAV reported by the fund manager.

Self-directed brokerage accounts: Account primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Stable value fund: As a practical expedient, the fair value of participation units in the stable value fund is based upon the NAV of such fund as reported by the fund.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Note 6: Other Employer Contribution Receivable

Plan management determined that certain employee deferrals and loan repayments had not been remitted to the Plan in a timely manner, in accordance with Department of Labor (DOL) regulations. During the plan year ended December 31, 2018, amounts totaling $268,368 were deposited outside the normal processing time the Plan Sponsor allows.

Note 7: Tax Status

The Plan is intended to qualify under Code Section 401(a), and with respect to the portion hereof intended to qualify as a qualified cash or deferred arrangement, to satisfy the requirements of Code Section 401(k).

The Plan obtained a letter dated May 25, 2023 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Sponsor has determined that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress.

Note 8: Exempt Party-In-Interest Transactions

The Plan may, from time to time, invest in securities managed by the Trustee or its affiliates, these investments and transactions with the trustee will qualify as party-in-interest transactions; however, they will be exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan Sponsor for services provided by the Trustee were $3,718 for the year ended December 31, 2025.
