Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of New Mexico Oncology Hematology Consultants, Ltd. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2025 and 2024

1) Summary of Significant Plan Provisions

The following description of New Mexico Oncology Hematology Consultants, Ltd. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of New Mexico Oncology Hematology Consultants, Ltd. (the “Employer”). The Plan was established on July 1, 1987, was amended and restated effective December 16, 2019, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). To participate in the Plan, employees must be age 21 or older and completed three months of service. Entry dates for employee elective deferrals are immediately following when eligibility requirements are met. An employee must complete one year of service to be eligible for Employer safe harbor matching contributions or discretionary profit-sharing contributions, with entry dates of the first day of the Plan’s quarter coinciding with or immediately following when requirements are met. The Plan is designed to comply with Section 401 and the regulations thereunder of the Internal Revenue Code (the “Code”), as amended. The Employer serves as the Plan administrator.

Contributions

Participants may contribute either a whole percentage or dollar amount of their eligible pay either on a pre-tax or after-tax Roth basis. Participants who have attained age 50 by the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement arrangements (rollovers).

For 2025 and 2024, the Employer made safe harbor matching contributions equal to 100% of the eligible participant’s elective deferrals that do not exceed 4% of the participant’s eligible compensation. For the years ended December 31, 2025 and 2024, safe harbor matching contributions totaled \$700,601 and \$555,017, respectively.

The Employer may also contribute a discretionary profit sharing amount to the Plan. The discretionary amount contributed is allocated to all eligible participants using a two-tiered integrated allocation formula. An eligible participant will receive an allocation only if they have worked 1,000 hours during the Plan year and are employed as of the last day of the Plan year. If a participant terminates for retirement, death or disability, they will receive an allocation regardless of the hours worked or last day rule. For the years ended December 31, 2025 and 2024, there were discretionary profit sharing contributions of \$1,000,000 and \$1,000,000, respectively. All contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Employer's safe harbor matching contributions plus the actual earnings thereon. Vesting in the Employer's discretionary profit sharing contributions plus earnings thereon is based on years of service as follows:

Years of Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures of terminated participant's nonvested account balances may be used to offset future Employer contributions.

For December 31, 2025 and 2024, forfeited accounts from nonvested terminated participants were used to offset employer contributions of \$72,830 and \$104,134, respectively. The forfeiture balance as of December 31, 2025 and 2024, was \$72,830 and \$98,747, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any of the investment options offered by the Plan. Participants may change their investment options each business day. If a participant does not make an investment election, his or her account will be invested in a default investment chosen by the trustee.

Notes Receivable from Participants

The Plan does not allow for participant loans.

Payment of Benefits

Upon termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Partial withdrawals are only permitted for participants or beneficiaries who must receive required minimum distributions. Participants are also allowed to withdraw from their accounts in the event of undue financial hardship, as defined in the Plan.

Mandatory Cash-Out Provision

If the amount of benefits is \$5,000 or less (excluding rollover contributions) at the time of separation, the Plan will distribute benefits to the participant or beneficiary in a single lump sum payment, without consent of the participant.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

December 31, 2025 and 2024

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Employer to pay significant costs of Plan administration. The Employer paid a portion of the Plan's administrative expenses for the years ended December 31, 2025 and 2024, which are not included in these financial statements. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments.

Revenue sharing received by the Plan is utilized for administrative expenses and totaled \$95,087 and \$91,200 for December 31, 2025 and 2024, respectively. These amounts were netted with administrative expenses in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through September 1, 2026, the date which the financial statements were available to be issued.

3) Investments and Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

New Mexico Oncology Hematology Consultants, Ltd.
401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2025 and 2024

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds. Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds. The fair value of the collective trust funds is based on net asset value (NAV) as obtained directly from the fund house or other investment provider, which is principally the market value of the underlying investments. However, management has determined that the collective trust funds NAV is not a publicly quoted price. Therefore, assets measured using NAV as a practical expedient are not assigned a level in the fair value hierarchy.

Fixed Account. The Fixed Account is part of the general assets of Great-West Life & Annuity Company and, as such, does not have a publicly quoted price. Interest earned is compounded daily at the declared credited interest rate. At each quarter end, Great West establishes and declares the interest rate to be credited to the Plan's assets held in the Fixed Account during the next calendar quarter. There is no minimum guaranteed interest rate.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

2025	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total

Information about Net Asset Value as a Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV as a practical expedient as of December 31, 2025 and 2024:

Collective trust funds	\$ -	Immediate	None

Investments using NAV as a practical expedient may generally be redeemed daily.

4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was obtained or derived from information provided to the Plan administrator by Empower Annuity Insurance Company of America, a qualified institution, and certified as complete and accurate:

- ♦ Investments, at fair value reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- ♦ Investment income (loss) reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- ♦ Investments reflected on the supplemental schedule of assets held at end of year.

5) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA provisions. In the event of Plan termination, participants would become 100% vested in all their Employer contributions.

6) Tax Status

The Plan is operating under a prototype plan document. The Internal Revenue Service has determined and informed the prototype plan sponsor by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the advisory opinion, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan's administrator to evaluate tax positions taken, or expected to be taken, by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7) Related-Party and Party-In-Interest Transactions

Certain Plan assets are investments held by the trustee. These transactions qualify as exempt party-in-interest transactions. The Employer provides certain accounting and administrative services to the Plan for which no fees are charged.

For the years ended December 31, 2025 and 2024, fees paid by the Plan for administrative expenses, such as asset fees, fund expenses, recordkeeping and third-party administrative fees, were \$115,023 and \$115,431, respectively.
