United Prairie Bank 401(k) Profit Sharing Plan
Mankato, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of United Prairie Bank 401(k) Profit Sharing Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – schedule of assets held at end of year and schedule H, line 4a – schedule of delinquent participant contributions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 1: Description of Plan

This description of the United Prairie Bank 401(k) Profit Sharing Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at United Prairie Bank (the Company).

General

On January 1, 1988, the Company adopted the defined contribution plan covering substantially all employees that are age 18 and over and who have completed 2 months of service. Participants may enter the Plan on the first day of the month after meeting eligibility requirements. Prior to April 1, 2023, the Plan excluded from participation employees under a collective bargaining agreement, leased employees, interns, janitorial staff, and non-resident aliens. Effective April 1, 2023, leased employees and janitorial staff are no longer excluded. The Plan provides for benefits for all participants based upon the accumulation of employee and employer contributions and earnings thereon allocated to individual participants' account balances. The Plan allows eligible employees to become participants on the first day of each calendar month of the Plan year coinciding with or following the date on which the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Amendments

The Plan's Adoption Agreement was restated as of April 1, 2023, to comply with IRS guidelines. The only significant change to the Plan's provisions was the change in eligible participants as noted above.

Contributions

Participants may elect to contribute up to 100 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement. These contributions may be made on either a pretax basis or after tax basis (through Roth contributions). The Plan also includes a Qualified Automatic Contribution Arrangement (QACA) for those participants who fail to make a contribution election. Under the QACA, the Company will automatically withhold three percent on behalf of the participants. In addition, participants who are automatically enrolled are also subject to automatic escalation of deferrals of one percent per year up to a maximum of six percent of eligible compensation, if no other election is made by the participant. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

Employer matching contributions were made as required by the Plan during the years ended December 31, 2025 and 2024. The matching contribution is equal to 100 percent of the employee's deferrals up to one percent of compensation and 50 percent of the employee's deferrals exceeding one percent but not exceeding six percent of compensation. The employer matching contribution for 2025 and 2024 totaled \$334,981 and \$336,364, respectively. Discretionary year-end profit-sharing contributions can also be made to eligible participants employed at the end of the Plan year who have completed 1,000 hours of service during the plan year. Discretionary year-end profit-sharing contributions were \$99,582 and \$0 for the years ended December 31, 2025 and 2024, respectively.

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 1: Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals and rollover contributions, plus earnings thereon. Vesting in the remainder of their accounts plus actual earnings is based on years of continuous service. A participant is vested in Company contributions and related earnings according to the following schedule:

Years of Service	Percentage Vested
Less Than Two Year	0%
Two or More Years	100

For participants that left employment prior to January 1, 2012, a six-year graded vesting schedule applied to all employer nonelective and matching contribution balances.

A participant is fully vested upon reaching normal retirement age, as defined by the Plan document, and in the event of the participant's death.

Forfeitures on unvested account balances may be used to pay Plan administrative expenses or may be used to reduce employer matching or nonelective contributions. Total amounts forfeited during 2025 and 2024 were \$14,955 and \$3,543, respectively. Total forfeitures used to reduce employer contributions during 2025 and 2024 were \$1,353 and \$4,153, respectively. Total forfeitures used to pay Plan expenses during 2025 and 2024 were \$13,602 and \$2,374, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company contribution, (b) investment earnings, (c) changes in market values and (d) certain Plan expenses. Company matching contributions are allocated based on a discretionary percentage of the participant's salary deferral contribution, subject to certain limitations. Company discretionary profit-sharing contributions are allocated using a classification-based formula based upon compensation as defined in the Plan document. Investment earnings and changes in market values are allocated daily based on the investments held in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 1: Description of Plan (Continued)

Payment of Benefits

Distributions to terminated, disabled or retired participants (or in the case of death, the participant's beneficiary) are made in the form of a single, lump sum payment or installment payments equal to the value of the participant's vested account balance. Distribution to participants following severance from employment is automatic if the participant's account balance is less than \$5,000, including rollover contributions, and is made in the form of a single lump sum payment. Effective March 1, 2024, the mandatory distribution threshold increased from \$5,000 to \$7,000. Participants over age 59 ½ may make in service withdrawals from their individual accounts. Participants experiencing financial hardship may withdraw a portion of their account balance as defined by the Plan and in accordance with ERISA rules and regulations.

Participant Loans

Participant loans are not permitted.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment Valuation and Income Recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for additional information on the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statements of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefits payments are recorded when paid.

Note 3: Administrative Fees

Administrative fees are paid from Plan forfeitures. If Plan forfeitures are insufficient to cover all administrative fees, the participant accounts may be charged pro rata based on account balance, per capita to all participants, or assessed against an individual participant's account for expenses which are incurred by that particular participant for the balance of the administrative fees. The administrative fees charged to the Plan were \$50,729 and \$46,677 which are net of forfeitures, and included third party administrative fees and audit fees for the years ended December 31, 2025 and 2024, respectively.

Note 4: Information Prepared and Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividends on mutual funds for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, (the Custodians of the Plan).

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 5: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. In determining fair value, the custodians use the market approach which utilizes process and other relevant information generated by market transactions involving identical generated assets or liabilities. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of the custodians. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered investment companies - Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, which is a publicly quoted price.

Collective trust funds: Stable value funds that are composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities' liquidations will be carried out in an orderly business matter.

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 5: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies - Mutual funds	\$ 15,371,204	\$ -	\$ -	\$ 15,371,204
Investment assets measured at NAV (a)				2,155,735
Total investment assets at fair value				\$ 17,526,939

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies - Mutual funds	\$ 13,200,155	\$ -	\$ -	\$ 13,200,155
Investment assets measured at NAV (a)				827,553
Total investment assets at fair value				\$ 14,027,708

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2025 and 2024:

	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Large Cap Value Fund Class R1	\$ 1,026,525	\$ 827,553	\$ -	Daily	Daily
PIMCO Stable Income Fund II Founders	\$ 1,129,210	\$ -	\$ -	Daily	Daily

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 6: Investment Contract with Insurance Company

The Plan carried a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America for the years ended December 31, 2025 and 2024. Empower Annuity Insurance Company of America maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Participants could ordinarily direct the withdrawal or transfer of a portion of their investment. Certain withdrawal limitations could be imposed on participant-initiated transfers between funds occurring within a twelve-month period. If the investment contract with the custodian was discontinued, the value of the accounts in the general account were be paid on the liquidation basis. The balance in this investment account at December 31, 2025 and 2024 was \$0 and \$1,292,710, respectively.

There are no reserves against the contract for credit risk of the contract issuer or otherwise. The crediting interest rate was based on the formula agreed upon with the issuer. Such interest rates were reviewed periodically for resetting. The crediting interest rate used for 2025 and 2024 was 0% and 1.41%, respectively.

Note 7: Income Tax Status

The Plan sponsor adopted a plan effective April 1, 2023, which received a favorable opinion letter, issued to the document provider from the Internal Revenue Service (IRS) dated November 14, 2022. Prior to April 1, 2023, the Plan sponsor had adopted a plan which received a favorable opinion letter, issued to the document provider from the IRS dated June 30, 2020. Both letters state that the plans are designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and are, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a party-in-interest or a related party are considered prohibited transactions under the Pension Reform Act unless a specific exemption exists. Certain Plan investments are units in an investment contract managed by Empower Annuity Insurance Company of America, the custodian, during the years ended December 31, 2025 and 2024. Therefore, these transactions qualify as party-in-interest transactions. The Plan also pays Plan expenses that are considered party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

United Prairie Bank 401(k) Profit Sharing Plan

Notes to the financial statements

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

Note 10: Risks and Uncertainties

The Plan invests in various mutual funds and an investment contract with an insurance company. The investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Subsequent Events

The Plan has evaluated subsequent events through , which is the date the financial statements were available to be issued.

Subsequent to year-end, the Plan was amended to increase the automatic enrollment to 6% and increase the automatic escalation maximum to 10% of eligible compensation. The amendment did not have an impact on the Plan's net assets available for benefits as of December 31, 2025.

Note 12: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company's general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Company. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2024, totaling \$940 were remitted outside the 15-day requirement. These transactions constitute a prohibited transaction as defined by ERISA. There were no delinquent contributions during the plan year ended December 31, 2025.
