Independent Auditor's Report

Board of Trustees and Plan Participants
Lindsay Automotive Family Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lindsay Automotive Family Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lindsay Automotive Family Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Lindsay Automotive Family Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Lindsay Cadillac Company; Alexandria Motor Cars, Inc.; Dulles Volkswagen, LLC dba Lindsay Volkswagen of Dulles; Lindsay Ford, LLC; Lindsay Management Company, LLC; Lindsay Chevrolet, LLC; Lindsay Motors, LLC; Lindsay Automotive of Manassas, LLC; Manassas Cycles, LLC; Warrenton Motors, LLC; Lindsay Virginia Motors LLC; and Front Royal Motors LLC (collectively, the Company). The Board of Directors is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees covered by a collective bargaining agreement with the Company and leased employees are not eligible to participate in the Plan. Eligible employees may participate in the Plan following one year of continuous service and attainment of age 21, as defined in the Plan agreement. The Plan entry dates are January 1, April 1, July 1 and October 1, the beginning of each calendar quarter.

Contributions: Participants may contribute a percentage up to 50% of their pretax or after-tax compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Unless they elect otherwise, participants are automatically enrolled in the Plan when they become eligible with 4% of their eligible compensation contributed to the Plan on a pretax basis. Participants' deferral election will automatically increase by 1% each year on January 1 until they reach a deferral rate of 8% unless the participant makes a different deferral election.

Employer contributions include employer matching contributions and discretionary contributions. The Company provides fixed matching contributions equal to 50% of the participant's pretax contribution up to a maximum of 4% of the participant's eligible compensation. Employer discretionary profit-sharing contributions are determined by the Company's Board of Directors and are allocated to participants employed on the last day of the plan year in the same ratio as each participant's eligible compensation bears to the total eligible compensation of all participants. There were no discretionary contributions during the year ended December 31, 2025.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Board of Trustees in 1% increments. Participants may change their investments options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of any discretionary contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Lindsay Automotive Family Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The portion of the participant's account attributable to Company contributions plus actual earnings thereon is vested ratably over five years of service as follows: 20% after completing one year of service (defined as 1,000 hours in a plan year) and 20% for each additional year with 100% vesting after five years of service. Participants also become fully vested upon death, disability or attainment of age 65 while actively employed by the Company.

Payment of benefits: The Plan provides for distributions of accumulated benefits upon separation of service, death or disability. If the participant's vested balance does not exceed \$1,000, a lump-sum distribution will automatically be made to the participant. The Plan also offers in-service distributions for hardships, attainment of age 59½ years and from after-tax source balance for any reason. Hardship distributions are permitted based on specific criteria. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay plan expenses. Forfeited nonvested accounts totaled \$49,287 and \$13,992 at December 31, 2025 and 2024, respectively. During 2025, \$38,440 was used to reduce employer matching contributions and \$0 was used to pay administrative expenses.

Notes receivable from participants: Participants who incur a financial hardship may borrow from their vested balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested portion account balance. The \$50,000 maximum loan amount is reduced by the participant's highest outstanding loan balance in the previous 12 months. Terms of general loans are between 12 to 60 months, and terms of residential loans are between 61 to 180 months. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as determined on the date the loan was granted. As of December 31, 2025, active loans have interest rates of 4.25% to 9.50%, and the loans have maturity dates through 2039. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Lindsay Automotive Family Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions: Contributions are recognized upon authorization and in the year the underlying compensation is paid. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefit payments to participants are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain record-keeping fees paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 17, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Capital Bank and Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year), obtained by management and agreed to or derived from information certified as accurate and complete by Capital Bank and Trust Company, a qualified institution.

	December 31	
	2025	2024
Investments at fair value:		
Registered investment companies	\$ 90,124,818	\$ 75,522,392
Notes receivable from participants	\$ 1,415,719	\$ 1,314,977

Capital Bank and Trust Company also certified to the completeness and accuracy of \$7,310,168 of net appreciation in fair value of investments and \$5,843,699 of interest and dividends, and \$111,735 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Description	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 90,124,818	\$ -	\$ -	\$ 90,124,818

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 75,522,392	\$ -	\$ -	\$ 75,522,392

Note 5. Related Parties and Party-in-Interest Transactions

Capital Bank and Trust Company is the trustee of the Plan and an affiliate of American Funds, issuer of the Plan's investment options; therefore, transactions with the trustee and American Funds qualify as party-in-interest transactions. The Company also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan adopted a nonstandardized form of a preapproved plan sponsored by Capital Group Retirement Plan Services. The preapproved plan has received an opinion letter from the IRS as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31	
	2025	2024

Note 9. Reconciliation of the Financial Statements to the Form 5500 (Continued)

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the net income per the Form 5500:

	Year Ended December 31, 2025
Net increase in net assets available for benefits per the financial statements	\$ 14,715,007
Differences in:	
Employee contributions	37,408
Employer contributions	(4,092)
Benefits paid	(45,155)
Net income per the Form 5500	<u>\$ 14,703,168</u>

Note 10. Subsequent Event

Effective June 2, 2026, Manassas Cycles, LLC was sold and therefore no longer a participating employer in the Plan.
