Independent Auditor's Report

Aspirus, Inc. Retirement Plans Oversight Committee
Aspirus, Inc.
Wausau, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aspirus, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025,, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aspirus, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aspirus, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aspirus, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aspirus, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aspirus, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Aspirus, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Aspirus, Inc. (the "Company") and is a participant-directed defined contribution plan established for a not-for-profit organization, commonly known as a Code Section 403(b) savings plan. The Plan covers all common-law employees, as defined by the plan document, of Aspirus, Inc. and various affiliates that have adopted the Plan as participating employers (collectively referred to as the "Hospital"). The Hospital is the plan sponsor and is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC). Covered employees are eligible to participate in the Plan on the date such employee first performs an hour of service as an employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA and, therefore, provides that participants direct their contributions and/or all or part of their account balances among the Plan's investment alternatives. All investments are participant-directed.

Secure 2.0 Act

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective dates of the various provisions range from immediate effectiveness through 2028 and include both mandatory and optional provisions. Plan management has implemented, or will implement, applicable provisions in accordance with required effective dates and available regulatory guidance. Because certain provisions may be operationally effective before formal plan amendments are required, the Plan document may not yet reflect all implemented provisions. The Plan will be amended, as necessary, within the applicable remedial amendment period.

Contributions

Participants are allowed to contribute up to 100% of pretax and after-tax annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows for Roth contributions. The Plan also includes an auto-enrollment provision whereby all employees, except employees under certain collective bargaining agreements, are auto-enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pretax deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Note 1: Description of Plan (Continued)

Contributions (Continued)

The Hospital also contributes a matching contribution, as defined by the Plan, to each eligible participant. Rollovers are not matched. The matching contribution for the year ended December 31, 2025, was \$18,721,081, net of forfeitures.

The Hospital may also contribute a discretionary nonelective contribution on behalf of each eligible participant, as defined in the plan document. There were no nonelective contributions for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Hospital's matching contributions, and allocations of the Hospital's discretionary nonelective contributions and plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings (losses) thereon. All participants, except certain participants who are subject to special vesting provisions as defined by the Plan, are fully vested in the Hospital's matching and discretionary nonelective contributions after three years of service or upon attaining age 65, death, or disability.

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum of one loan at a time, with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at 2% over the prime rate as published in *The Wall Street Journal*. The interest rates on existing notes range from 3.25% to 10.50%. Principal and interest are paid ratably through payroll deductions.

Loans with Lincoln National Life Insurance Company ("Lincoln") are not from plan asset dollars, but rather loaned directly from Lincoln and, therefore, are not recorded as plan assets on the statements of net assets available for benefits. These loans are secured by the participant's Lincoln Fixed Account and bear interest at a fixed rate of interest determined by Lincoln based on prevailing market conditions. The interest rate on existing loans is 5.00%. Principal and interest are paid ratably by the participant to Lincoln, and each payment reduces amounts secured by the participant's Lincoln Fixed Account. The amount of such security was \$11,535 and \$11,039 at December 31, 2025 and 2024, respectively.

Note 1: Description of Plan (Continued)

Payment of Benefits

Upon termination of services for any reason, a participant will receive a mandatory distribution as a lump-sum amount equal to the value of the participant's vested interest in their account if the balance is less than or equal to \$7,000. If the account balance is greater than \$7,000, a participant can elect to receive a lump-sum, installments, or ad-hoc distributions equal to the value of the participant's vested interest in their account. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Hospital before becoming 100% vested in Hospital contributions. Forfeitures may be used to reduce Hospital contributions or may be used to pay plan expenses. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$1,158,675 and \$532,393, respectively. For the plan year ended December 31, 2025, \$787,298 was used to offset Hospital contributions and \$167,411 was used to pay plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts (FBRIC)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Empower Annuity Insurance Company of America. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Aspirus, Inc. Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes receivable are recorded as deemed distributions on the basis of the terms of the plan document.

Excess Contributions Payable

At December 31, 2025, amounts payable to participants totaling \$40,206 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026. There were no excess contributions for the year ended December 31, 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment advisory and management fees are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through September 14, 2026, which is the date the financial statements were available to be issued.

Effective January 1, 2026, the Lake View Memorial Hospital Employees Retirement Plan was merged into the Plan. In connection with the merger, the plan document was amended effective January 1, 2026, to permit eligible employees of Lake View Memorial Hospital, Inc. to participate in the Plan. Net assets totaling \$10,991,160 were transferred into the Plan through trustee-to-trustee transfers occurring between December 31, 2025 and January 2, 2026. Since the merger became effective subsequent to December 31, 2025, the transferred assets are not reflected in the accompanying statement of net assets available for benefits as of December 31, 2025.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority.

Aspirus, Inc. Retirement Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Mutual funds held in separate accounts (Voya Retirement Insurance and Annuity Company ("Voya")): The variable funds are pooled separate accounts that invest directly in designated mutual funds. The separate account owns and holds the underlying mutual fund or collective trust shares which are valued daily at their NAV. Plans and participants hold "units of participation" in the separate account. The accumulation unit value (AUV) is the value of each unit in the separate account, and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is \$10.00) and is then determined daily based on the NAV of the shares of the underlying fund, the fund's dividends, and the contract's separate account charges.

Mutual funds held in separate accounts (Lincoln): The unit values of participation units in the subaccounts are determined by Lincoln based on the value of the underlying mutual fund held in the subaccount, minus the fund's liabilities, which are contract charges imposed by Lincoln, divided by the number of participation units outstanding. The value is also commonly referred to as the NAV of the participation units. The separate account NAV is not a publicly quoted price in an active market. The mutual funds in separate accounts use NAV as a practical expedient to estimate fair value.

Guaranteed investment contracts (Voya): The guaranteed investment contracts are presented at fair value since they are determined not to be fully benefit responsive based on the terms of the contracts. Fair value is equal to contract value adjusted for applicable market value adjustments or surrender charges as of the last day of the reporting period.

Guaranteed investment contracts (Lincoln): The guaranteed investment contracts are presented at fair value since they are determined not to be fully benefit responsive based on the terms of the contracts. Fair value approximates contract value and represents participant contributions, plus interest, less amounts used to pay benefits and expenses.

(a) This class includes investments that will seek long-term capital appreciation. This portfolio may contain a broad and diverse group of securities of U.S. companies with a greater emphasis on small capitalization and value companies as compared to their representation in the U.S. Universe. It will, under normal circumstances, invest at least 80% of its net assets in equity securities of U.S. companies.

(b) This class includes investments that seek maximum current income and primarily includes U.S. government guaranteed securities and investment-grade corporate-issued bonds.

(c) This class includes investments with long-term growth of capital in a manner consistent with the preservation of capital. The portfolio invests at least 80% of its assets in equity securities of U.S. large capitalization companies. The managers define large capitalization companies as those with a market capitalization of at least \$2.4 billion at the time of investment. In addition, up to 20% of the fund's assets may be invested in foreign equity securities.

(d) This class includes investments primarily in common stocks of companies located outside the United States. It will, under normal circumstances, invest at least 65% of its net assets in companies located in at least five different countries.

(e) This class includes investments primarily in the utilities industry (manufacture, production, generation, transmission, sale or distribution of electric, gas or other types of energy, water or other sanitary services and issuers engaged in telecommunications). The fund's assets are typically invested in equity securities but may also invest in debt instruments. The fund seeks maximum long-term total return with capital appreciation as a secondary objective.

(f) This class includes investments that maximize long-term capital appreciation. The fund focuses on seeking large capitalization, dividend paying equity securities whose stock prices appear low relative to their underlying value or future potential. It uses a blend of quantitative analysis and fundamental research in its effort to find the most attractive stocks in each industry.

Note 4: Fully Benefit-Responsive Investment Contracts

During 2025, the Plan invested in the Lincoln Stable Value fund offered by The Lincoln National Life Insurance Company ("Lincoln"). The investment is held through a group fixed annuity contract that is similar to a guaranteed investment contract ("GIC") and qualifies as a FBRIC. Contributions are maintained in Lincoln's general asset account and are not held in a separate account for the benefit of the Plan. The contract is credited with interest based on the terms of the agreement and reduced for participant withdrawals and applicable administrative charges. Under the terms of the contract, Lincoln is obligated to repay the principal and provide a guaranteed minimum rate of interest to the Plan. Accordingly, the contract is reported at contract value, which is the relevant measure for fully benefit-responsive investment contracts because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum guaranteed crediting interest rate is 1.00%, which is based on a formula agreed upon with the issuer. Such interest rate is reviewed and declared semi-annually.

Certain events may limited the Plan's ability to transact at contract value with Lincoln including contract termination and other events as specified in the agreement. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

The Plan invested in a FBRIC with MetLife in the form of a GIC that invested in traditional investment contracts. MetLife maintained the contributions in a separate account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MetLife was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The GIC was carried at contract value, which is the relevant measure for fully benefit-responsive investment contracts because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer but could not be less than 0%. Such interest rates were reviewed on an annual basis for resetting.

Certain events limited the Plan's ability to transact at contract value with MetLife including plan termination and other events as specified in the GIC. The plan administrator terminated the contract effective September 8, 2025, as part of a change in investment offerings. The Plan received proceeds of approximately \$42,180,000, which represented substantially all amounts owed under the contract. Any applicable surrender charges, market value adjustments, or other termination-related costs and reimbursement credits were recognized in investment income during the year.

Aspirus, Inc. Retirement Plan

Notes to Financial Statements

Note 5: Information Prepared and Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, the FBRICs, and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America and its subsidiaries, including Empower Retirement, LLC and Empower Annuity Insurance Company (collectively "Empower"), Lincoln, and Voya, the Custodians of the Plan.

Note 6: Party-in-Interest Transactions

Certain plan investments are managed by the Custodians, as defined by the Plan. The Plan paid investment advisory fees to Empower and Capfinancial Partners LLC.

The Plan also paid third-party administrative fees to Empower, Lincoln, and Voya, the Custodians of the Plan.

Notes receivable from participants also qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Hospital contributions.

Note 8: Tax Status

The Company adopted a volume submitter 403(b) plan with an IRS opinion letter which states the form of the plan adopted is in compliance with the applicable sections of the IRC. The plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
