INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Midland Garage Door Manufacturing Company 401(k) Plan
West Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Midland Garage Door Manufacturing Company 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Midland Garage Door Manufacturing Company 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Midland Garage Door Manufacturing Company 401(k) Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Midland Garage Door Manufacturing Company 401(k) Plan's** ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Midland Garage Door Manufacturing Company 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Midland Garage Door Manufacturing Company 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDLAND GARAGE DOOR MANUFACTURING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Midland Garage Door Manufacturing Company 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Defined Contribution Volume Submitter Plan and Trust (“Plan Document”) and the Adoption Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution Plan covering eligible employees. Eligible employees are those which have reached 18 years of age and have completed two consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

Effective January 1, 2025, the Plan was amended to replace employer discretionary contributions with safe harbor contributions, which allows for an employer match of 100% on the first 4.0% of participant elective deferrals. This change provides an enhanced match when compared to the discretionary match for the Plan year ended December 31, 2024, of a 50% match on the first 6.0% of participant elective deferrals. Additionally, the Plan was amended to update the service requirement from one year to two months for match and non-elective employer contributions.

Effective January 1, 2025, the Plan was amended to add a participating employer agreement for MDM Utah, LLC. Through a stock acquisition and as a result of the transaction employees of MDM Utah, LLC became employees of the Plan Sponsor. Provisions of the amendment allow for recognition of prior service with MDM Utah, LLC and a one-time special entry date of January 9, 2025, for all employees of MDM Utah, LLC employed on January 1, 2025.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, limited to the maximum allowed under the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions, limited to the maximum amount allowed under the IRC. Participants may also contribute amounts representing contributions from other qualified defined contribution plans. The Company’s matching contributions equals 100% on the first 4.0% of participant elective deferrals. Contributions are subject to certain limitations.

The Plan allows rollover contributions from other qualified plans.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) Company contributions, (b) Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in all employee and employer safe harbor matching contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the offered investment options. Participants may change their investment options daily.

Payment of Benefits

In the event a participant terminates employment due to separation of service, retirement, disability, or death, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a fixed number of years. For termination of service due to other reasons, a participant may receive a distribution of all or any part of the value of the vested interest in his or her account. For participants whose age exceeds 73 years, the Internal Revenue Service required minimum distribution rules may apply.

Upon termination of employment due to separation of service, retirement, or disability, if the account balance is \$5,000 or less, the participant may elect to receive either a lump-sum distribution of the entire account balance or rollover the account into an IRA or to another qualified account. If no election is made and the balance is \$5,000 or less but greater than \$1, the funds will be rolled over into an IRA in the participant's name with a provider selected by the Plan administrator.

On attainment of age 59½ years, a participant without termination of service may withdraw all or any portion of his or her vested account balance.

Administrative Fees

The Plan trustee and record-keeper assesses a per-transaction fee for certain types of distributions. These fees were deducted from the individual participant's account balance and recorded as plan administration expense. The Plan trustee also assesses a fee for the administration of the Plan.

Forfeited Accounts

A forfeiture occurs when a participant terminates employment and all or part of the participant's employer discretionary contributions are not vested. The nonvested portion is forfeited immediately if the participant either has no vested interest upon termination of employment or receives a distribution of the entire vested interest when the participant terminates employment. If none of these circumstances exist, nonvested balances are forfeited upon the completion of five consecutive years in which the Participant works fewer than twelve months.

At December 31, 2025 and 2024, forfeited non-vested accounts of terminated participants that have withdrawn from the Plan totaling \$189 and \$174, respectively, were available to reduce future employer contributions as provided by the Plan. Forfeitures of \$31,768 were used in 2025 to reduce employer discretionary contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

MIDLAND GARAGE DOOR MANUFACTURING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management has evaluated subsequent events through the date of the auditor's report, which is the date the financials were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Bell Bank.

The Plan trustee has certified its statements of accounts as of December 31, 2025 and 2024, and for the year ended December 31, 2025. The statements of accounts include beginning and ending balances of investments held, and detail of all transactions during the period, including investment earnings.

NOTE 4 – FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy in accordance with ASC 820 Fair Value Measurements are described below.

Level 1 – Inputs to the valuation method are unadjusted quoted prices for identical instruments in active markets;

MIDLAND GARAGE DOOR MANUFACTURING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

Level 2 – Inputs to the valuation method include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose significant inputs are observable; and

Level 3 – Inputs to the valuation method are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Common/Collective Trust Funds - Valued at the net asset value (“NAV”) of units of a bank common trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as December 31:

2025

The Federated Capital Preservation Fund seeks stability of principal and high current income. The fund invests in a variety of Guaranteed Investment Contracts (GIC), including traditional GICs, separate account GICs, and synthetic GICs. Participants may redeem units of the fund daily for purpose of funding a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer of the employee's interest in the Plan to another investment election that is a non-competing investment, or paying Trustee fees. Participants may make withdrawals from the fund for other purposes generally only upon 12 months advance written notice to the Trustee.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 – TAX STATUS

The Plan is a Volume Submitter Profit Sharing Plan. The IRS has issued an opinion by letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since adopting the prototype. The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(k) and the related trust is tax-exempt as of December 31, 2025. For this reason, no provision for income taxes has been including in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there are no uncertain positions taken.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Company provides certain accounting and administrative services to the Plan, for which no fees are charged.

Certain Plan investments are in shares of investment funds managed by Bell Bank, the trustee, as defined by the Plan and therefore, these transactions qualify as party-in-interest.

Fees are incurred by the Plan to the trustee for third-party administrator and recordkeeping services pursuant to an administrative services agreement. These transactions are exempt party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2025 and 2024, the Plan had investments of \$7,170,868 and \$4,577,197, respectively, concentrated in three and two funds, respectively.
