(1) Name: **BADEN GAGE SCHROEDER, LLC**

(2) EIN: **35-1939627**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	☒		
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	☒		

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

Plan Administrator
Valbruna Stainless, Inc. 401k Plan
Fort Wayne, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Valbruna Stainless, Inc. 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valbruna Stainless, Inc. 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valbruna Stainless, Inc. 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valbruna Stainless, Inc. 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valbruna Stainless, Inc. 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

General

The Valbruna Stainless, Inc. 401k Plan is a profit sharing trust covering all full-time employees of a collective bargaining agreement of Valbruna Stainless, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information.

Effective July 1, 2024, the plan assets were transferred to a new custodian, but the recordkeeping platform remained the same. Effective January 1, 2025, the Plan was amended and restated. Changes to the Plan include a change to eligibility requirements from six months of service and quarterly entry to three months of service and monthly entry.

Transfer of Assets

During the Plan year ended December 31, 2025, an employee transferred assets into the Plan from the Valbruna Slater Stainless, Inc. 401(k) Plan in the amount of \$792,661.

Eligibility

Employees who have completed three months of service are eligible to participate in the Plan. Employees may enter the Plan on the first day of each month following the completion of the eligibility requirements.

Automatic Enrollment

At the time of eligibility, each employee is automatically enrolled at a contribution rate of 3%. An employee can elect not to participate in the Plan or select his or her own contribution percentage. Employees automatically enrolled are subject to an automatic increase of 1% per year, until the contribution rate reaches 8%.

Contributions

Participants can elect to defer up to 100% of eligible compensation up to the statutory dollar limit established by the Internal Revenue Code. The Company provides a safe harbor matching contribution equal to 100% of the first 3% and 50% of the next 2% of each participant's eligible compensation. The Company may elect to provide a profit sharing contribution, but did not for the year ended December 31, 2025.

Note 1. Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with current prevailing rates (determined at origination). The loans plus interest must be repaid to the participant's account based upon terms of the loan agreement. Principal and interest is paid ratably through regular payroll deductions. Loans outstanding at December 31, 2025, mature through 2054 and bear interest at rates ranging from 4.25% to 9.50%.

Vesting

Participants are immediately vested in their elective (voluntary) contributions, Company safe harbor match contributions, and income or loss thereon. For profit sharing contributions, a participant becomes 20% vested after two years of credited service. Vesting percentages increase 20% each year thereafter with 100% vesting after six years of credited service.

Forfeitures

Participants who terminate employment prior to becoming fully vested must forfeit a percentage of their profit sharing contributions. Forfeitures can be used to reduce fees or future Company contributions. At December 31, 2025 and 2024, there were no forfeitures available to reduce future expenses or Company contributions. No forfeitures were used to reduce the Company's contribution or pay Plan expenses for the year ended December 31, 2025.

Investment Options

Participants have the option of investing in a variety of investment options offered through Ascensus Trust Company. All amounts in participant accounts are participant-directed.

Benefit Payments

Benefit payments are payable as a single lump-sum payment or partial payments. The full value of a participant's account is payable upon retirement, death or disability. For termination of service due to other reasons, a participant may elect to receive a lump-sum amount, installment payments, or remain in the Plan as an inactive participant. In-service distributions are also allowed from the fully vested portion of a participant's account balance with certain restrictions, as outlined in the Plan document.

Note 1. Plan Description (Continued)

Hardship Withdrawal

The Plan allows participants to withdraw from their accounts a maximum equal to 100% of their pre-tax or Roth deferral account balance for financial hardship. The withdrawal amount for financial hardship cannot exceed the amount required to meet the immediate financial need created by the hardship.

Termination of the Plan

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Plan holds investments in collective investment trust funds that are considered to be fully benefit-responsive. Fully benefit-responsive investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. However, these funds qualify for measuring fair value using the net asset value (NAV) practical expedient. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

VALBRUNA STAINLESS, INC. 401K PLAN

Notes to Financial Statements (Continued)

December 31, 2025

Note 2. Significant Accounting Policies (Continued)

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Subsequent Events

Management of the Plan has evaluated events and transactions for possible recognition or disclosure through September 14, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Matrix Trust Company and Ascensus Trust Company

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian, Ascensus Trust Company, as of December 31, 2025 and for the period July 18, 2025 through December 31, 2025, and by Matrix Trust Company as of December 31, 2024 and for the period January 1, 2025 through July 17, 2025, and was not subjected to any auditing procedures performed by the independent public accountants.

- a. Total investments as shown in the accompanying statements of net assets available for benefits.
- b. Net investment income, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income, and net realized and unrealized appreciation in fair value of investments.
- c. Schedule of assets (held at end of year), except for participant loans.

Note 4. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market. Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

- Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There are changes in the methodologies used at December 31, 2025 and 2024 related to the change in investments.

Cash, interest bearing: Valued at cost plus accrued interest, which approximates fair value due to the short-term nature and high liquidity of the instrument.

Mutual funds: Valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year end.

Collective investment trust: Valued at the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2025 and 2024.

Assets at Fair Value as of December 31, 2025

Note 5. Collective Investment Trust

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2025</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Investment Trust	\$6,671,373	n/a	Daily	12 Months

Collective Investment Trust	\$12,269,427	n/a	Daily	12 Months

Note 6. Transactions with Parties-In-Interest

The Company provides certain accounting, recordkeeping, and administrative services to the Plan for which it receives no compensation. Administrative expenses for legal, accounting, and other services are rendered by parties-in-interest and are paid by the Company. The Plan invests cash, mutual funds and collective investment trusts managed by the Custodian of the Plan. Investment related expenses are included in net appreciation of fair value of investments.

VALBRUNA STAINLESS, INC. 401K PLAN

Notes to Financial Statements (Continued)

December 31, 2025

Note 7. Income Tax Status

On September 21, 2020, the Internal Revenue Service stated that the prototype document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since this date; however, the Plan Administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 8. Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
