Independent Auditor's Report

To the Plan Administrator of Petersen Industries Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Petersen Industries Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Petersen Industries Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3) (C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Petersen Industries Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management approved the termination of the Plan during the 2026 plan year, as described in Note 7 to the financial statements. Accordingly, management's going-concern evaluation includes consideration of the Plan's termination, the orderly distribution of participant benefits, and the settlement of remaining obligations.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error,

as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Petersen Industries Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Petersen Industries Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been

subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

Prior Period Compiled

We performed a compilation engagement with respect to the 2024 Statement of Net Assets Available for Benefits. We did not audit or review that financial statement and, accordingly, express no opinion or other form of assurance on it.

1. Description of Plan

The following description of the Petersen Industries Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan as defined under Section 413(c) of the Internal Revenue Code, administered by Petersen Industries, Inc. (the Sponsor), covering eligible participants of the employers subscribing to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan management is responsible for oversight of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Plan management.

Contributions

Contributions to the Plan include employee elective deferrals, Roth and catch-up contributions, rollover contributions, employer matching contributions, profit-sharing contributions, discretionary employer contributions, and qualified nonelective contributions, all subject to applicable IRS limitations. Participants may contribute up to 100% of gross pay each pay period and direct contributions among the Plan's investment options. Newly eligible employees are automatically enrolled at a 3% deferral rate unless they elect otherwise, with annual increases of 1% until reaching 10%. The Company matches 50% of eligible elective deferrals, up to \$1,000 per participant annually. For the year ended December 31, 2025, no profit-sharing or additional discretionary employer contributions were made.

1. Description of Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions, Plan matching contributions, allocations of the Plan's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee elective deferrals, designated Roth contributions, rollover contributions, and employer matching contributions plus earnings thereon. Profit-sharing contributions and additional or other discretionary employer contributions plus earnings thereon, are subject to a six-year graded vesting schedule based on the participant's years of credited service. Nonvested amounts are forfeited upon a participant's termination of employment, subject to the terms of the Plan.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive the vested interest of his or her account in the form of a single lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeited accounts

At December 31, 2025, forfeited nonvested accounts were insignificant. Forfeitures may be used to reduce future employer contributions or pay plan administrative expenses. During 2025, approximately \$123 of forfeitures was applied to employer contributions through contribution credits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

The Plan's investments in fully benefit-responsive investment contract is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (Continued)

Contributions

Contributions from participants and the matching contributions from the employer are recorded in the year in which the related participant contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan. Expenses that are paid by the Plan are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through September 11, 2026, the date the financial statements were available to be issued. The Plan's termination and related post-year-end activities are described in Note 7.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

Petersen Industries Retirement Savings Plan
Notes to the Financial Statements
For the year ended December 31, 2025

3. Fair Value Measurements (Continued)

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Collective investment trust funds: Valued based on net asset values as a practical expedient, as reported by the managers of the collective trust funds and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued based on net asset values as a practical expedient, as reported by the managers of the pooled separate account funds and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Because they are valued using a practical expedient, they have not been classified in the fair value hierarchy.

Petersen Industries Retirement Savings Plan
Notes to the Financial Statements
For the year ended December 31, 2025

3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Total		Level 1		Level 2		Level 3
Mutual funds	\$	26,192	\$	26,192	\$	-	\$ -
Total assets in the fair value hierarchy		26,192		26,192		-	-
Investments measured at net asset value (a)		2,162,746		-		-	-
Total investments at fair value	\$	2,188,938	\$	26,192	\$	-	\$ -

Assets at Fair Value as of December 31, 2024	Total		Level 1		Level 2		Level 3
Mutual funds	\$	25,217	\$	25,217	\$	-	\$ -
Total assets in the fair value hierarchy		25,217		25,217		-	-
Investments measured at net asset value (a)		1,843,510		-		-	-
Total investments at fair value	\$	1,868,727	\$	25,217	\$	-	\$ -

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Petersen Industries Retirement Savings Plan
Notes to the Financial Statements

3. Fair Value Measurements (Continued)

Fair Value of Investments that Calculate Net Asset Value

The fair value of the investments using the net asset value as a practical expedient as of December 31, 2025 and 2024 are \$2,162,746 and \$1,843,510, respectively, processing fees for the Plan charged by Principal Life Insurance Company were included as fees charged. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a fully benefit-responsive stable-value investment through a collective investment trust. Contributions attributable to the contract are maintained in a general account that is credited with interest earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is fully benefit-responsive because participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value under the terms of the Plan, and contract value represents the amount participants would normally receive for permitted transactions. Accordingly, the contract is reported at contract value.

The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate guaranteed to the Plan. The crediting rate is determined under a formula established by the contract issuer based on the earnings of the underlying assets in the medium- to long-term new-money portfolio, the minimum interest crediting rate specified in the contract, and prevailing market conditions. The interest crediting rate is reviewed and reset quarterly. Principal Life Insurance Company is contractually obligated to repay the principal and the guaranteed interest to the Plan. The investment is an insurance contract, and the Plan may transact with the issuer in accordance with the contract terms. The occurrence of an event that would limit the Plan's ability to execute transactions at contract value with participants is not probable. The contract cannot be terminated before its scheduled maturity date.

Petersen Industries Retirement Savings Plan
Notes to the Financial Statements
For the year ended December 31, 2025

4. Fully Benefit-Responsive Investment Contracts (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

5. Information Certified by Principal Trust Company and Principal Life Insurance Company

The Plan administrator has elected to have an audit performed pursuant to 29 C.F.R. § 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the year ended December 31, 2025. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Principal Trust Company, the Plan's trustee and custodian, and Principal Life Insurance Company, the Plan's insurance carrier and provides certain plan administrative services and certifications with respect to the collective investment trust fund. The certified information includes the Plan's investments reported in the accompanying comparative Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity, including net appreciation or depreciation, interest, and dividends, reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

The information in the following line items, included in the Plan's financial statements, was prepared by the trustee and furnished to the Company. The Company has obtained a certification that such information is complete and accurate and was not audited:

Statement of net assets available for plan benefits:	2025	2024
Participant-directed investments	\$ 2,390,125	\$ 2,053,698

Statement of changes in net assets available for benefits:	2025
Net appreciation in fair value of investments	\$ 297,470
Interest and dividends	\$ 797

6. Related-Party and Party In Interest Transactions

Investment and processing fees charged by Principal Trust Company and Principal Life Insurance Company were allocated to and paid from participant accounts. Fees paid by the Plan for services provided by Principal Trust Company and Principal Life Insurance Company totaled \$19,133 for the year ended December 31, 2025.

Petersen Industries Retirement Savings Plan
Notes to the Financial Statements
For the year ended December 31, 2025

6. Related-Party and Party In Interest Transactions (Continued)

Certain administrative functions of the Plan are performed by officers or employees of the Plan. No such officer or employee receives compensation from the Plan.

7. Plan Termination

In January 2026, the Plan Sponsor approved termination of the Plan, effective January 26, 2026. No contributions were made to the Plan after the termination date, and all participant account balances became fully vested upon termination.

Following the termination date, participant account balances will be distributed to participants or transferred to other eligible retirement arrangements in accordance with the Plan document and applicable regulatory requirements. The Plan Sponsor expects to complete the required participant communications, regulatory filings, and other administrative activities related to the termination. The 2025 financial statements reflect the Plan's assets and obligations as of December 31, 2025, and include the planned termination and related activities described above.

8. Tax Status

The Sponsor has adopted a pre-approved plan document offered by Principal Life Insurance Company that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements
For the year ended December 31, 2025

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Delinquent Participant Contributions

For the year ended December 31, 2025, certain participating employers did not remit certain participant contributions totaling \$464,231 to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. \$438,004 of these delinquent contributions were fully corrected during the year ended December 31, 2025 and \$26,227 were corrected in 2026 by the Plan Sponsor outside of the Department of Labor's Voluntary Fiduciary Correction Program, including the payment of applicable lost earnings to affected participants, and are reported on the accompanying Schedule of Delinquent Participant Contributions.

11. Concentrations

As of December 31, 2025, the Plan held approximately 69% of its total investments in four separate investment accounts. As of December 31, 2024, the Plan held approximately 69% of its total investments in four separate investment accounts. The Plan's investments are subject to market risk, including the risk that changes in market conditions may significantly affect the value of the investments.

12. Subsequent Events

Management has evaluated subsequent events as of September 11, 2026, the date the financial statements were available for issue. Other than the event noted below, Plan management is not aware of any significant events that occurred subsequent to the statement of net assets available for benefits date but prior to the issuance of this report that require adjustment to the financial statements or disclosure in the notes to the financial statements.

On January 26, 2026 the Plan was terminated by the Plan Sponsor.
