Results of the 2025 Financial Statement Audit, Including Required Communications

December 31, 2025

Required Communications Regarding Our Audit Strategy & Approach (AU-C 260)

Overview & Responsibilities

Matter	Discussion
Section 103(a)(3)(C) – 29 CFR 2520.103-8	Management has elected to have the audit of the Plan's financial statements performed in accordance with the <i>Employee Retirement Income Security Act of 1974</i> (ERISA) Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP) .
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with GAAP and that the assets held by and certified to by a qualified institution agree to, or are derived from, in all material respects, the certified investment information.

Matter	Discussion
Scope of Our Audit	This report covers audit results related to your financial statements: • As of and for the year ended December 31, 2025. • Conducted in accordance with our contract dated March 2, 2026.
Our Responsibilities	Forvis Mazars is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with the oversight of those charged with governance, are prepared in accordance with GAAP.
Audit Scope & Inherent Limitations to Reasonable Assurance	An audit performed in accordance with auditing standards generally accepted in the United States of America (GAAS) is designed to obtain reasonable, rather than absolute, assurance about the financial statements. The scope of our audit tests was established in relation to the financial statements taken as a whole and did not include a detailed audit of all transactions.
Extent of Our Communication	In addition to areas of interest and noting prior communications made during other phases of the engagement, this report includes communications required in accordance with GAAS that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process, including audit approach, results, and internal control. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.
Independence	The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.
Your Responsibilities	Our audit does not relieve management or those charged with governance of your responsibilities. Your responsibilities and ours are further referenced in our contract.
Distribution Restriction	This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties: • The Board of Trustees, Retirement Committee, Plan Administrator, and Management • Others within the Plan

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or its manner of presentation, appearing in the financial statements.

Qualitative Aspects of Significant Accounting Policies & Practices

Significant Accounting Policies

Significant accounting policies are described in Note 2 of the audited financial statements.

With respect to new accounting standards adopted during the year, we call to your attention the following topics detailed in the following pages:

- No matters are reportable

Unusual Policies or Methods

With respect to significant unusual accounting policies or accounting methods used for significant unusual transactions (significant transactions outside the normal course of business or that otherwise appear to be unusual due to their timing, size, or nature), we noted the following:

- No matters are reportable

Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Management Judgments & Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. A significant area of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates includes:

- Fair value of investments

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Determination of fair values
- Party-in-interest transactions
- Related-party transactions

Our Judgment About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable

Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

Proposed & Recorded Adjustments

Auditor-proposed and management-recorded entries include the following:

- Adjust current-year cash account and reverse prior-year cash account

Uncorrected Misstatements

No uncorrected misstatements to report.

Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- Insufficient monitoring of the Plan's adoption agreements
- Failure to remove terminated employee's outstanding loan
- Insufficient monitoring of the Plan's service organizations, including review of relevant SOC 1 reports
- Participant deferral amount discrepancy between payroll records and John Hancock

See the "Required Communications Regarding Internal Control" that follows for more information on these reportable findings.

Other Required Communications

Disagreements with Management

During the Audit Process

During the audit process, the following issues were discussed or were the subject of correspondence with management:

- No matters are reportable

Significant Related-Party Findings

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of Troy Companies 401(k) Plan as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America (GAAS), we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be a significant deficiency and other deficiencies as follows:

Significant Deficiency

- Insufficient monitoring of the Plan's adoption agreements – During our audit procedures, we noted that the irregular pay provision was erroneously removed from the plan document. Previously, irregular pay was excluded from eligible compensation. Currently, the plan document has this pay included within eligible compensation; however, deferrals are being calculated with this pay removed. Failure to correct the plan document will continue to cause an understatement of contributions. We recommend plan management correct the plan document to include the irregular pay provision and review plan documents for other provisions that may not be in alignment with how the Plan is currently operating.

Deficiencies

- Failure to remove terminated employee's outstanding loan – During our audit, we noted that there was an employee who had terminated in a prior year but was still listed as having an outstanding loan. We recommend implementing procedures to review the outstanding loan report and creating a deemed distribution for employees who terminate that have an outstanding loan balance.
- Lack of formal review of the SOC 1 Reports – During our audit, we noted that there was no formal review of the SOC 1 reports. We recommend implementing procedures to review the SOC 1 reports annually. This can be completed during one of the Retirement Plan Committee meetings.
- Participant deferral amount discrepancy between payroll records and John Hancock – During our audit, we noted that a participant's deferral information in the John Hancock records did not align with payroll records. While no error was identified, a reconciliation control was not in place to ensure participant deferral information was consistent between systems.

The undersigned (We) are providing this letter in connection with Forvis Mazars' audits of the financial statements of Troy Companies 401 (k) Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Our representations are current and effective as of the date of Forvis Mazars' report: September 8, 2026.

Our engagement with Forvis Mazars is based on our contract for services dated: March 2, 2026.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the supplemental schedule in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit(s) of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agree to, or are derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Confirmation of Matters Specific to the Subject Matter of Forvis Mazars' Report

We confirm, to the best of our knowledge and belief, the following:

Broad Matters

1. We have fulfilled our responsibilities, as set out in the terms of our contract, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.
2. We acknowledge our responsibility for the design, implementation, and maintenance of:
 - a. Internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
 - b. Internal control to prevent and detect fraud.
3. We have provided you with:
 - a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements, such as financial records and related data, documentation, and other matters.
 - b. The most current plan instrument for the audit period, including all Plan amendments.
 - c. A draft of the Form 5500 that is substantially complete.
 - d. Additional information that you have requested from us for the purpose of the audit.
 - e. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.
 - f. All minutes of Retirement Plan Committee meetings held through the date of this letter or summaries of actions of recent meetings for which minutes have not yet been prepared. All unsigned copies of minutes provided to you are copies of our original minutes approved by the Retirement Plan Committee, if applicable, and maintained as part of our records.
 - g. All significant contracts.
4. We have disclosed to you all instances in which artificial intelligence (AI) systems or tools were used related to financial reporting, internal controls, and other processes relevant to the financial statements. We acknowledge our responsibility for the design, implementation, and maintenance of internal controls related to the use of AI.
5. We acknowledge the Plan does not meet the definition of a "public entity" under generally accepted accounting principles.
6. We have responded fully and truthfully to all your inquiries.

Plan Design & Operations

7. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
8. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do

not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.

9. The Plan instrument has not been amended during the year.
10. The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Nova 401(k) Associates. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taking jurisdictions; however, there are currently no audits for any tax periods in progress.

11. The Plan has complied with the fidelity bonding requirements of ERISA.
12. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
13. We have reviewed the reports of all transactions processed by third-party servicers and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations, or uncorrected misstatements.
14. We have complied with the DOL's regulations concerning the timely remittance of participant contributions and loan repayments.
15. As applicable, we have complied with the DOL's regulations concerning the services provider fee disclosures in accordance with Section 408(b)(2).
16. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
17. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.
18. We have noted an operational issue related to participant deferral reconciliation processes and the administration and monitoring of the Plan's adoption agreement. We believe the issue is not material to the overall financial statements and do not believe it has an impact on the tax status of the Plan. We are not aware of any operational issues other than that mentioned above.

Misappropriation, Misstatements, & Fraud

19. We have informed you of all current risks of a material amount that are not adequately prevented or detected by our procedures with respect to:
 - a. Misappropriation of assets.
 - b. Misrepresented or misstated assets or liabilities.
20. We have no knowledge of fraud or suspected fraud affecting the Plan involving:
 - a. Management or employees who have significant roles in internal control over financial reporting, or
 - b. Others when the fraud could have a material effect on the financial statements.
21. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
22. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and disclosed to you any such risk identified.

Related Parties & Parties in Interest

23. We have disclosed to you the identity of all of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships of which we are aware.

In addition, we have disclosed to you all related-party transactions and amounts receivable from or payable to related parties of which we are aware, including any modifications during the year that were made to related-party transaction agreements that existed prior to the beginning of the year under audit, as well as new related-party transaction agreements that were executed during the year under audit.

Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America.

24. We understand that the term related party refers to:

- Affiliates
- Entities for which investments are accounted for by the equity method
- Trusts for the benefits of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management
- Principal owners and members of their immediate families
- Management and members of their immediate families
- Any other party with which the Plan may deal if one party can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

Cybersecurity Guidance

Cybersecurity Guidance for Employee Benefit Plans

For the first time, the Employee Benefit Security Administration (EBSA) has issued cybersecurity guidance. EBSA believes that without sufficient protection, the over \$9.3 trillion of assets currently invested for the participants of defined benefit and contribution plans could be at risk from both internal and external cybersecurity threats. The guidance, issued in three parts, provides plan fiduciaries and plan management tips for hiring a service provider, cybersecurity program best practices, and online security tips.

Cybersecurity program best practices, as outlined by the EBSA, include the following:

- Have a formal cybersecurity program
- Conduct prudent annual risk assessments
- Have a reliable annual third-party audit of security controls
- Maintain strong access control procedures
- Ensure sensitive data stored and in transit is encrypted
- Respond properly to cybersecurity incidents or breaches

Employee benefit plans often rely on other service providers to maintain plan and participant data records. Plan sponsors should exercise prudence when selecting and monitoring service providers. Steps that plan sponsors can take during the selection process include the following:

- Inquire about the service provider's information security standards, policies, and practices
- Evaluate the service provider's track record, including a search for public information regarding information security incidents
- Inquire whether the service provider has experienced security breaches in the past
- Check if the service provider has insurance policies covering losses caused by cybersecurity and identity theft breaches

We recommend plan fiduciaries and plan management consider the guidance issued and begin the process to implement the best practices where appropriate, which may include a cybersecurity assessment.
