REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Reliance, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Reliance, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RELIANCE, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of the Reliance, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined contribution retirement plan for the benefit of full-time employees of Reliance, Inc. (the "Company") not covered by a collective bargaining agreement that were Plan participants as of December 31, 2016. Employees of the Company's subsidiaries did not participate in the Plan. The Company is not currently making contributions to the Plan. The Plan operates as an employee stock ownership plan that is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is also subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Reliance, Inc. Benefits Committee ("Plan Administrator"). Fidelity Management Trust Company serves as trustee of the Plan (the "Trustee") and holds the Plan's assets.

Vesting

Participants are fully vested in their individual accounts at all times.

Payment of Benefits

Upon separation from service with the Company due to retirement, disability, death, or termination of service, a participant receives a lump sum distribution in cash, whole shares of Reliance common stock, or any combination thereof, with any fractional shares paid in cash. The Plan includes certain automatic distribution provisions for small account balances.

Participant Accounts

Each participant's account is credited with an allocation of earnings and losses and expenses thereon for the common stock allocated to the participant's account.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant.

In-Service Withdrawals

Eligible participants can request an in-service withdrawal of a portion of their account balance over a six-year period. Participants aged 55 through 61 may request in-service withdrawals for up to 25% of the number of shares allocated to their account for the first five years and then up to 50% in the sixth year.

Dividends

Plan participants elect how dividends attributable to Reliance common stock are distributed by the Trustee, either reinvested in additional shares of Reliance common stock or paid in cash. For the year ended December 31, 2025, dividends in the amount of $838,762 were reinvested in additional shares of Reliance common stock.

Administrative Expenses

Administrative expenses consist of overnight delivery fees charged directly to the accounts of certain participants.

Recordkeeping fees, audit, legal and other administrative expenses of the Plan are not reflected in the accompanying financial statements as they are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments are reported at fair value.

Investment Valuation and Income Recognition

Investments held by the Plan, including shares of Reliance common stock, are reported at fair value. The fair value of the common stock of the Company is determined based on the closing price reported by the New York Stock Exchange on the last business day of the Plan year. Money market funds are valued at the closing price as reported by the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on an ex-dividend basis.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on shares bought and sold during the year and unrealized appreciation or depreciation of shares held at year end.

Risks and Uncertainties

The Plan's assets are substantially comprised of Reliance, Inc. common stock and, accordingly, are exposed to market and concentration risks. It is at least reasonably possible that changes in the value of Reliance common stock in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefit Payments

Benefits to participants and beneficiaries are recorded when paid.

3. INVESTMENT IN RELIANCE, INC. COMMON STOCK

Information related to the Plan's investment in Company common stock is presented below:

December 31,	2025	2024
Fair value	$ 76,434,871	$ 78,271,355
Cost	$ 11,645,582	$ 12,269,083
Shares held	264,600	290,691

During the year ended December 31, 2025, purchases and sales of Reliance, Inc. common stock were $838,762 and $7,714,572, respectively.

4. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell the investment in an orderly transaction between market participants (an exit price). The FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). All investments measured within the fair value hierarchy are classified as Level 1. The Plan does not hold Level 2 or Level 3 investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Total**
Cash and cash equivalents	$ 133,103	$ 133,103
Reliance, Inc. common stock	76,434,871	76,434,871
Total investments at fair value	$ 76,567,974	$ 76,567,974

December 31, 2024	**Level 1**	**Total**
Cash and cash equivalents	$ 88,696	$ 88,696
Reliance, Inc. common stock	78,271,355	78,271,355
Total investments at fair value	$ 78,360,051	$ 78,360,051

The investment in Reliance common stock is measured at fair value based on quoted market price on the New York Stock Exchange. Cash and cash equivalents include a money market fund that is measured at fair value based on a quoted market price in an active market.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of Reliance common stock and a money market fund managed by the Trustee. The Plan received $1,303,652 of dividends from Reliance, Inc. in the 2025 Plan year.

The Plan engages in the purchase and sale of Reliance common stock, as noted above in *Note 3—"Investment in Reliance, Inc. Common Stock"*. Transactions in these investments qualify as exempt party-in-interest transactions.

6. INCOME TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service dated November 8, 2017, stating that the Plan was qualified under Section 401(a) of the Code. Although the Plan has been amended since the date of the determination letter, the Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code and continues to be tax-qualified.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management concluded that, as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan at any time, subject to the provisions of ERISA. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to the participant (or their beneficiary) in accordance with the terms of the Plan and the IRC.

8. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through August 20, 2026, the date the financial statements were issued.
