INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Grupo Carmelo Savings and Investment Plan
Toa Baja, Puerto Rico

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Grupo Carmelo Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of Grupo Carmelo Savings and Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grupo Carmelo Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grupo Carmelo Savings and Investment Plan ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements -as a whole- are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grupo Carmelo Savings and Investment Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grupo Carmelo Savings and Investment Plan ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements -as a whole- are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

NOTE A - DESCRIPTION OF THE PLAN AND ACCOUNTING POLICIES - CONTINUED

Contributions

For the years ended December 31, 2025 and 2024, participants may contribute up to \$15,000 if the participants have less than 50 years old, as defined in the Plan, and up to \$16,500 if the participants have 50 years old or older, limited to 10% of compensation for the plan year.

The Sponsor's matching contributions will be discretionary. Since April 1, 2010, the Sponsor is no longer contributing the employer discretionary nor the matching contributions to the Plan.

Participant's accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Plan earnings and (b) forfeitures of terminated participants' non-vested accounts. Except for forfeitures, allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are vested according to the following schedule:

- 40% after three years of service
- 60% after four years of service
- 80% after five years of service

Investment Option

Upon enrollment in the Plan, a participant directs the investment of his or her contributions into Mutual Funds. The participants may change their investment options quarterly.

Distribution of benefits

Distribution of benefits to participants that are less than \$5,000 shall be made in a single lump sum payment. If the amount exceeds \$5,000, the participant shall have the option to decide how to receive the distribution.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2025 AND 2024

NOTE A - DESCRIPTION OF THE PLAN AND ACCOUNTING POLICIES - CONTINUED

The Plan shall permit distributions attributable to Sponsor contributions only upon the occurrence of one of the following events:

- a. retirement of the employee or attainment of normal retirement age.
- b. separation from service (for any reason, including death).
- c. permanent disability of the employee.
- d. termination of the plan.

Payment of benefits

The Plan does not permit participants to receive payment of benefits unless a participant terminates employment. Benefits are recorded when paid.

NOTE B - INVESTMENTS VALUATION AND USE OF ESTIMATES

Investments valuation and income recognition

The Plan's investments are participant-directed and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly (not forced) transaction between market participants at the measurement date. See note E for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold during the year as well as an increase or decrease in fair value at year end.

NOTE B - INVESTMENTS VALUATION AND USE OF ESTIMATES- CONTINUED

Fair value measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The fair value measurement accounting literature (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and describes inputs as either observable or unobservable. Observable inputs can be seen in the market whereas unobservable inputs are assumptions made by the valuer based upon the best available information. ASC 820 requires the observable inputs to be used wherever possible, resulting in the classification of the hierarchy.

The Plan categorizes its fair value measurements into a three broad levels hierarchy based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument in its entirety.

- Level 1 - Unadjusted quoted prices accessible in active markets for identical assets or liabilities at the measurement date and mutual funds where the value per share (unit) is determined and published daily and is the basis for current transactions. Level 1 inputs are considered "observable" inputs.
- Level 2 - Unadjusted quoted prices for similar assets or liabilities in active markets or inputs (other than quoted prices) that are observable or that are derived principally from or corroborated by observable market data through correlation or other means. Primary inputs to this valuation technique may include comparative trades, bid/asks, interest rate movements, U.S. Treasury rates, Secured Overnight Financing Rate ("SOFR"), prime rates, cash flows, maturity dates, call ability, estimated prepayments, and/or underlying collateral values.
- Level 3 - Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate about the assumptions market participants would use at the measurement date in pricing the asset or liability. Consideration is given to the risk inherent in both the method of valuation and the valuation inputs. Primary inputs to this valuation technique include broker quotes and comparative trades.

Changes in observability of significant valuation inputs identified during these reviews may trigger reclassifications. Reclassifications are reported as transfers at the beginning of the period in which the change occurs.

NOTE B - INVESTMENTS VALUATION AND USE OF ESTIMATES - CONTINUED

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (NOTES C, D AND E)- UNAUDITED

The following information included in the financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

NOTE D - INVESTMENTS

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. Accounting Standard Codification (ASC) 820 establishes a fair value hierarchy. This hierarchy consists of three broad levels, which were described in Note B, that prioritizes the inputs to valuation techniques used to measure fair value. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. The Plan measures fair value using level 1 inputs because they provide the most reliable evidence of fair value.

The following tables present the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	<u>Fair Value Measurement as of December 31, 2025</u>
Investment contract with insurance company (Level 3)	\$ 713,995
Mutual funds - bonds, equities, balanced (Level 1)	4,074,338
Total	<u>\$ 4,788,333</u>

	<u>Fair Value Measurement as of December 31, 2024</u>
Investment contract with insurance company (Level 3)	\$ 449,083
Mutual funds - bonds, equities, balanced (Level 1)	3,708,836
Total	<u>\$ 4,157,919</u>

NOTE F - INCOME TAX STATUS

The Department of the Treasury of the Commonwealth of Puerto Rico has ruled that the Plan qualifies under Section 1081.01 (e) of the Income Tax Act of 2011 (the Act) and is, therefore, not subject to income tax under the present income tax law. The Plan is required to operate in conformity with the Act to maintain its qualification. The Plan's Retirement Committee is not aware of any course of action or series of events that have occurred that might affect the Plan's qualified status.

NOTE G – FINANCIAL INSTRUMENTS RISKS AND UNCERTAINTIES

The Plan invests in various investment securities (mutual funds) which are exposed to various risks such as interest rates, market, and credit risks. Due to the level associated with certain investment securities, it is at least reasonable possible that change in the values of investment securities will occur in the near term and that such a change could materially affect participant's account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE H - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan sponsor has represented that it is not aware of any prohibited transactions with parties-in-interest. Auditing fees paid by the sponsor on behalf of the Plan were \$13,000 for the years ended December 31, 2025 and 2024. Fees paid to the trustee and the auditor for the years ended December 31, 2025 and 2024, are considered reasonable based on the Plan sponsor's evaluation.
