INDEPENDENT AUDITOR'S REPORT

To the Trustees
McFarland Clinic, P.C.
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McFarland Clinic, P.C. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the McFarland Clinic, P.C. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of McFarland Clinic, P.C. (the Company and the Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the applicable current Internal Revenue Code (IRC) provisions. Employees are eligible to participate in the Plan if they have attained the age of 18. To be eligible for discretionary profit sharing and safe harbor matching contributions, participants must have 1 year of service (1,000 hours minimum). Eligibility date is the first day of the Plan year quarter following the employee meeting the eligibility requirements.

Contributions

The Plan allows for participant contributions up to 50% of their pre-tax annual compensation, subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans. Eligible employees are automatically enrolled with a deferral rate of 5% unless an alternate election is made. Participants who contribute at a rate less than 10% are automatically increased by 1% annually unless they elect to opt out of the automatic increase.

The discretionary profit-sharing contribution made by the Company is determined by resolution of its Board of Directors. This contribution is allocated to individual participants based upon an individual's ratio of annual compensation to total compensation of all Plan participants, subject to specific limitations. In order to maintain the Plan's safe harbor status, the Company commits to make 100% vested matching contributions for the first 4% of salary deferral. Participants may elect to contribute to either a Roth or traditional 401(k) account, or both.

Investments

Participants direct their contributions into various investment options offered by the Plan including mutual funds and common collective trusts. Participants may change their investment options daily. A participant-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan.

Vesting

Participants are immediately vested in their elective deferrals and the Company's safe harbor matching contributions, plus earnings thereon. Vesting in the Company's discretionary profit-sharing contributions, plus earnings thereon, is based on years of continuous service. A participant vests at the rate of 20% per year-end and is 100% vested after 5 years of credited service.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of the Company discretionary contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) notes receivable from participants. Loan terms range up to 5 years from the date of the loan, unless the loan is used to purchase a dwelling unit to be used as the principal residence of the participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon retirement, death, or termination of employment, participants or their beneficiaries may elect to receive a lump-sum distribution, partial payments as requested from time to time, or equal installments over a specified period of time. Active employees may also receive a distribution of all, or a portion of, their account balance upon reaching age 59 1/2 or for specific hardship circumstances. During the year ended December 31, 2024, the Plan adopted certain provisions of the SECURE 2.0 Act of 2022 (SECURE 2.0) that allows for qualified participants affected by qualified disasters to take a qualified disaster recovery distribution after the first day of the incident period of the qualified disaster and before the date that is 180 days after the applicable date of the qualified disaster to a maximum aggregate amount of \$22,000 for all qualified disaster recovery distributions received by the qualified participant for each qualified disaster which is able to be repaid by the qualified participant to the Plan at any time during the three year period following the distribution.

Forfeitures

Forfeited accounts may be used to pay administrative expenses or to offset the Company's matching or profit-sharing contributions. Employer contributions and administrative expenses were reduced by \$70,614 and \$145,470 from forfeited accounts for the years ended December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024, there was \$4,919 and \$4,743 respectively, available to offset future expenses and Company contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the accrued benefits of all participants shall be distributed to participants as provided in the Plan.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Contributions

Contributions from the Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded on the accrual basis. As of December 31, 2025, notes receivable from participants have varying maturity dates with interest rates ranging from 3.25% to 8.50% and maturity dates through January 2031. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment balances will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. Certain investment-related expenses are deducted from income earned on a daily basis and are reflected within net appreciation in fair value of investments. Certain fees related to plan administration, recordkeeping, investment advisory, and transactional fees for distributions and notes receivable are paid by the Plan.

NOTE 3 — CERTIFIED INFORMATION

The following is a summary of the investment information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared or derived from information provided by Charles Schwab Trust Bank (the Trustee and Custodian of the Plan) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee, relating to the following investments, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule relating to the following investments.

NOTE 4 — FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority):

Level 1, defined as unadjusted quoted prices in active markets accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2, defined as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following is a description of the valuation methodologies used for assets measured at fair value.

- *Mutual funds*: Valued based on quoted prices of identical assets in active markets.
- *Common collective trusts*: The fair values of units held in the collective trust fund are valued based on quoted redemption values, also known as net asset values, determined by using available market information and appropriate valuation methods, as provided by the Custodian and represent the value at which the Plan (or the participant) could initiate a transaction with the Custodian.
- *Participant-directed brokerage accounts*: These investments include a money market fund, common stocks, mutual funds, exchange traded funds, and unit investment trusts, which are valued at quoted prices in active markets and classified as Level 1. These investment also include treasury bills, certificates of deposit, U.S government securities, and corporate bonds, which are valued based on quoted prices of similar assets sold in active or inactive markets and are classified as Level 2.

The following tables show assets measured at fair value as of December 31, 2025 and 2024 on the Plan's statements of net assets available for benefits and the input categories associated with those assets:

Description	Level 1	Level 2	Level 3	Total

NOTE 5 — INCOME TAX STATUS

The Plan was created from a prototype plan developed by Schwab Retirement Plan Services, Inc. The Internal Revenue Service has issued an opinion letter, dated September 21, 2020, that the prototype plan is qualified, and the trust established under the Plan is tax-exempt under Section 401 of the IRC. The Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC under the prototype.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that "more likely than not" would not be sustained upon examination by taxing authorities. As of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements.

NOTE 6 — RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

A portion of the Plan's participant-directed brokerage accounts are invested in funds managed by the Trustee of the Plan. Additionally, a participant who acquires a participant loan is a party-in-interest. However, these transactions are exempt from the prohibited transaction rules of ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 7 — SUBSEQUENT EVENTS

Effective June 1, 2026, the Plan was amended to change the annual automatic escalation date for participants subject to the automatic enrollment provisions from July 15 to July 1.

The Plan evaluated subsequent events through September 14, 2026, the date the financial statements were available to be issued.
