INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Edesia Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Edesia Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EDESIA INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Description of the Plan

The following description of the Edesia Inc. Retirement Savings Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Edesia, Inc. (the Plan Sponsor or Employer) on January 1, 2011. The purpose of the Plan is to accumulate retirement income for its employees which will supplement retirement benefits provided to them by Social Security. The Plan is a contributory defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is also the Plan Administrator. As Plan Administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Ascensus Trust Company (Ascensus) is the appointed trustee of the Plan.

Eligibility

Employees are immediately eligible to participate in the Plan and are automatically enrolled upon hire at a deferral rate of 4% of compensation on a pre-tax basis, unless they opt out. The Plan adopted certain provisions for eligibility for long-term part-time employees under the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE) Act 2.0, which became effective January 1, 2025.

Contributions

Participants may elect to contribute on a pre-tax or post-tax basis any percentage of their annual compensation to the Plan, subject to certain limitations as allowable under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans (Rollovers).

Participants are immediately eligible to receive Employer safe harbor matching contributions equal to 100% of their elective deferral contribution up to a maximum of 4% of their compensation. The Employer may also make discretionary additional safe harbor matching and qualified non-elective contributions. Employees who normally work less than 20 hours per week are not eligible for Employer safe harbor matching contributions and non-elective contributions.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Participant Accounts

Each participant's account is credited with the participant's contributions, any rollover contributions made by the participant, and allocations of (a) the Employer contributions, (b) Plan earnings (losses) and (c) administrative revenue (expenses). Plan earnings (losses) and administrative revenue (expenses) are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions, including rollover contributions, plus earnings thereon, and in the Employer's safe harbor matching contributions.

Vesting in the Employer's discretionary additional safe harbor matching and non-elective contributions is based on years of service in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Fewer than 3	0%
3 or more	100%

A year of vesting service is equal to at least 1,000 hours of service in a Plan year.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding balance of loans in the past twelve months or 50% of their vested account balance.

Loans are secured by the vested balance in a participant's account and bear interest at the prevailing rate comparable to the current interest rates charged by financial institutions for similar loans, as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions and must be completed within five years, with the exception of loans whose proceeds are used for the purchase of a participant's primary residence, which must be repaid over a reasonable period of time, as determined by the Plan Administrator. Participants may only have one loan outstanding at any time.

Payment of Benefits

Upon retirement from service, total and permanent disability, termination of employment or death, participants will receive the value of their account balance in a lump-sum distribution, in accordance with the provisions of the Plan. If a participant reaches age 59½, the participant may elect to receive all or a portion of his or her pre-tax contributions account. The Plan also provides for mandatory distribution to participants upon reaching age 73.

EDESIA INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

In the event of death, benefits are payable to the participant's surviving spouse or designated beneficiary. At any time, a participant may also elect to receive all or a portion of his or her Rollover. Terminated participants with vested account balances greater than \$1,000 may receive a lump-sum payment or, if the vested balance is greater than \$7,000, participants may receive a lump-sum payment or qualified joint and survivor annuity. Vested balances equal to or less than \$1,000 will be immediately cashed out in a lump-sum distribution. If the participant makes no election, the balance will be automatically rolled over to an IRA. Hardship withdrawals from the Plan are permitted from the participant's elective deferral contribution account subject to the limitations imposed by the IRC.

Forfeitures

Any balance in the Employer contribution account of a participant who has separated from service, to which he or she is not entitled, shall be administered by the trustee and subsequently used to pay administrative expenses or reduce Employer contributions. At December 31, 2025, there was no balance in the forfeited non-vested account. At December 31, 2024, the forfeited non-vested account balance was \$15. During 2025, \$60 of forfeitures were used to reduce Plan expenses.

Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value, except for amounts allocated to the insurance company general account investment, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee.

EDESIA INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Contributions

Participant elective deferral contributions and Employer safe harbor matching contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. From time-to-time, an Employer safe harbor matching contribution true-up is required and is generally remitted in January following the Plan year end.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Revenue (Expenses)

Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statement of Changes in Net Assets Available for Plan Benefits.

Administrative revenue arises when investment managers return a portion of the investment fees to the recordkeeper to offset the administrative expenses. Any excess resulting from this revenue credit remains in an unallocated account from which future Plan expenses can be paid or allocated to participant accounts. The Plan received administrative revenues of \$3,004 during 2025, which is included in net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Plan Benefits. The Plan held no unallocated administrative revenues at December 31, 2025, and held \$538 at December 31, 2024. During the year ended December 31, 2025, the Plan replaced the related investment that provided for administrative revenue with a fund that no longer generates this revenue (Notes 4 and 8).

EDESIA INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in four mutual funds that accounted for approximately 47% and 48% of total Plan investments as of December 31, 2025 and 2024, respectively.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

EDESIA INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The money market fund is valued at deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2025 and 2024, the Plan's investments at fair value are reported at level 1 within the fair value hierarchy.

4. Investment Contract with Insurance Company

At December 31, 2024, the Plan had an investment contract, Standard Stable Asset Fund, with Standard Insurance Company (Standard). Amounts held in connection with this contract were held in Standard's general account. Contributions allocated to the contract were guaranteed by Standard. The value of this contract included in the financial statements, as reported to the Plan by Standard, was equal to the sum of contributions made, less withdrawals and administrative expenses, plus interest credited, which approximates fair value.

The insurance company was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The minimum crediting rate under this contract was 1.00%, and the crediting rate was reviewed on a quarterly basis. During the year ended December 31, 2025, the Plan replaced this investment option with a money market fund which is reported at fair value.

NOTES TO THE FINANCIAL STATEMENTS

5. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, Ascensus:

Statements of Net Assets Available for Plan Benefits at December 31, 2025 and 2024, except for contributions receivable;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and;

Investment information provided on the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2025.

6. Income Tax Status

The Plan is operating under a volume submitter plan designed and sponsored by The Angell Pension Group, Inc. (Angell) (the Volume Submitter). Angell received an advisory letter from the IRS dated March 31, 2017, in which the IRS stated that the Volume Submitter satisfies the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter in order to comply with the latest applicable tax laws and regulations. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Ascensus, the trustee of the Plan. In addition, the Plan contracted with Osaic Wealth, Inc. (Osaic) and Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill Lynch) for investment advisory services. Merrill Lynch replaced Osaic as the Plan's investment advisor effective April 1, 2025. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Ascensus for administrative services totaling \$6,916 for the year ended December 31, 2025. Ascensus also received revenue from The Standard Stable Asset Fund's service provider for services Ascensus provides to the fund (Note 2). The Plan also made direct payments of \$12,138 and \$5,130 to Osaic and Merrill Lynch, respectively, during the year ended December 31, 2025. In addition, participant notes receivable qualify as party-in-interest transactions.

9. Subsequent Events

Effective January 1, 2026, the Plan was restated in its entirety to comply with recent legislative changes including the SECURE Act, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), and the Taxpayer Certainty and Disaster Tax Relief Act of 2021. These provisions included updates related to long-term part-time employee eligibility, enhanced catch-up contribution limits for participants ages 60 through 63, mandatory after-tax Roth provisions, and adjustments to the required minimum distribution rules. While the Plan has been administered in accordance with the provisions of these laws, the restatement was required by the IRS, and the related Non-Standardized Pre-Approved 403(b) Plan document received an IRS opinion letter dated November 29, 2024.

Management has evaluated subsequent events through July 28, 2026, which is the date these financial statements were available to be issued.
