INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of Radiance Technologies, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Radiance Technologies, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Radiance Technologies, Inc. Employee Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Radiance Technologies, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Radiance Technologies, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including

maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Radiance Technologies, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Radiance Technologies, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Radiance Technologies, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

Radiance Technologies, Inc. (the Company) established the Plan effective January 1, 2008. The Plan is designed to comply with Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended (IRC), and the regulations thereunder, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Company management. Argent Trust Company serves as Trustee of the Plan.

Eligibility

The Plan includes all employees of the Company, except those covered by a collective bargaining agreement that has bargained in good faith with the Company on retirement benefits, nonresident aliens with no U.S. income or whose income is exempt from U.S. income tax, an individual who is considered to be an independent contractor of the Company and leased employees. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

The Company may contribute an annual profit-sharing contribution in Company stock or cash to the Plan in an amount equal to a percentage of eligible employees' compensation, as declared for the year by the Company's Chief Executive Officer. Employee contributions are not permitted.

Payment of Benefits

Upon termination of service due to death, disability, retirement, resignation or dismissal, distributions will be made or will commence annually, subject to receipt of the current independent stock appraisal. If a participant's vested account balance is less than \$1,000, a single lump-sum payment will be made regardless of the participant's election. If the vested account balance is between \$1,000 and \$7,000 and the participant does not elect to receive a distribution, the balance will be distributed to an individual retirement account selected by the plan administrator. If the vested account balance exceeds \$7,000 at the time of distribution, the participant must consent to any distribution that commences prior to normal retirement age. All distributions will be paid in cash. Any terminated participant whose vested account balance exceeds \$1,000 and who has not elected to receive a distribution as of the distribution date coinciding with or immediately following the date of severance from employment will have the distribution transferred to the Radiance Technologies, Inc. 401(k) Profit Sharing Plan (the 401(k) Plan).

Stock Purchase and Investment

The Plan provides for the purchase of Company stock from terminated participants. Amounts held in the participant's account are invested in diversified investment funds and adjusted for allocable appreciation, depreciation, income, gains, losses and expenses or other charges as of each valuation date until the participant requests a distribution or the account balance is transferred to the 401(k) Plan as described above.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid substantially all of the operating expenses for the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

Participants employed by the Company prior to January 1, 2014, are vested immediately in the Company's contributions plus actual earnings thereon. Participants hired on or after January 1, 2014, vest in the Company's contributions based on years of continuous service as follows: one year, 30%; two years, 60%; and three years, 100%.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may elect to receive a cash distribution or rollover to an eligible plan, unless eligible for floor price protection, in which case, shares are distributed. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Additionally, beginning in 2024, the Plan allows participants to diversify up to 10% of the shares of Company stock held in the transfer account. These shares were originally transferred from the 401(k) Plan to the Plan in January 2018.

Forfeitures

Plan forfeitures are allocated to participant accounts based on the ratio of each participant's eligible compensation to total eligible compensation for the Plan year. Nonvested amounts transferred from the ESOP to the 401(k) Plan are forfeited within the 401(k) Plan. Nonvested amounts related to ESOP distributions are reallocated to remaining participants' ESOP accounts in accordance with Plan provisions. Forfeitures allocated to participants' ESOP accounts during the year ended December 31, 2025, totaled \$688.

Transfers from the Plan

Effective November 1, 2013, the Plan entered into two transfer agreements with the 401(k) Plan. The first transfer agreement allows Plan participants who have reached age 55, and meet other criteria defined in the Plan, to diversify a portion of their Plan accounts in investments other than Company stock by requesting a transfer to the 401(k) Plan. The second transfer agreement provides for any terminated Plan participant whose account balance exceeds \$7,000 and who has not elected to receive a distribution from the Plan as of the distribution date coinciding with or immediately following the date of severance from employment to have their balance transferred to the 401(k) Plan. Transfers from the Plan under these two agreements totaled \$5,570,982 in 2025.

Internal Market

In 2024, the Company established an internal market between the 401(k) Plan and the Plan to allow participants to transfer funds from the 401(k) Plan to the Plan to purchase additional shares of Company stock. During 2025, active participants in the 401(k) Plan employed on or before May 6, 2025, could elect to transfer up to 50% of their vested pretax account balance from the 401(k) Plan to the Plan through this internal market to purchase Company stock. Shares purchased were priced at \$115.44 per share as of December 31, 2024. Transfers to the Plan through the internal market totaled \$6,309,012 during 2025 and are presented as transfers in from the 401(k) Plan in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 5 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security

**RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through June 24, 2026, the date the financial statements were available to be issued.

3. ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received and interest and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Trustee fees and other administrative expenses are paid directly by the Company.

4. INVESTMENTS

The Plan's investments are presented in the following table:

	December 31,	
	2025	2024
Company common stock:		
Number of shares	1,663,800	1,657,006
Cost	\$ 70,941,473	\$ 69,691,451
Estimated fair value	\$ 273,162,712	\$ 191,284,778

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- **Level 1 Fair Value Measurements** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

- Level 2 Fair Value Measurements – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Description	Assets at Fair Value as of December 31,			
	2025		2024	
	Level 3	Total	Level 3	Total
Radiance Technologies, Inc. common stock	\$ 273,162,712	\$ 273,162,712	\$ 191,284,778	\$ 191,284,778
Investments at fair value	\$ 273,162,712	\$ 273,162,712	\$ 191,284,778	\$ 191,284,778

The following table summarizes changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2025:

Balance at January 1, 2025	\$ 191,284,778
Unrealized appreciation in estimated fair value	81,097,406
Purchases of Company common stock	9,474,019
Total transfers from the 401(k) Plan	6,309,012
Total transfers to the 401(k) Plan	(5,570,982)
Total distributions and expenses (at fair value of shares)	(9,431,521)
Balance at December 31, 2025	<u>\$ 273,162,712</u>

Gains and losses (realized and unrealized) included in changes in net assets for the year are reported in net appreciation in the fair value of investments in the statement of changes in net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

The Radiance Technologies, Inc. common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Radiance Technologies, Inc. common stock	\$ 273,162,712	Income	EBITDA, net income, weighted average, cost of capital, discount rate, discount for lack of marketability
		Market Approach -	Public comparables, revenue multiple, EBITDA multiple discount for lack of marketability
		Market Approach -	Public comparables, EBITDA, marketability, minority / control valuation, industry classification

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in Company common stock. These are related party and party in interest transactions. As described in Note 1, the Company pays substantially all Plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

7. RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

8. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Board of Directors directs the Trustee to pay all liabilities and expenses of the ESOP. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

9. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a determination letter dated February 25, 2016, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. SUBSEQUENT EVENTS

Effective January 1, 2026, employees of the Company's subsidiaries Phased n Research, LLC and Verus Research, LLC became eligible to participate in the Plan.
