Independent Auditor's Report

To the Trustees
Skybridge Delivery LLC 401(k) Plan
Windsor, CO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Skybridge Delivery LLC 401(k) Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Skybridge Delivery LLC 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Skybridge Delivery LLC's 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Skybridge Delivery LLC's 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Skybridge Delivery LLC's 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Skybridge Delivery LLC's 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule as Required by ERISA

The supplemental schedule of Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2024 Financial Statement

We performed a compilation engagement with respect to the 2024 financial statement of Skybridge Delivery LLC 401(k) Plan and our report thereon, dated September 8, 2026 stated we did not audit or review that financial statement and, accordingly, express no opinion or other form of assurance on it.

Skybridge Delivery LLC 401(k) Plan
Notes to the Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the Skybridge Delivery LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all regular employees of the plan sponsor who are age twenty-one or older and have three months of service. The Plan was established on January 1, 2021. The Plan was restated effective January 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and has been amended to incorporate legislative change under the Pension Protection Act (PPA).

The Plan Administrator of Skybridge Delivery LLC 401(k) Plan (the Company) administers the Plan. Effective January 23, 2025, the Plan transferred all plan assets from Matrix Trust Company to ADP Retirement Trust Services, LLC. Human Interest was the Plan's third party administrator and record keeper through January 23, 2025. ADP Retirement Services, LLC serves as trustee and custodian and maintains the Plan's records after change in service providers effective January 23, 2025. The Plan was amended on April 22, 2026 to implement the appropriate provisions with all applicable SECURE 2.0 amendments and effective dates.

Contributions - Participants may make before-tax or after-tax (Roth) contributions, up to a maximum of 90%, of their total compensation each year instead of receiving that amount in cash. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The amount of the deferral is limited to the maximum allowed by law. The Plan also allows rollover contributions from qualified plans. Employee contributions are withheld from the participants' payroll each pay period. Participants are automatically enrolled in the plan on the first day of the month coinciding with or the next month after they have met the eligibility requirements of the Plan unless they affirmatively elect not to participate in the Plan.

The Company makes safe harbor matching contributions in the amount of 100% of the employee's contribution up to 3% of gross compensation, plus 50% of the amount of the employee's elective deferrals that exceed 3% of the Participant's compensation but do not exceed 5% of the employee's compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Plan sponsor's contribution (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan (continued)

Vesting - Participants are immediately vested in all elective deferral contributions into the Plan as well as employer qualified matching contributions. Participant vesting with regards to employer discretionary contributions is determined by years of service. The table below outlines the vesting schedule for employer discretionary contributions into the Plan:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0 %
2 years of service	20 %
3 years of service	40 %
4 years of service	60 %
5 years of service	80 %
6 years of service	100 %

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. A participant may only have two loans outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest rates will be the Prime Rate plus 2%. The interest rates on outstanding notes receivable from participants were between 8.75% and 9.50%. Interest income on notes receivable from participants is recognized in the period it is earned. Installment payments including principal and interest on the notes receivable are withheld from participant payroll every pay period. Loans mature through December 10, 2030.

Notes receivable from participants are considered in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the Participant missed the scheduled payment, or if the Participant makes or furnishes any false representation or statement to the Plan. Upon default, the Participant has the opportunity to repay the note receivable, resume current status of the note receivable by paying any missed payment plus interest, or request distribution of the note. If the note receivable remains in default, the Plan Administrator will offset the Participant's vested account balances by the outstanding balance of the note receivable to the extent permitted by law. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Notes to the Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan (continued)

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the vested value of the participant's account, or installments under a systematic withdrawal plan. The normal retirement age under the Plan is 65.

Forfeitures - According to the Plan document, all forfeitures will first be used to pay administrative expenses and then to reduce Employer contributions on an annual basis. As of December 31, 2025 and 2024, there were no forfeited amounts available for future utilization by the Plan and none used during the year ended December 31, 2025.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investments advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Notes to the Financial Statements
December 31, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies (continued)

Administrative Expenses - Plan expenses are generally paid for by the Plan Sponsor. To the extent the administrative expenses are not paid by the Plan Sponsor, such expenses are generally allocated among the accounts of the participants in the Plan. The Administrator may, from time to time, change the manner in which expenses provided that the allocation is consistent with ERISA.

Subsequent Events - The Company has evaluated all subsequent events through September 15, 2026, the date the financial statements were available to be issued. The Plan was formally amended on April 22, 2026 to implement various SECURE 2.0 amendments. Each modification was implemented on its respective effective date in accordance with SECURE 2.0.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market which the Plan has the ability to access at the measurement date.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in an active market;
- Quoted prices for identical or similar assets or liabilities in an inactive market;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs.

Note 3 - Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	<u>Assets at Fair Value as of December 31, 2025</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>934,314</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>934,314</u>
Total assets in the fair value hierarchy	<u>934,314</u>	<u>\$ -</u>	<u>\$ -</u>	<u>934,314</u>
Investments at fair value				\$ <u>934,314</u>

	<u>Assets at Fair Value as of December 31, 2024</u>

Investments at fair value				\$ <u>792,431</u>

Skybridge Delivery LLC 401(k) Plan
Notes to the Financial Statements
December 31, 2025 and 2024

Note 3 - Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or beneficiary.

Note 5 - Tax Status

ADP Trust Retirement Services, LLC obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service stated that the form of the pre-approved plan document is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term (as defined within one year) and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to the Financial Statements
December 31, 2025 and 2024

Note 7 - Information Prepared and Certified by Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by ADP Retirement Trust Services, LLC and Matrix Trust Company (the custodians of the Plan).

Note 8 - Related-Party and Party in Interest Transactions

The Plan has a participant loan program that allows active participants to borrow against their account balance up to statutory limits. These loans are secured by the participant's vested account balance and qualify as exempt party-in-interest transactions. Fees paid by the Plan to the trustee/custodian for investment management and administrative services qualify as exempt party-in-interest transactions.
