(1) Name: **PLANTE & MORAN, PLLC**

(2) EIN: **33-1498605**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

To the Plan Administrator
Lurie Children's Medical Group, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Lurie Children's Medical Group, Inc. 403(b) Plan (formerly, Pediatric Faculty Foundation Defined Contribution Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Lurie Children's Medical Group, Inc. 403(b) Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator
Lurie Children's Medical Group, Inc. 403(b) Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of Lurie Children's Medical Group, Inc. 403(b) Plan (formerly, Pediatric Faculty Foundation Defined Contribution Plan) (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Lurie Children's Medical Group (LCMG). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees of LCMG are immediately eligible to participate in the Plan.

Contributions

Participants are required to make mandatory contributions of 5 percent of compensation, as defined. Participants may also elect to contribute additional salary deferral contributions to the Plan subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Each year that a mandatory contribution is made by a participant, LCMG will make a matching contribution as defined. The matching contribution was 10 percent of compensation during 2025. No additional LCMG contributions will be made.

Participant Accounts

Individual account balances are maintained for each participant. Each participant's account is credited with the participant's contributions and allocations of LCMG's contributions and plan earnings and charged with an allocation of certain administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants have a fully vested interest in all contributions made by them and in the Plan's earnings/losses on those contributions at all times.

Investments

The assets of the Plan are held by Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA-CREF) and TIAA Trust, N.A. Participants may direct the investments of their account balances into various investment options offered by the Plan. The Plan currently offers fixed and variable annuity accounts and mutual funds as investment options for participants.

Vesting

Participants are immediately 100 percent vested in any allocable contributions and any income or loss thereon upon entrance into the Plan.

December 31, 2025 and 2024

Note 1 - Description of the Plan (Continued)

Plan Assets Pledged as Collateral

Through April 1, 2020, participants were permitted to obtain loans directly from TIAA. Adequate security is required, and a portion of the participant's account serves as collateral to cover 110 percent of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity account. In general, the amount of the loan may not exceed the lesser of 50 percent of the entire vested balance or \$50,000, reduced by the highest outstanding loan balance in a participant's vested account during the prior 12-month period. The minimum loan amount is \$1,000. Loan terms range from 1 to 5 years. Loans for the purchase of a participant's primary residence may have a loan term of up to 10 years. The loans bear interest rates determined in the controlling contract and may be fixed or variable. Principal and interest are paid ratably by the participant to TIAA, and each payment will reduce amounts collateralized by the participant's TIAA Traditional Annuity account balance. The amount of these outstanding loans was approximately \$54,000 and \$73,000 at December 31, 2025 and 2024, respectively. These loans are not included as assets in the accompanying financial statements.

Benefit Payments

Upon termination of service, death, or disability, a participant is eligible to receive an amount equal to the value of his or her vested account balance. Participants or their beneficiaries may elect to receive their vested account balances as a lump sum, installment payments, or various annuity options provided under the plan provisions. Benefit amounts under \$1,000 must be received as a lump-sum distribution. A participant may withdraw all or a portion of the value of his or her vested interest prior to termination of employment upon meeting certain requirements, as set forth in the plan documents.

Certain amounts invested in the TIAA Traditional Annuity may not be distributed in a lump sum. See redemption restrictions below.

Redemption Restrictions

Certain contracts under the TIAA Traditional Annuity investment have limits on the ability of the participant to transfer or withdraw from the fund. Transfers from the Retirement Annuity (RA), Group Retirement Annuity (GRA), and Transfer Payout Annuity (TPA) contracts must be paid out in 10 annual installments. Transfers from the Retirement Choice (RC) contract must be paid over 84 monthly systematic payments. Withdrawals from the RA contract must be paid out in 10 annual installments. Withdrawals from the GRA and RC contracts are available within 120 days after termination of employment, subject to a 2.5 percent surrender charge, otherwise they must be paid over 10 annual installments. The remaining contracts under the TIAA Traditional Annuity investment do not have restrictions related to transfers and withdrawals. The TIAA Stable Value investment is immediately liquid to participants and does not have participant level withdrawal restrictions. There are, however, equity wash provisions that prevent the immediate transfer of amounts to any competing funds available in the Plan.

Investment Management Expenses

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

Participant Notes Receivable

Participants are able to borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at the prime rate plus 1 percent.

December 31, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except as described in Note 6. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gains and losses on investments include gains and losses on investments bought and sold, as well as held, during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Payments to Insurance Carrier for Purchase of Annuity Contracts

Allocated insurance contracts are in place for participants who were covered under the Plan in prior years. These contracts remain intact. During the plan year ended December 31, 2025, \$1,366,658 of additional contracts had been purchased. The activity related to the allocated insurance contracts for retirees receiving benefits is excluded from the financial statements. The Plan receives no income from these allocated insurance contracts.

Payment of Benefits

Benefits are recorded when paid. Benefits payable to participants who had withdrawn from participation in the Plan as of December 31, 2025 were approximately \$3,441,000.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. The Plan also holds individual annuity insurance contracts, which are subject to liquidity and credit risks.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 14, 2026, which is the date the financial statements were available to be issued.

Note 3 - Plan Merger

Effective January 1, 2025, the Medical Center implemented a structural reorganization that consolidated its MDs, PhDs, and psychologists into an integrated multispecialty faculty practice known as Lurie Children's Medical Group, Inc. (LCMG, Inc.). As part of this reorganization, LCMG, Inc. assumed the employer identification number (EIN) of Pediatric Faculty Foundation (PFF).

December 31, 2025 and 2024

Note 3 - Plan Merger (Continued)

In connection with this change, Pediatric Faculty Foundation Defined Contribution Plan was renamed Lurie Children's Medical Group, Inc. 403(b) Plan, and the Plan was restated to reflect the merger of two additional retirement plans: Lurie Children's Pediatric Anesthesia Associates 403(b) Plan and Lurie Children's Surgical Foundation Inc. Retirement Plan.

This restatement and merger were undertaken to align the retirement plan structure with the newly integrated faculty practice model and to streamline plan administration under a unified entity.

Note 4 - Rights Upon Plan Termination

Although it has not expressed any intent to do so, LCMG has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan documents and ERISA.

Note 5 - Investments - Certified Information

TIAA-CREF holds the Plan's investments, except mutual funds, and executes related transactions. TIAA Trust, N.A. holds the Plan's investments in mutual funds and executes related transactions. TIAA has the authority to certify the investment balances and related investment activity on behalf of TIAA Trust, N.A. The investment balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by TIAA-CREF and TIAA, as agent for TIAA Trust, N.A. This certified investment information has not been audited by independent accountants.

Note 6 - Fair Value Measurements

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and 2024 and the valuation techniques used by the Plan to determine those fair values.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs, such as interest rates and yield curves, that are observable at commonly quoted intervals.

December 31, 2025 and 2024

Note 6 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on estimates provided by the investment manager. The Plan's outside investment advisor performs its own operational due diligence procedures, which include a review of the controls in place at the investment manager regarding the valuation of the Level 3 assets. By engaging the professional services of an outside investment advisor, the Plan is taking prudent measures to report fair and consistent values for its Level 3 investments. For the TIAA Traditional Annuity, significant inputs include the credit rating of the issuer, discount rates, deposits made to the contracts, earnings at guaranteed crediting rates, withdrawals, and fees.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Variable Annuity Contracts

Variable annuity contracts include investments in registered investment companies and are valued at net asset value per share (or its equivalent) of the funds, which is valued based on the fair market values of the underlying net assets, which are based on quoted market prices. Each variable annuity contract provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the accounts' net asset value per unit. A plan participant will be prohibited from transacting in a CREF variable annuity contract (other than the CREF Money Market Account) for 60 days if he or she buys, sells, or repurchases units of the account within a 90-day period. The variable annuity contracts are classified based upon their respective investment management strategies in subsequent disclosures. The equity accounts consist of the CREF Stock Account, CREF Global Equities Account, and CREF Growth Account.

The CREF Stock Account, which comprises 51 and 48 percent of the equity account's balance at December 31, 2025 and 2024, respectively, invests at least 80 percent of its assets in a broadly diversified portfolio of domestic and foreign entities with the objective of obtaining a favorable long-term rate of return through capital appreciation and investment income.

The CREF Global Equities Account, which comprises 27 and 25 percent of the equity account's balance at December 31, 2025 and 2024, respectively, invests at least 80 percent of its assets in equity securities of foreign and domestic companies with the objective of obtaining a favorable long-term rate of return through capital appreciation.

The CREF Growth Account, which comprises 22 and 27 percent of the equity account's balance at December 31, 2025 and 2024, respectively, invests in a diversified portfolio of common stocks that presents the opportunity for exceptional growth in order to obtain a favorable long-term rate of return, mainly through capital appreciation.

Notes to Financial Statements

December 31, 2025 and 2024

Note 6 - Fair Value Measurements (Continued)

The index account reflects the CREF Equity Index Account. The fixed-income accounts consist of the CREF Bond Market Account and the CREF Inflation-Linked Bond Account. The specialty/balanced account reflects the CREF Social Choice Account, and the money market account reflects the CREF Money Market Account. In each of these categories, generally over 80 percent of the respective underlying assets is invested in the particular type of securities implied by the variable annuity contract's name.

Generally, variable annuity contracts have individual prospectuses that describe the underlying investments and the investment objectives of the contracts.

Pooled Separate Accounts

Investments in the pooled separate account are valued at net asset value per share (or its equivalent) of the fund, which is valued based on the fair market values of the underlying net assets, which primarily consist of rental property subject to long-term leases and have been estimated on the basis of future rental receipts and estimated residual values discounted at interest rates commensurate with risks involved. The TIAA Real Estate Account (the "REA"), reported as a commercial and multifamily residential real estate pooled separate account, invests primarily in real estate properties and real estate-related investments; however, a liquidity guarantee is provided by TIAA through its general account. Transfers out of the REA are limited to one per calendar quarter and occur at redemption prices that are determined by the net asset value per unit.

Self-directed Brokerage Accounts

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, which are valued at the quoted prices reported in active markets.

TIAA Traditional Annuity

The TIAA Traditional Annuity contracts are individual guaranteed fixed annuity investment contracts issued by TIAA (the "Issuer"). The fully benefit-responsive portion is reported at contract value. The non-fully benefit-responsive portion of the contracts is valued at fair value. TIAA and plan management have determined contract value to approximate fair value for the non-fully benefit-responsive portion. The fair value of the TIAA Traditional Annuity was determined by discounting the related cash flows based on current yields of similar instruments with comparable durations and taking into consideration the creditworthiness of the Issuer. Contract value equals the contributions deposited into the contracts, plus interest credited to the contracts, less contract withdrawals, and reflects the value at which participant transactions are executed under the contracts. The contract values are guaranteed by TIAA. Since investment contracts are not transferable, there is no market from which to obtain observable market prices for the contracts held by the Plan or comparable contracts (Level 3 inputs).

The TIAA Traditional Individual Fixed Annuity Contracts are individual guaranteed fixed annuity investment contracts issued by TIAA. Within the TIAA Traditional Individual Fixed Annuity Contracts are six types of contracts available to participants: the Retirement Annuity, the Group Retirement Annuity, the Supplemental Retirement Annuity (SRA), the Retirement Choice, Retirement Choice Plus (RCP), and the Group Supplemental Retirement Annuity (GSRA). Each of these contracts has unique provisions and qualities. There are certain liquidity restrictions on the RA, GRA, and RC contracts. Participants with RA, GRA, and RC contracts have certain restrictions over the availability of lump-sum withdrawals from the contracts, as well as over the number of installments in which participant-initiated transfers and participant-initiated withdrawals are made by way of the Transfer Payout Annuity contract. Based on these provisions, the RA, GRA, and RC contracts are considered to be non-fully benefit responsive. As there are no comparable restrictions over the SRA, RCP, and GSRA contracts, those contracts are considered fully benefit responsive. Participants in the Plan hold investments in both non-fully benefit-responsive and fully benefit-responsive contracts through the TIAA Traditional Account.

Notes to Financial Statements

December 31, 2025 and 2024

Note 6 - Fair Value Measurements (Continued)

For both the fully benefit-responsive and the non-fully benefit-responsive contracts within the TIAA Traditional Account, TIAA maintains the contributions in its general account. TIAA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

All investment contracts through the TIAA Traditional Account are directly between TIAA and the participants. Benefit payments from the contracts are paid as an annuity or a lump sum, as defined in the contracts and as elected by the participant upon meeting the eligibility requirements. There are no conditions specified in any of the contracts, other than the provisions noted above, under which participant withdrawals and transfers would be restricted or made at a value other than contract value or the annuity or lump-sum benefit, as defined in the contracts. The contracts do not provide any provisions that would allow the Issuer to terminate the contracts between the Issuer and the participants.

The interest crediting rates of the fully benefit-responsive contracts may vary from participant to participant. The crediting rates are based on an agreed-upon formula with the Issuer, as defined in the contract agreement. The guaranteed annual interest rate is 3 percent for all premiums remitted since 1979 under the RA, GRA, SRA, and GSRA contracts and is between 1 and 3 percent for the RC and RCP contracts. Such interest rates are reviewed on a periodic basis and may, from time to time, have a new rate substituted for the one in the current certificate. A new rate will apply only to benefits arising from any premiums, additional amounts, and internal transfers applied to the Traditional Annuity while such rate schedule is in effect and will not affect any benefits purchased prior to the change, as defined in the contracts. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers, and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contract.

TIAA Stable Value

The TIAA Stable Value is a group annuity contract issued by TIAA that invests in a nonunitized separate account of TIAA. The TIAA Stable Value is considered benefit responsive and is presented at contract value. Contract value represents principal invested, plus interest earned, less any withdrawals.

The contract issuers maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a vintages approach. Under this methodology, TIAA groups the dollars it receives over defined time periods into vintages and determines a crediting rate for the applicable vintage. Interest crediting rates are determined during the accumulation phase of the applicable declaration year. When establishing interest crediting rates for this product, TIAA considers many factors, including the net investment earnings rate of the TIAA assets supporting that vintage, administrative expenses during the time period, and required contingency reserves. The minimum crediting rate for the benefit responsive contracts is generally 3 percent; however, in some recent contracts, it has been between 1 and 3 percent.

Generally, there are no events that could limit the ability of the plan to transact at contract value paid within 90 days, or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Oversight over the retirement assets of the Plan is the joint responsibility of plan management, the Plan's investment consultant, and the investment committee. The investment advisor analyzes performance of the TIAA-CREF investment vehicles. On a quarterly basis, the investment advisor reports on the performance of the TIAA-CREF investments to management and the investment committee. This includes performance versus benchmark, asset allocation within the investment, and performance versus peers.

Note 7 - Party-in-interest Transactions

A party in interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. All plan assets are in investment funds managed by TIAA-CREF or their affiliates. Additionally, TIAA-CREF uses TIAA Trust, N.A. as the custodian of the TIAA-CREF mutual funds and their underlying assets. TIAA-CREF is a service provider of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Certain administrative functions are performed by officers or employees of LCMG. No such officer or employee receives compensation from the Plan.

December 31, 2025 and 2024

Note 8 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated August 7, 2017. The Plan has not individually sought its own determination letter.
