Independent Auditor's Report

Audit Committee
Employee Owned Brands, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employee Owned Brands, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of delinquent participant contributions for the year ended December 31, 2025, and the schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employee Owned Brands, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Employee Owned Brands, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan covering employees of Employee Owned Brands, Inc. (Plan Sponsor or Company) and subsidiaries who have worked one hour within three consecutive months. The Plan Sponsor controls and manages the operation and administration of the Plan. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company serves as asset trustee to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of their annual wages to the Plan, subject to certain Internal Revenue Code (IRC) limitations. The Plan allows participants to make Roth elective deferrals in addition to the pretax elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan Sponsor matches a discretionary percentage of the participant's compensation for all union employees with Lodge #1293, which was 100% of the first 5% with an additional 25% on 6% to 7% for the year ended December 31, 2025. The Plan allows for discretionary Plan Sponsor matching contributions for nonunion participants. There were no discretionary matching contributions made during the year ended December 31, 2025. The Plan also allows the Plan Sponsor to make additional discretionary contributions to participants. The Plan Sponsor did not make an additional discretionary contribution during the year ended December 31, 2025.

Participant accounts: Individual accounts are maintained for each Plan participant. Participants direct the investment of contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, applicable Plan Sponsor contributions, and an allocation of Plan earnings and charged with withdrawals and administrative expenses, when paid by the Plan. Allocations are based upon participant account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollover from ESOP: Participants in the Employee Owned Brands, Inc. Employee Stock Ownership Plan (ESOP) who have completed 10 years of service and are at least age 30 or, who are at least age 50 with seven years of participation in the ESOP, are eligible to diversify up to 75% of their account balance into this Plan. There are also certain statutory diversification rights for participants in the ESOP who have attained age 55 and completed 10 years of service in the ESOP.

Vesting: Participants are vested immediately in their own contributions plus earnings thereon. Vesting in Plan Sponsor matching contributions and earnings thereon is based on years of service: less than one year is 0%; one year is 20%; two years is 40%; three years is 60%; four years is 80%; five years or more is 100%. Discretionary nonmatching contributions are 100% vested when made. Further, a participant also becomes 100% vested if employment is terminated due to retirement, death or disability.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance as of the last valuation date. The notes have a maximum term of up to five years (or 10 years if the note is used to purchase the participant's primary residence), are secured by the vested balance in the participant's account and bear interest at a rate comparable to the rate charged by lenders in the geographical area. Principal and interest are paid ratably through monthly payroll deductions. Participants are limited to one outstanding note at any time.

Employee Owned Brands, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Distributions may be made after a participant's retirement, termination of service, death, disability, reaching age 59½ or approved hardship. Distributions are made in the form of lump-sum payments or installments over a period of time as defined in the Plan equal to the value of their vested account. If the participant's vested account balance does not exceed \$1,000, then the participant will receive their benefit as a mandatory cash out lump-sum payment.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the financial statements.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided in the Plan document. The Plan paid expenses of \$187,219 for the year ended December 31, 2025. All other administrative expenses were paid by the Plan Sponsor.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of benefits: Benefits payments are recorded upon distribution. As of December 31, 2025 and 2024, there were no amounts allocated to accounts of participants who had withdrawn from participation in the Plan but had not yet been paid.

Forfeitures: Forfeitures of nonvested participant accounts are used to pay Plan expenses and any excess forfeitures are used to offset future Plan Sponsor matching contributions. During the year ended December 31, 2025, forfeitures used by the Plan totaled \$25,179. Forfeited balances available for Plan use totaled \$1 and \$12,905 as of December 31, 2025 and 2024, respectively.

Employee Owned Brands, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as an asset on the statements of net assets available for benefits and continue to accrue interest until they are considered to be in default. Loans that are considered to be in default and are cancelled according to the terms of the loan policy. Loans in default are classified as a distribution on the statement of changes in net assets available for benefits.

Subsequent events: The Plan Administration has evaluated subsequent events through August 24, 2026, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Information Certified by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024 and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedules obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, a qualified institution:

Interest and dividends	66,076
	<u>\$ 8,899,456</u>
Interest income on notes receivable from participants	<u>\$ 77,215</u>

Note 6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2025	2024
Net assets available for benefits per the financial statements	\$ 69,119,781	\$ 65,601,632

Net assets available for benefits per the Form 5500	<u>\$ 69,119,781</u>	<u>\$ 65,601,632</u>

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quotes prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Employee Owned Brands, Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024:

Common/collective trusts: Valued at the net asset value (NAV) of shares held by the Plan in the collective trust account at year-end as determined by the trustee based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Mutual funds: Valued at the closing price reported in the active market in which the investments are traded.

Pooled separate account: Valued at the NAV of shares held by the Plan in the pooled separate account at year-end as determined by the trustee based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Description	2025			
	Level 1	Level 2	Level 3	Total

* In accordance with Accounting Standards Codification (ASC) 820-10, certain investments that were measured at the NAV practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV practical expedient or its equivalent as of December 31, 2025 and 2024:

Investment	Fair Value as of December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2025	2024			
Common/collective trusts	\$ 65,184,450	\$ 61,621,559	\$ -	Daily	None
Pooled separate account	1,294,091	1,300,548	-	Daily	None
Total	\$ 66,478,541	\$ 62,922,107			

Note 8. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 9. Prohibited Transactions

The Plan Sponsor inadvertently failed to deposit \$211 of participant deferrals within the required time frame as stated by the DOL regulations for the year ended December 31, 2025. The Plan Sponsor intends to reimburse the Plan for lost interest for the late deposits. The Plan Sponsor will file Form 5330 for the late deposits and pay the applicable excise tax in 2026. The excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.
