INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Neptune Trading Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Neptune Trading Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024**

1. Description of the Plan

The following description of the Neptune Trading Group 401(k) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) plan, covering substantially all employees of Neptune Trading Group (Plan Sponsor), Northern Pelagic Group, LLC, Waterfront Cold Store, LLC and BMS Food Group, Inc. (collectively, the Company or Employer) that have completed six months of service and are 21 years of age or older. Entry dates into the Plan are the first day of each quarter following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is also the Plan Administrator. The Plan Administrator has the exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. An officer of the Plan Sponsor serves as the trustee to the Plan. Alerus Financial, N.A. (Alerus) is the custodian and recordkeeper of the Plan.

Contributions

Participants may elect to contribute a percentage of their eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may designate some or all of their elective deferrals as Roth 401(k) deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants may direct their contributions into various investment options offered by the Plan.

Upon completing six months of service, the Employer makes safe harbor matching contributions to the Plan in an amount equal to 3% of the eligible employees' compensation, whether the employee is enrolled in the Plan or not.

The Employer may make a discretionary matching contribution as determined by the Employer, not to exceed 6% of employees' compensation, to employees who have completed six months of service. No Employer discretionary matching contributions were made to the Plan for the year ended December 31, 2025.

**NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024**

Each employer may elect to make a discretionary profit sharing contribution to be allocated to eligible participants in an amount designated by the Employer, to participants who were employed on the last day of the Plan year and have completed one year of service (1,000 hours or more over a 12-month period). No Employer discretionary profit sharing contributions were made to the Plan for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's and Employer contributions and the allocation of the Plan earnings/losses and any expenses incurred. Allocations are based on participant compensation or individual participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, Employer safe harbor matching contributions and actual earnings thereon. Participants become fully vested in the Employer's discretionary matching and profit sharing contributions and actual earnings thereon over six years as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years. Each participant shall be 100% vested in their account balances upon death, disability, or attainment of normal retirement age.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made, or 50% of their vested account balance. A participant can only have one loan outstanding at any time. Note terms range from one to five years, or up to 10 years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest equal to the prime rate plus 2%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) can elect to receive a single lump-sum or partial distribution, rollover the balance to a qualifying retirement account, or defer receiving payments of the vested balance until age 73. Participants who have attained age 59½ may elect to withdraw amounts in their employee deferral and Employer safe harbor matching accounts while still employed by the Employer. Participants, by written request to the Plan's Administrator, may request a financial hardship withdrawal from their employee deferral accounts, subject to the limitations imposed by the IRC.

**NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024**

Participant vested account balances that are \$1,000 or less upon termination will be paid in an immediate lump-sum distribution. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$7,000, the amount will be rolled over to an individual retirement account designated by the Employer, unless otherwise directed by the participant.

Forfeitures

Participants in the Plan who leave the employment of the Employer before completing the applicable vesting requirements forfeit the non-vested portion of their accounts. Forfeitures are retained in the Plan and may be used to reduce future Employer contributions or for the payment of Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$8. For the year ended December 31, 2025, \$2,744 of forfeitures were used to reduce Employer contributions or pay Plan expenses.

Plan Termination

The Company expects to continue the Plan indefinitely. However, the Company reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would be entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation included in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on terms of the Plan document.

Contributions

Participant and Employer safe harbor matching contributions are recorded weekly when the Employer remits the payroll contributions for investment into the Plan. Employer discretionary matching and profit sharing contributions are made at the end of each year, if applicable.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single custodian. The Plan's exposure to credit risk is associated with the outside entity's non-performance of its fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Collective Investment Trust: The Plan invests in the Reliance Trust Company Collective Investment Trust for the Metlife Group Annuity Contract Series 25053 Class 0. It is valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily; redemption notice is not required.

Were the Plan to initiate a full redemption of the collective trust, the trust reserves the right to temporarily delay withdrawals in order to ensure that liquidations of securities will be carried out in an orderly business manner. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

As of December 31, 2025 and 2024, the Plan's investments in mutual funds are reported at level 1 within the fair value hierarchy.

	2025	2024
Mutual funds	\$ 6,633,206	\$ 5,018,326
Collective investment trust fund measured at NAV(a)	86,893	69,273
Investments at fair value	<u>\$ 6,720,099</u>	<u>\$ 5,087,599</u>

- (a) In accordance with Subtopic 820-10, the collective investment trust fund that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the Statements of Net Assets Available for Plan Benefits.

4. Income Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase/CODA plan sponsored by Alerus, who received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The Plan has been amended since receiving this opinion letter in order to comply with the latest tax laws and regulations. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Financial Data Certified by the Custodian

The following is a summary of financial information and data certified by the custodian, Alerus:

Statements of Net Assets Available for Plan Benefits at December 31, 2025 and 2024, except for contributions receivable, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025; and,

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2025.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Alerus, the custodian and recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Alerus for investment management and recordkeeper services totaling \$57,292 for the year ended December 31, 2025.

Participant notes receivable also qualify as party-in-interest transactions.

**NEPTUNE TRADING GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024**

8. Non-exempt Transactions

During 2025, the Employer failed to remit participant contributions of \$7,875 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer.

The Employer remitted untimely participant contributions of \$7,500 due to the Plan for the year ended December 31, 2025, during the 2025 Plan year. The Employer remitted the remaining untimely participant contributions of \$375 due to the Plan for the year ended December 31, 2025, during the 2026 Plan year. The Employer is currently working with its third-party administrator to calculate and remit any lost earnings associated with these remittances.

9. Subsequent Events

Effective January 1, 2026, the Plan documents were restated, in their entirety, to comply with applicable laws and regulations.

Effective August 1, 2026, PIQ Foods, LLC, was added as a Participating Employer of the Plan.

Management has evaluated subsequent events through September 21, 2026, which is the date these financial statements were available to be issued.
