INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Compass Precision LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Compass Precision LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, a qualified institution, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well evaluate as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMPASS PRECISION LLC 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of Compass Precision LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established effective January 1, 2019 and most recently amended and restated on July 12, 2021, is a defined contribution plan which covers substantially all non-union employees of Compass Precision, LLC (the "Sponsor") and the following related participating employers (collectively, the "Company"):

- Quality Products & Machine, LLC
- Advanced Machining & Tooling, LLC
- Tri-Tec Industries, LLC
- Gray Manufacturing Technologies, LLC
- Douglas Machining Services, LLC
- R&D Machine, LLC
- Strom Manufacturing, LLC
- Bergeron Machine, LLC
- Pocasset Machine, LLC (effective September 22, 2025)
- Trutron, LLC (effective December 22, 2025)
- Accu-Tool, LLC (effective May 15, 2026)

Employees must attain the age of 18 and complete 12 months of service to become eligible to participate in the Plan. The plan entry date is the date on which the employee meets the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets and liabilities during the reporting period. Actual results could differ from the estimates.

Investment Valuation and Income Recognition - Investments are carried at fair value. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation (depreciation) of these investments, in the statements of changes in assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties - The Plan's funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported on the statements of assets available for benefits.

Contributions - Participants may elect to contribute to the Plan up to 92% of their pre-tax or post-tax compensation subject to certain limitations under the Internal Revenue Code (IRC). The Plan allows for participants who are age 50 or older to make catch-up contributions based on limits established by the IRC and also accepts pre-tax rollover contributions from other qualified plans.

Under safe harbor provisions, the Plan provides for matching contributions of 100% of the first 3% of participant compensation, as defined in the plan agreement, and 50% of the next 2% of participant compensation. The safe harbor matching contributions are remitted each pay period but are calculated on an annual basis. Employer match true-up contributions are remitted to the Plan in the next fiscal year.

The Plan also provides for discretionary nonelective employer contributions. There were no discretionary nonelective employer contributions for the year ended December 31, 2025.

Participant Accounts - Each participant's account is credited with the participant's contribution, employer contributions, and investment income. Investment income is allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct their contributions as well as their share of employer contributions and any related earnings into various investment options. The Plan is invested in various funds maintained by Fidelity Management Trust Company.

Fair Value Measurements - U.S. GAAP has established a framework for measuring the fair value of financial assets and liabilities. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024. The collective investment trusts were purchased in 2025.

Money Market Fund and Mutual Funds: Valued based on published quotations in active markets (level 1 measurement).

Collective Investment Trusts: The collective investment trusts are valued at the net asset value (NAV) per unit of the underlying trusts, which invest in a variety of equity securities. NAV is based on the fair value of the underlying investments in each fund, less its liabilities. NAV is available to current investors for daily purchases and redemptions. Withdrawals over a certain dollar amount may require advance written notice. There were no redemption restrictions or unfunded commitments as of the measurement date. Since the collective investment trusts are valued using the NAV practical expedient, they are excluded from the fair value hierarchy.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Notes Receivable from Participants - Participants are able to borrow up to 50% of their vested account balance up to \$50,000. Loans are generally required to be repaid over a five-year period with payments to be made not less frequently than quarterly. Loans are charged a fixed, commercially reasonable rate of interest. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. At December 31, 2025, the interest rates on outstanding loans ranged from 7.25% to 10.25%. At December 31, 2024, the interest rates on outstanding loans ranged from 4.25% to 10.25%.

Benefits - Upon termination of service due to death, disability, retirement, or other termination, participant or their beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The Plan also permits in-service distributions for participants age 59.5 years and above who are still employed by the Company. If a participant's vested account balance is less than \$1,000, his or her account will be automatically distributed. If a participant's vested account balance is greater than \$1,000 but less than \$7,000, his or her account will be automatically rolled over to an IRA designated by the plan administrator, unless the participant elects to receive a lump-sum payment.

Vesting - Participants are immediately vested in their voluntary contributions, rollover contributions, and employer safe harbor matching contributions, plus investment income thereon. Vesting of discretionary nonelective employer contributions, plus investment income thereon, is according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	33%
2 but less than 3	66%
3 or more	100%

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account may first be used to pay administrative expenses. Any remaining amounts may be used to reduce employer contributions. Forfeiture activity was minimal during the year ended December 31, 2025.

Administrative Expenses - Certain administrative expenses are paid by the Plan, while other administrative expenses are assumed by the Sponsor as provided by the plan agreement.

Subsequent Events - Management has evaluated subsequent events through September 8, 2026, the date the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown on the statements of assets available for benefits as of December 31, 2025 and 2024.
- Net investment income, as shown in the statement of changes in assets available for benefits for the year ended December 31, 2025.
- Investment information included in the schedule of assets held for investment purposes at December 31, 2025, as shown on the accompanying schedule.

3. PLAN TERMINATION

The Sponsor anticipates and believes the the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all employer amounts credited to participant accounts become 100% vested. The assets of the Plan will be distributed by the trustee in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of assets available for benefits per the statements of assets available for benefits to the Form 5500 at December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>

The following is a reconciliation of the change in assets available for benefits per the statement of changes in assets available for benefits to the Form 5500 for the year ended December 31, 2025:

Increase in assets available for benefits as reflected in the financial statements	\$ 2,195,537
Current year employee contributions receivable not reflected in the Form 5500	(15,943)

Prior year employer contributions receivable not reflected in the Form 5500	<u>13,594</u>
Increase in assets available for benefits in the Form 5500	<u>\$ 2,148,279</u>

5. INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized pre-approved profit sharing plan from Fidelity Investments. The Internal Revenue Service has stated in a letter dated June 30, 2020 that the Plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management believes that there is no liability related to uncertain tax positions at December 31, 2025 or 2024. The Plan is no longer subject to tax examinations for the years before 2022.

6. RELATED PARTIES AND PARTIES-IN-INTEREST

Fidelity Management Trust Company serves as the trustee of the Plan. Fidelity Investments is the issuer of certain investments held by the Plan and, accordingly, is considered a party-in-interest.

Neither the Sponsor nor the employees of the Sponsor involved in the administration of the Plan receive compensation from the Plan.
