Independent Auditors' Report

To the Plan Administrator of the Jefferies Financial Group Inc. Savings and Retirement Plan

Opinion

We have audited the accompanying financial statements of the Jefferies Financial Group Inc. Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Jefferies Financial Group Inc. Savings and Retirement Plan (the Plan) provides only general Information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers employees of Jefferies Financial Group, Inc. and certain subsidiaries (collectively, the Plan Sponsor or the Employer), age 18 or older, who have completed ninety days of service. The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. T. Rowe Price Trust Company is the custodian and recordkeeper for the Plan.

Contributions

Contributions are made to the Plan by both participants and the Employer. Participating employees may contribute up to 50% of their annual eligible pre-tax compensation and up to 15% of their annual eligible after-tax compensation not to exceed the dollar limit set by the IRC of \$23,500 (\$31,000 for employees who were age 50 or older) for the year ended December 31, 2025. The Plan has an additional limit that after-tax compensation may not exceed \$32,000.

For employees hired on or after March 1, 2018, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

For employees hired prior to January 1, 2014, the Employer provides a matching contribution to the Plan in an amount equal to 50% of employee's pre-tax contributions that do not exceed 6% of the employee's compensation, subject to IRS limitations. Employees hired on or after January 1, 2014, receive an Employer matching contribution in an amount equal to 25% of the employee's pre-tax contributions.

The Employer also makes annual contributions to the Plan for employees earning less than \$300,000 annually that were hired prior to January 1, 2014. The annual contribution is a percentage of the employee's wage which is calculated based on the employee's age and service term. Employees hired on or after January 1, 2014 are not eligible for these annual Employer contributions.

Rollover contributions are assets transferred to the Plan by participants who receive distributions from other qualified plans and are subject to the consent of the Plan Administrator. Rollover contributions become part of the participant's account but are not entitled to any Employer matching contribution.

Participant Accounts

Each participant's account is adjusted for the participant's contribution, the Employer's matching contribution, Employer contributions based on age and service, earnings, expenses, gains, and losses specifically identified with the participant's account. The benefit to which a participant is entitled is the participant's vested account balance. Participants direct the investment of funds held in their accounts in the Plan.

Vesting

Participants are vested immediately in their contributions and Employer matching contributions plus actual earnings thereon. Vesting in Employer contributions based on age and service, and earnings thereon, is based on years of continuous service and are fully vested upon three years of continuous service.

Payment of Benefits

Upon a participant's death, retirement, or termination of employment, a participant or his/her beneficiaries may elect to receive a distribution equal to the vested balance in his/her account in a single, lump-sum cash payment or through various annuity options.

In all instances, if a participant's vested account balance does not exceed \$1,000, the trustee will distribute the balance in a lump sum payment as soon as administratively practicable. Under certain circumstances, including financial hardship, participants may withdraw their contributions.

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000, or 50%, of their vested account balance with a minimum loan amount of \$1,000. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at prime rate plus 2%. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from one to fifteen years. As of December 31, 2025, participant loans had maturities through 2036 at interest rates ranging from 5.25% to 10.50%.

Forfeitures

Forfeitures of non-vested participant account balances are used to reduce future Employer contributions to the Plan. Forfeitures used for the year ended December 31, 2025 were \$395,915 and forfeited accounts totaled \$185. Forfeited balances earned \$6,482 during the year ended December 31, 2025. As of December 31, 2025 and 2024, the balance of the forfeiture account was \$8 and \$389,256, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange credit, and the overall fluctuation in the market. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are valued at fair value based on quoted market prices in active markets. Noninterest bearing cash is stated at face value which approximates fair value. The Plan's investment in the common trust fund is valued based on net asset value as determined by using the estimated fair value of the underlying assets held in the fund. Net asset value is used as a practical expedient for fair value.

Net appreciation (depreciation) in fair value of investments represents the difference between the carrying value (which represents the prior year ending value or cost if the investment was purchased during the current year) and the fair value of investments held at year-end and includes both realized and unrealized gains (losses). Realized and unrealized gains (losses) on investments are recognized currently. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Dividends are reinvested as earned. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the Plan document.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

Plan administrative expenses may be paid by the Plan or the Plan Sponsor at the Plan Sponsor's option. During the year ended December 31, 2025, the Plan Sponsor paid all but \$2,375 of administrative expenses.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through September 22, 2026, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3 Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31, 2025 and 2024:

Description	December 31, 2025			
	Level 1	Level 2	Level 3	Total

				<u>\$ 92,473,095</u>

** The fair values of these investments are provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.*

The following tables summarize the Plan's investments and attributes reported at NAV as a practical expedient as of December 31, 2025 and 2024:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2025				
Common trust fund	\$ 5,963,996	\$ -	Daily	Daily
December 31, 2024				
Common trust fund	\$ 8,906,108	\$ -	Daily	Daily

4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated May 15, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC to qualify for tax exemption. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the accompanying financial statements do not contain an income tax provision.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that all Plan years remain open to examination by the IRS.

6. Exempt Party in Interest Transactions

Of the Plan's investments, \$38,651,020 and \$41,805,318 as of December 31, 2025 and 2024, respectively, consisted of mutual funds and a common trust fund that are managed by the custodian and therefore represent party-in-interest transactions. Fees and commissions paid to the custodian have been netted in investment income. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Notes receivable from participants are also exempt party-in-interest transactions because they are receivables from Plan participants.
