INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Black Hills Corporation Retiree Healthcare Plan
Rapid City, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Black Hills Corporation Retiree Healthcare Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the statements of plan's benefit obligations as of December 31, 2025 and 2024, and the related statement of changes in plan's benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025, and of reportable transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BLACK HILLS CORPORATION RETIREE HEALTHCARE PLAN
Notes to Financial Statements
As of December 31, 2025 and 2024 and for the Year Ended December 31, 2025

1. DESCRIPTION OF THE PLAN

The following is not a comprehensive description of the Plan and, therefore, does not include all situations and limitations covered by the Plan. Readers should refer to the Plan agreement and related documents for more complete information.

General — The Plan is an employee welfare benefit plan maintained by the Company that provides retiree health and life insurance benefits to eligible retirees and disabled employees who qualify for disability under the Company's long-term disability plan, active employees who will retire from employment, and to the eligible dependents of such retirees and disabled employees. The VEBA Trusts are for eligible employees at Black Hills/Kansas Gas Utility Company, LLC, Black Hills/Iowa Gas Utility Company, LLC, and Black Hills Energy Arkansas, Inc. The Plan and the Trusts were established on July 14, 2008, which corresponds to the closing of the Aquila acquisition. The Plan is subject to the provisions of ERISA and the IRC.

Plan Administration — The Committee controls and manages the operation and administration of the Plan and the Trusts. Northern Trust Company serves as trustee for the assets available for benefits under the Plan.

Benefits — The Plan provides basic life insurance benefits, as well as health benefits (such as medical, prescription drug, and dental), to eligible Plan participants. Dental benefits are not available to retirees who retired on or after January 1, 2016. Retired employees are eligible to participate upon attaining age 55 and after completion of five years of service. The basic life insurance benefit for eligible retirees is $5,000. Medical benefits are generally subject to individual and family deductibles as well as co-payment of expenses up to a defined limit.

The Plan Administrator, through its subsidiary Black Hills Service Company, pays all permissible health and dental benefits under the Plan for the pre-65 retirees only. Post-65 retirees may enroll in a medical and prescription drug plan through United Healthcare, a marketplace health care exchange. The Plan Administrator also pays premiums to Unum Life Insurance Company for life insurance coverage. The Trusts then reimburse the Plan Administrator for the portion of the benefit payments paid by the Plan Administrator on behalf of participants covered by the Trusts.

As an employer who self-funds employee health benefits, the Company purchases stop loss insurance against catastrophic or unpredictable losses where the insurance company becomes liable for losses that exceed the individual specific limit or the aggregate stop loss deductible limits. The Company receives periodic prescription drug rebates. Amounts for group health and pharmacy are presented net of these stop loss and prescription drug rebate amounts.

The Trusts owed the Company 61,403 and 170,704 for reimbursement of claims paid at December 31, 2025 and 2024, respectively.

Contributions — Contributions are made by the Company, in amounts determined by the Plan's independent actuary, Aon, to meet funding requirements. Contributions are made by participants in amounts determined by the Company and communicated to participants annually. The costs of the Plan are shared by the retirees and the Company. The Plan has multiple premium structures. For pre-65 retirees, the monthly premiums are between $1,635 and $1,771, depending on the plan they were eligible to enroll in at the time of their retirement. For post-65 retirees, monthly premiums are dependent on their individual Medicare medical and prescription drug plan choices, which are also dependent on the locations where retirees live.

An RMSA is an unfunded (notional) account established by the Company and created for each retiree who satisfies all of the conditions of eligibility. Employees retiring on or after January 1, 2010, are eligible to participate in the RMSA program. A participant's RMSA account is credited with a fixed amount of credits based on their age and full years of service. An RMSA is credited with 1,500 credits for each year of service through age 49, 2,000 credits for each year of service from ages 50 through 62, and 4,000 credits for each year of service from age 63 and beyond. Each credit is valued at $1. No interest is credited on the account.

RMSA credits can only be used to offset monthly premiums for the pre-65 Company sponsored retiree medical plans and post-65 medical and prescription drug plans purchased through United Healthcare's marketplace health care exchange. Participants make an election to utilize their RMSA credits to cover 40%, 60%, or 80% of the monthly premium. If a participant retires at age 62 or older, an additional option to cover 100% of the monthly premium with RMSA credits is available to them. At age 65, participants can make a one-time change to their RMSA election. Once their RMSA credits have been exhausted, participants pay 100% of the Company sponsored retiree medical plan premium.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with GAAP.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, claims incurred but not reported, claims payable, and changes therein, as well as disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

The actuarial present value of postretirement benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in these estimations and assumptions in the near term could materially affect the financial statements.

Claims Incurred but not Reported — The Plan's liability for covered participant health claims incurred but unreported is estimated using actuarial methods from historical trend information developed through studies of claim lag patterns incurred in prior years. The incurred but not reported liability is included in the postretirement benefit obligation and is paid in the following year if claims are submitted and approved for payment.

Claims Paid — Claims are recorded as paid when paid by the Plan Administrator.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment held at December 31, 2025 and 2024, represents a money market fund account at a party-in-interest financial institution. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities and interest income and expenses on the purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Administrative Expenses — Expenses that are related to the VEBA Trusts are paid for by the Trusts. These include, but are not limited to, actuarial and tax expenses.

Liabilities — The Company funds the majority of benefit payments, premiums, fees and healthcare provider administrative expenses incurred by the Plan from Company general assets. Amounts related to benefits provided specifically to employees of the subsidiaries associated with the VEBA Trusts (as described in Footnote 1) are repaid to the Company by the Trusts on a regular basis.

Medicare Part D — The Medicare Prescription Drug, Improvement and Modernization Act of 2003 introduced a prescription drug benefit under Medicare Part D as well as a federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is, at least, actuarially equivalent to Medicare Part D.

Since January 1, 2014, the Plan has subsidized individual policies purchased through the United HealthCare Connector exchange for Medicare-eligible participants. As a result, the Plan is not entitled to a federal subsidy under the Act.

3. BENEFIT OBLIGATIONS

The Plan's deficiency of net assets compared to benefit obligations at December 31, 2025 and 2024, relates primarily to the funding of the postretirement benefit obligation and it is expected that the deficiency will be funded through future Company contributions.

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (i) currently retired employees and their beneficiaries and dependents and (ii) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service rendered to the valuation date. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Company and from existing Plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment and to reflect the portion of those costs expected to be borne by Medicare, the retired participants, and other providers.

For measurement purposes, health care cost trend rates are as follows:

	2025	2024
Pre-65 for next year	7.00%	7.50%
Pre-65 Ultimate trend rate	4.50%	4.50%
Year Ultimate Trend Reached	2035	2035
Post-65 for next year	6.00%	6.50%
Post-65 Ultimate trend rate	4.50%	4.50%
Year Ultimate Trend Reached	2035	2033

The health care cost trend assumption had a significant effect on the amounts reported. If the assumed rates for 2025 and 2024 increased by one percentage point for each future year, the obligations as of December 31, 2025 and 2024, would increase as follows:

	2025	2024
1% rate increase	$ 1,779,397	$ 1,950,306

Other significant assumptions used in the valuations as of December 31, 2025 and 2024, are as follows:

	2025	2024
Weighted average discount rates	5.32%	5.60%
Average retirement age (assumptions)	62	62

With respect to mortality tables for both 2025 and 2024, the life expectancy of participants is based on the Pri-2012 aggregate mortality table (headcount weighted) projected from 2012 with modified Scale MP-2021 reflecting estimated impact of endemic COVID-19 for healthy participants and Pri-2012 disabled mortality table projected from 2012 with modified Scale MP-2021 reflecting estimated impact of endemic COVID-19 for disabled participants.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of postretirement benefit obligations.

4. FAIR VALUE MEASUREMENTS

Accounting guidance for fair value measurements and disclosures provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

- *Level 1* - refers to securities valued using unadjusted quoted prices from active markets for identical assets;
- *Level 2* - refers to securities not traded on an active market but for which observable market inputs are readily available; and
- *Level 3* - refers to securities valued based on significant unobservable inputs.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect its placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets at fair value:

Northern Institutional Government Portfolio: This represents an investment in Northern Institutional Government Assets Portfolio, which is a government money market fund. As shares held reflect quoted prices in an active market, they are categorized as Level 1.

The following tables set forth, by level within the fair value hierarchy, the assets that were accounted for at fair value on a recurring basis:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Northern Institutional Government Portfolio	$ 7,064,113	$ -	$ -	$ 7,064,113
Total investments measured at fair value	$ 7,064,113	$ -	$ -	$ 7,064,113

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Northern Institutional Government Portfolio	$ 7,472,753	$ -	$ -	$ 7,472,753
Total investments measured at fair value	$ 7,472,753	$ -	$ -	$ 7,472,753

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in the Northern Institutional Government Portfolio, which is an investment fund managed by the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees for investment management services paid by the Plan to the Trustee are included as a reduction of the return on each fund.

The Plan Administrator, through its subsidiary Black Hills Service Company, pays all permissible health and dental benefits under the Plan for the pre-65 retirees, as described more in Note 1. The trusts then reimburse the Plan Administrator for the portion of the benefit payments paid by the Plan Administrator on behalf of participants covered by the Trusts.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedules, that was prepared by, or derived from, information prepared by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that all investment balances and information included in the supplemental schedule of assets (held at the end of the year) and schedule of reportable transactions are complete and accurate, excluding the classification and level of investments in Note 4, Fair Value Measurement.

	As Of December 31, 2025	As Of December 31, 2024
Statements of net assets available for benefits - investments at fair value	$ 7,064,113	$ 7,472,753

	For The Year Ended December 31, 2025
Statement of changes in net assets available for benefits -	
Interest income	$ 287,951

7. TAX STATUS

The Trusts established under the Plan to hold the Plan's assets are intended to qualify pursuant to Section 501(c)(9) of the IRC and, accordingly, the Trusts' net investment income and realized gains are exempt from income taxes. The Trusts have obtained exemption letters dated February 5, 2010, from the IRS. The Company and the Plan management believe that the Trusts and the Plan are currently designed and operated in compliance with the applicable requirements of the IRC and continue to be tax-exempt. Except for UBIT as described below, provision for income taxes has been included in the Plan's financial statements.

Under IRC Section 512 and related regulations, a portion of the Plan's investment income is taxable as unrelated business income for both federal and state purposes if investment assets exceed Plan benefit obligation amounts currently payable. For the year ended December 31, 2025, a current federal and state tax expense of $76,082 was recorded for UBIT. The Trusts are subject to unrelated business income tax at a maximum rate of 37% as prescribed by the IRC.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to amend or terminate the Plan subject to the provisions set forth in ERISA. In the event of termination, the Company will contribute the necessary amounts to fund all claims incurred prior to the date of termination.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of amounts reported in the Plan's financial statements to amounts reported in the Form 5500 is required by ERISA. The reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024 was as follows:

	2025	2024
Net assets available for benefits per the financial statements	$ 6,991,110	$ 7,232,076
Non-trust benefit obligation amounts currently payable	(121,143)	(385,356)
Net assets available for benefits per the Form 5500	$ 6,869,967	$ 6,846,720

The reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2025 was as follows:

	2025
Total payments for benefits	$ 4,392,218
Benefit obligation amounts currently payable at beginning of year	(385,356)
Benefit obligation amounts currently payable at end of year	121,143
Total benefit payments per the Form 5500	$ 4,128,005

10. SUBSEQUENT EVENTS

For the year ended December 31, 2025, subsequent events were evaluated through September 14, 2026, the date the financial statements were available to be issued. There were no events that were required to be recorded or disclosed.
