Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **DOPKINS AND COMPANY LLP**

(2) EIN: **16-0929175**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	☒		200000
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Siemens Energy, Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate to the best of the qualified institution's knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, (a) Schedule H, Line 4i – Schedule of assets (held at end of year), as of December 31, 2025, (b) Schedule H, Line 4i – Schedule of assets (acquired and disposed of within year), for the year ended December 31, 2025, and (c) Schedule G, Part I – Schedule of financial transactions (loans or fixed income obligations in default or classified as uncollectible), for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Siemens Energy, Inc. Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by Siemens Energy, Inc. (the Company or the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective January 1, 2024, the Plan was amended to meet the safe harbor provisions of Section 401(k)(13) of the Internal Revenue Code (the Code).

Participation in the Plan is available to any employee who is employed by the Company or an affiliated participating company, except leased employees, inbound delegates, and employees assigned to an affiliated company located outside the United States and who are neither citizens of the United States nor lawful permanent residents of the United States within the meaning of Section 7701(b)(1)(A)(i) of the Code, as amended. Unless expressly approved by the Company, employees covered by a collective bargaining agreement not providing for participation in the Plan are excluded from participation in the Plan.

Employees are eligible to contribute to the Plan upon hiring. Each newly hired employee who is eligible to participate in the Plan is automatically enrolled, subject to the provisions described below, unless the employee affirmatively elects not to participate in the Plan.

The Bank of New York Mellon (the Trustee) is the trustee of the Plan. The Trustee holds the Plan's assets and executes the Plan's transactions.

JPMorgan Chase Bank, N.A. (Former Trustee) was the trustee of the Plan through January 31, 2024. Accordingly, the Former Trustee held the Plan's assets and executed the Plan's investment transactions through January 31, 2024.

The Siemens Energy, Inc. Benefits Committee (Benefits Committee) is responsible for administering the Plan's operations and for monitoring investments by the Plan. Certain investment managers serve as 3(38) Investment Managers of the Plan.

Contributions:

Participants may make contributions in any combination of tax-deferred, Roth and after-tax bases. Generally, participants in the Plan can elect to contribute from 2% to 50%, in 1% increments, of their eligible compensation, as defined by the plan document. The Plan allows participants to change their contribution percentage elections daily. Participants may cease their contributions at any time. The Plan allows participants age 50 or older to make additional catch-up contributions provided that participant contributions do not exceed 50% of eligible compensation.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Contributions (continued):

When automatically enrolled, a participant's contribution begins 30 days after becoming eligible to participate in the Plan. The contribution is set at 6% of eligible compensation, on a tax-deferred basis, and the default investment option is the applicable LifePath Portfolio determined based on the date in which the participant turns age 65, until either is changed by the participant. For participants who were automatically enrolled in the Plan on or after January 11, 2011, but prior to January 1, 2024, and whose tax-deferred contribution rate was 6% or higher as of December 31, 2023, the deferral rate will automatically increase by 1% each subsequent year, until the participant's contribution reaches 10% of eligible compensation. Any participant who was previously automatically enrolled whose tax-deferred contribution rate was less than 6% as of December 31, 2023 was escalated to 6% effective January 1, 2024. These participants and any participants hired or rehired after January 1, 2024, and who were subjected to the automatic enrollment rate of 6%, shall be deemed to have elected 0% for an escalation rate.

If a participant is automatically enrolled in the Plan within the first six months of the calendar year, the first automatic increase occurs in the January following enrollment. If the participant is automatically enrolled within the last six months of the calendar year, the first automatic increase occurs in the second January following enrollment. Participants who affirmatively enrolled in the Plan can elect to have this automatic increase feature apply to them up to a maximum of 50%, or if applicable, any maximum permissible contribution rate for employees who are highly compensated employees.

For most participants in the Plan, the Company or the participating subsidiary matches 100% of each participant's contributions on the first 6% of the employee's eligible compensation contributed to the Plan. Certain participants may have different Company contribution rates as provided by the collective bargaining agreement providing for their participation in the Plan.

Certain participants of the Plan who ceased accruing benefits under defined benefit pension plans sponsored by a former affiliated company are eligible for an additional Company contribution referred to as a Service Based Company Contribution (SBCC). The amount of the SBCC is a percentage, up to 12% of eligible compensation, based on the participant's date of employment, company, and the level of pension and savings plan benefits that the participant's company offered, as defined. The SBCC is made to each eligible employee's SBCC account established in the Plan. The SBCC is contributed annually to each eligible participant's account prior to April 1st of the calendar year following the calendar year for which the SBCC is earned. In 2026, with respect to amounts earned in 2025 by eligible participants, the Company contributed \$16,965,424 in SBCC to the Plan. In 2025, with respect to amounts earned in 2024 by eligible participants, the Company contributed \$16,801,052 in SBCC to the Plan.

Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Additionally, each participant whose employment with the Company or a participating company is terminated has the option to rollover any lump sum amount that would otherwise be received from the Siemens Energy Pension Plan, a defined benefit pension plan sponsored by the Company, directly into the Plan.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Contributions (continued):

Participant and employer contributions are subject to certain limitations of the Code. The Plan provides that the Benefits Committee, if necessary, limit the maximum contribution rates for highly compensated employees to a lower amount in order to comply with nondiscrimination rules under the Code.

Investment options:

A participant may direct contributions to the following investment options, in increments of at least 1%, within the Plan:

- a) Stable Value Fund
- b) LifePath Investment Portfolio Funds
- c) U.S. Large Cap Stock Fund
- d) U.S. Small-Mid Cap Stock Fund
- e) Non-U.S. Developed Markets Stock Fund
- f) Non-U.S. Emerging Markets Stock Fund
- g) Core Bond Fund
- h) High Yield Bond Fund
- i) Self-Directed Brokerage Account

Certain investment options of the Plan include funds managed pursuant to investment agreements between the Plan and an investment manager (Separately Managed Accounts). The Plan has a direct investment in the individual assets of the Separately Managed Accounts and, therefore, reports the individual assets held within the Separately Managed Accounts.

The self-directed brokerage account provides participants the ability to purchase investments including: mutual funds, common stocks, and exchange traded funds.

The Plan allows participants to change their investment elections prospectively and to transfer funds between investment options (including the Self-Directed Brokerage Account Investment Option), on any business day, with the exception of the Non-U.S. Developed Markets Stock Investment Fund, and the Non-U.S. Emerging Markets Stock Investment Fund. Any amount invested in the Non-U.S. Developed Markets Stock Investment Fund or the Non-U.S. Emerging Markets Stock Investment Option that results from a reallocation by participants of their investments must remain invested in that option for at least 30 days.

Participant accounts:

Each participant's account is credited with the participant's contributions, employer contributions, earnings or losses (net of apportioned investment related expenses), reduced for benefits paid and charged directly for loan origination and benefit processing fees, if applicable.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Participant accounts (continued):

Plan earnings or losses are credited to participant accounts based on the participants' share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled at any given time is the participant's vested account balance.

Vesting:

Contributions, except employer matching contributions and earnings thereon, are generally fully vested at all times. In accordance with the Plan's safe harbor provisions, participants who complete an hour of service on or after January 1, 2024 shall reach 100% vesting after two years of continuous employment. Participants who terminated prior to January 1, 2024 became 40% vested after two years of continuous employment and continued to vest at an annual rate of 20%, reaching 100% vesting after five years of continuous employment, as defined, with the Company, its subsidiaries, or affiliates.

In addition, each participant becomes 100% vested in the employer's contributions and earnings thereon upon retirement, death, total or permanent disability, or complete or partial termination of the Plan, complete discontinuance of Company contributions, termination of employment due to the closing of the facility in which the participant is employed, permanent layoff, or transfer (without intervening employment) to an affiliated company outside the United States which does not participate in the Plan.

Forfeitures:

Participants who terminate their employment with the Company or a participating subsidiary forfeit the non-vested portion of employer contributions and earnings thereon, in accordance with the terms of the Plan. Such forfeitures of employer contributions are permitted to reduce future employer contributions and eligible expenses. During 2025 and 2024, the total amount of forfeitures the Plan used to reduce the amount of employer contributions was \$1,496,643 and \$1,435,702, respectively. At December 31, 2025 and 2024, there were no forfeited non-vested amounts held by the Plan.

Notes receivable from participants:

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of his or her vested account balance (less any current outstanding loan balance) or \$50,000 (less the highest outstanding loan balance in the last 12 months and less any defaulted loan balances). The SBCC is not available for loans, although it is included in the calculation to determine the maximum amount available for a loan and also serves to secure the loans. Each loan is made from the participant's balance in each of the investment options in which the participant has an available balance, with the exception of the Self-Directed Brokerage Account. The term of a loan shall not exceed four years (a thirty-year loan term is permitted in cases where the loan proceeds are used to purchase the participant's principal residence). Generally, a participant may not have more than two loans outstanding at any point in time.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes receivable from participants (continued):

The loans are secured by the balance in the participant's account and bear interest at a "reasonable rate" as established periodically by the Plan (generally, the prime rate). Principal and interest are to be repaid ratably during the year through payroll deductions. Any loans outstanding at the time a participant terminates employment with the Company and its subsidiaries or affiliates are deemed "loan defaults" and are treated as distributions from the Plan, unless repaid within 60 days or prior to full distribution of the participant's balance, whichever is earlier. The outstanding balance of any active participant loan that is deemed to be in default will automatically become taxable income to the participant and must be reported to the Internal Revenue Service (IRS) at the end of the relevant tax year. The amount taxable will include both the taxable portion of the remaining principal and any accrued interest that was due as of the date of the loan default.

Payment of benefits:

The Plan can disburse funds upon a participant's separation from service with the Company and its subsidiaries as a result of the following: retirement, death, total or permanent disability, permanent layoff, or termination of employment with the Company and certain affiliates. The payment of benefits can take one of three forms: a lump sum payment, partial lump sum payments, or monthly or annual installment payments. However, any vested benefit of \$1,000 or less at the time of termination will automatically be paid as a lump sum. Benefit payments between \$1,000 and \$5,000 will automatically be transferred to an individual retirement account unless the participant directs otherwise.

During employment, participants that are at least 59½ are generally permitted to make withdrawals from their vested accounts including earnings thereon, except for the portion attributable to SBCC and, for certain participants, other Company contributions. If a participant has participated in the Plan, or a predecessor plan, for less than five years and elects to withdraw after-tax contributions made to the Plan or a predecessor plan, on or after January 1, 1987, or employer contributions made to the Plan or a predecessor plan, within two years prior to the date of the withdrawal, employer contributions provided to the participant will be suspended for a three-month period. Under certain circumstances, if a participant can demonstrate a financial hardship (as defined in the Plan) a participant may take a hardship withdrawal of his or her tax-deferred and Roth contributions (but not earnings on such amounts). In addition, a participant who has reached age 59½ may take a withdrawal of his or her tax-deferred and Roth contributions (including earnings thereon credited subsequent to December 31, 1988) without demonstrating financial hardship and will not be limited in the number of withdrawals that can be made in any year.

Employed participants may also take various other distributions, if qualified, as defined in the plan document. These include domestic abuse victim distributions and emergency personal expense withdrawals. Qualification for each distribution type and amount limitations are defined by the plan document.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Asset transfers:

In connection with acquisitions by the Company or its affiliates, certain employees of the acquired companies are offered participation in the Plan and generally the defined contribution plans of the acquired companies are merged into the Plan. From time to time, in connection with the sales of certain businesses of the Company or its affiliates, certain employees of the divested companies or businesses were required to terminate participation in the Plan and their vested balances were transferred to plans established by the respective acquiring companies. In general, upon transfer into the Plan, all transferred participants are now subject to the provisions of the Plan, unless otherwise amended.

On June 27, 2026, the Board of Directors of the Company adopted a resolution to merge the Siemens Gamesa Renewable Energy, Inc. Savings Plan (the Gamesa Plan), a defined contribution plan sponsored by Siemens Gamesa Renewable Energy, Inc., a wholly owned subsidiary of the Company, into the Plan. Effective July 21, 2026, the Gamesa Plan was merged into the Plan, and approximately \$334,500,000 of net assets was transferred into the Plan in connection with the merger. Upon merger into the Plan, all transferred participants became subject to the provisions of the Plan. This resolution also added Siemens Gamesa Renewable Energy, LLC as a participating employer in the Plan effective July 1, 2026.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value, with the exception of certain fully benefit responsive synthetic guaranteed investment contracts held within the Stable Value Fund investment option, which are recorded at contract value. The Benefits Committee determines the Plan's valuation policies utilizing information provided by the Trustee and investment managers. See Note 7 for discussion of the Plan's fair value measurements.

Investment contracts held by a defined contribution plan, such as those that are part of the Stable Value Fund of the Plan, that invest in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to transfer amounts out of this investment option or receive a distribution from the Plan. The contract value of the fully-benefit responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition (continued):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, dividends on the applicable ex-dividend date, and net appreciation in fair value of investments based on gains and losses on investments bought and sold as well as held during the year. Total investment income is reduced for certain investment-related fees and expenses, as described herein.

Stable Value Fund:

The Stable Value Fund is a Separately Managed Account, the objective of which is to provide liquidity and safety of principal while providing a higher return over time than the return offered by many money market funds. The assets of this investment option primarily consist of individual direct investments in synthetic guaranteed investment contracts (Synthetic GIC) with insurance companies with an overall average credit quality grade of AA- and a common/collective trust fund. These direct investments are held by the Plan and are currently managed by INVESCO and other sub-advisers. The Synthetic GICs are financial instruments that primarily invest in common/collective trust funds.

Pursuant to the contracts with INVESCO and the sub-advisers, the Plan owns the underlying investments. The Synthetic GICs also include wrap contracts with highly rated insurance companies, banks, and other financial institutions and serve to preserve the contract value of the guaranteed investment contracts by mitigating the fluctuations in the market value of the underlying investments. The wrap contracts provide a guarantee if the fair value of the related investments underlying the Synthetic GICs are not sufficient to fund the contract value for qualified participant withdrawals from the investment. However, there is no guarantee (either from INVESCO, the other sub-advisors or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns. The common/collective trust fund is not covered by a wrap contract.

The Synthetic GICs provide interest for invested participants based on crediting rates in accordance with a formula specific to each contract that is subject to periodic review. The formula considers many factors including the fair value of the contract's underlying investments and contract fees. The crediting rate is generally provided using a portfolio rate for all contributions made during the period and is guaranteed not to fall below 0%.

There are no reserves against contract value for the credit risk of the issuers. Certain events may limit the ability of the Plan to transact at contract value with respect to the individual contracts. Generally, such events include: (1) amendments to the participating plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the Company or participating companies that cause a significant withdrawal from the participating plan; (4) the failure of the Plan to qualify for the exemption from federal income taxes or the occurrence of certain required prohibited transactions under ERISA; or (5) premature termination of a contract. In addition, certain limited events permit the issuer to terminate the contract with the Plan and settle at an amount different from contract value such as a breach of material obligation or misrepresentation under the contract.

Note 2. Summary of Significant Accounting Policies (Continued)

Stable Value Fund (continued):

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the participating plans to transact at contract value with the participants.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions:

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation. The SBCC are recorded when due.

Payment of benefits:

Benefit payments to participants are recorded when paid.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities in the financial statements. Actual results could differ from those estimates.

Risks and uncertainties:

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments. To the extent that a participant directs that his or her contributions be invested through the Self-Directed Brokerage Account Option, the participant solely determines the extent to which such amounts will be diversified, if at all. Participants in the Self-Directed Brokerage Option are prohibited from investing in the publicly traded shares of the Company or affiliated participating companies.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses:

Only expenses of the Plan that are permitted to be charged to the Plan in accordance with applicable law and with the provisions of the plan document are charged to the Plan. The Plan's administrative expenses primarily are related to recordkeeping, loan origination, benefit processing and certain other administrative items. For expenses that are not specific to an investment option, an expense allocation is charged to the net asset balance of each investment option on a daily basis. For expenses that are specific to an investment option, the contracted expense rate is charged to the specific investment option's net assets on a daily basis and is included in the investment option's reported income or loss. Contracted expense rates vary based on the investment options. Expenses that are paid directly by the Company are excluded from these financial statements.

Subsequent events:

Subsequent events have been evaluated through September 18, 2026, which is the date the financial statements were available to be issued.

Note 3. Parties-in-Interest

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of a plan, any party rendering services to a plan, the employer, certain participants, and others.

The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

The Trustee serves as the custodian for certain investments in which the Plan participates. Therefore, transactions within these investments and transactions with the Trustee qualify as party-in-interest transactions.

Alight Solutions, LLC provides recordkeeping services to the Plan. Other service providers also provide investment advisory services and certain other administrative services. Therefore, transactions with these service providers qualify as party-in-interest transactions.

Note 4. Plan Termination

Although it has not expressed an intent to do so, the Company has the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event that a termination of the Plan should occur, the value of each affected participant's account (including employer contributions and earnings thereon) shall become fully vested and funds will be distributed in accordance with ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 5. Tax Status

The IRS has determined and informed the Company by a letter dated May 5, 2021, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2021.

Note 6. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by the Trustee. The Plan Administrator has obtained a certification from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2025	2024
Investments at fair value	\$ 4,090,489,160	\$ 3,533,519,995
Investments at contract value	378,763,989	389,829,440
	<u>\$ 4,469,253,149</u>	<u>\$ 3,923,349,435</u>

The Trustee did not provide a certification to the completeness and accuracy of one investment in the amount of \$8,553,644 and \$6,359,512 at December 31, 2025 and 2024, respectively.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Information Certified by the Trustee (Continued)

The Trustee has also certified to the completeness and accuracy of the following information for the year ended December 31, 2025 and the period from February 1, 2024 through December 31, 2024 to the best of their knowledge and belief:

	2025	2024
Investment income:		
Net appreciation in fair value of investments	\$ 593,549,740	\$ 445,283,990
Interest	13,282,093	12,204,929
Dividends	7,750,261	6,724,433
	<u>\$ 614,582,094</u>	<u>\$ 464,213,352</u>

The Former Trustee did not provide a certification of investment income for the month of January 2024, when it was trustee during 2024. The certified investment income reflects only activity for the period from February 1, 2024 through December 31, 2024, which was certified by the Trustee.

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority level to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals); and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SIEMENS ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Fair Value Measurements (Continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used by the Plan at December 31, 2025 and 2024 for assets measured at fair value. There have been no changes in the methodologies used by the Plan at December 31, 2025 and 2024.

Equity securities: Equity securities primarily consist of common stocks in which the Plan holds a share directly. These assets are valued at the closing price reported on the active market on which the individual securities are traded.

Interest-bearing cash: Interest-bearing cash consists of highly liquid financial instruments.

Self-Directed Brokerage Account: Investments allowed in the Self-Directed Brokerage Account include equities, exchange-traded funds and mutual funds that are valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust funds: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is primarily based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. These investments have no redemption restrictions or unfunded commitments.

Registered investment funds: Registered investment funds are open-end mutual funds valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Fixed income and government securities: Fixed income and government securities are valued based on market data, incorporating various inputs such as benchmark curves, benchmarking of like securities, matrix pricing, and model processes such as the option adjusted spread model, to assess the interest rate impact of and develop prepayment scenarios. Both models and processes take into account market conventions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company's management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
