Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Quigg Bros., Inc. Profit Sharing Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - DESCRIPTION OF PLAN

The following description of the Quigg Bros., Inc. Profit Sharing Savings Plan (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions, which is available from the plan administrator.

GENERAL

The plan is a defined contribution plan sponsored by Quigg Bros., Inc. and Cascade Pumice, Inc., a controlled group of companies (collectively referred to as the "company"), for the benefit of its full-time employees who have completed one year of service and are age 21 or older. Participants who perform services subject to the Davis-Bacon Act, the Service Contract Act, or any similar federal, state, or municipal prevailing wage statutes are immediately eligible to receive employer contributions. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to a certain percentage of annual compensation as pre-tax or Roth contributions not to exceed the annual dollar limitation defined by the Internal Revenue Code, as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the plan, are allowed to make catch-up contributions as defined in the plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions are invested in a designated target date fund until changed by the participant.

The company contributes to the profit sharing plan in the greater of amounts specified by any federal, state, county or publicly funded contract entered into, including prevailing wage contributions on behalf of participants who perform services subject to the Davis-Bacon Act, the Service Contract Act, or any similar federal, state, or municipal prevailing wage statutes, or 6% of compensation.

Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

PARTICIPANT INVESTMENT ACCOUNT OPTIONS

Upon enrollment in the plan, participants may direct their contributions, including employer contributions, and any related earnings among any or all of the multiple investment account options. The plan currently offers various mutual funds, common collective trust and a pooled separate account as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment elections and make transfers between investment options daily. There are no nonparticipant directed investments.

Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant's direction.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings thereon.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years. If used to acquire a principal residence, the plan administrator can permit a longer repayment period. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's assumed life expectancy determined at the time of the distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

HARDSHIP WITHDRAWALS

Participants are permitted to withdraw, in a single sum, the vested portion of their account balance under certain conditions. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, or to prevent eviction or foreclosure from the participant's principal residence.

FORFEITED ACCOUNTS

Forfeitures of nonvested company contributions can be used to pay any plan administrative expenses or offset future employer contributions. Forfeitures of \$2,889 and \$3,094 were available at December 31, 2025 and 2024, respectively.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**BASIS OF ACCOUNTING**

The financial statements of the plan are prepared on the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's trustees determine the plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

CONTRIBUTIONS

Contributions from plan participants and the matching contributions from the company are recorded in the year in which the participants' contributions are withheld from compensation.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

The plan assets are held by the custodians of the plan. Administrative expenses for the plan are paid by the plan and totaled \$79,039 and \$64,628 for the years ended December 31, 2025 and 2024, respectively. Certain administrative expenses are paid by Quigg Bros., Inc. and are not included in these financial statements.

SUBSEQUENT EVENTS

The plan has evaluated subsequent events through September 16, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, the custodian of the plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Interest and dividends
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest income on notes receivable from participants
- Investments, as reflected in Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year)

The plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The registered investment companies held by the plan are deemed to be actively traded.

Pooled separate accounts: The fair value of the pooled separate account is based on inputs other than qualified market prices that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted market prices for similar assets or liabilities in active or non-active markets.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2025 and 2024, respectively.

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,264,070	\$ -	\$ -	\$ 24,264,070
Pooled separate account	-	1,305,365	-	1,305,365
Investments measured at NAV practical expedient ^(a)				2,540,463
Total investments at fair value				\$ 28,109,898

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,685,905	\$ -	\$ -	\$ 20,685,905
Pooled separate account	-	1,210,338	-	1,210,338
Investments measured at NAV practical expedient ^(a)				2,732,529
Total investments at fair value				\$ 24,628,772

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following sets forth additional disclosures of the plan's investments whose fair value is measured using the net asset value per share (or its equivalent) as a practical expedient as of December 31:

Investments	Fair Value 12/31/2025	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 2,540,463	\$ 2,732,529	\$ -	Daily	None

There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the plan.

Note 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

Note 6 - TAX STATUS

The company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes that as of December 31, 2025, the plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are units in funds managed by Empower Trust Company. Empower Trust Company is the custodian as defined by the plan and provides investment management and TPA services, therefore, these investments and related investment transactions qualify as party-in-interest transactions.

Note 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

December 31,	2025	2024
Net assets available for benefits per the financial statements	\$ 28,472,868	\$ -
Employer contribution receivable excluded from Form 5500	(74,269)	-
Net assets available for benefits per Schedule H of the Form 5500	\$ 28,398,599	\$ -

Note 9 - RISKS AND UNCERTAINTIES

The plan provides for various investment fund options, which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities in general are exposed to various risks, such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as tariffs, a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
