SCHEDULE H, LINE 4(i) - SCHEDULE OF ASSETS (HELD AT END OF YEAR)	15

INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator of
CATCH, Inc. 403(b) Retirement Plan
Philadelphia, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CATCH, Inc. 403(b) Retirement Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of CATCH, Inc. 403(b) Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CATCH, Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CATCH, Inc. 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CATCH, Inc. 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CATCH, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

NOTE 1 - Description of Plan

The following description of CATCH, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of CATCH, Inc. ("CATCH") and CMS, Inc. ("CMS"), collectively "the Company". Elective deferrals to the Plan are available to all employees who complete 60 days of employment, while employer non-elective contributions are available to employees who have completed 250 hours of service per quarter and are employed on the last day of the Plan year. The Plan was adopted on May 15, 2018 and is subject to the provisions of ERISA. The Company's Board of Directors is responsible for administration of the Plan, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, directing the Plan's trustee, and maintaining participant accounts.

Contributions - There are two types of salary deferrals: Pre-Tax 403(b) deferrals and Roth 403(b) deferrals. Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a common/collective trust fund and twenty-six (26) mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contribution invested in a designated target retirement fund until changed by the participant. Participants may change their investment options at any time.

The Company makes non-elective contributions for all eligible employees equal to 3% of compensation on a quarterly basis. Non-elective contributions are immediately vested. Non-elective employer contributions to the plan totaled \$366,082 for the year ended December 31, 2025. The non-elective contributions are participant directed as noted above. Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's non-elective contribution as well as an allocation of the Plan's earnings, and charged with an allocation of fees if paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CATCH, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

NOTE 1 - Description of Plan (continued)

Vesting - Participants are immediately vested in their contributions and in the Company's contributions plus actual earnings thereon.

Payment of Benefits - On termination of service due to death, disability or retirement, or upon termination of employment, a participant or their beneficiary (ies) may elect to receive a lump-sum payment, partial payments, installments, or annuities equal to the value of the participant's vested account balance. A participant or beneficiary(ies) whose vested account balance is less than \$5,000 will receive an automatic lump-sum payment regardless of whether the participant or their beneficiary (ies) elects to receive payment.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participant's may have two (2) notes receivable outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at the bank's prime rate plus 1 percent at the time the note is issued.

Forfeited Accounts - The Plan provides for 100% vesting in all contributions made, therefore there are no forfeitures in the Plan.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2025 and 2024

NOTE 2 - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Certain participant loans may be treated as deemed distributions for tax and Form 5500 reporting purposes when the applicable repayment requirements are not satisfied. A deemed distribution does not, by itself, extinguish the participant's obligation to the Plan. Accordingly, such loans continue to be reported as notes receivable from participants in the financial statements until the loan obligation is satisfied or the participant's account is offset in accordance with the terms of the Plan. Upon an actual loan offset, the related note receivable is reduced and a benefit payment is recognized, as applicable. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Contributions - Participant salary deferral contributions are recorded in the period in which the related compensation is earned and the amounts are withheld from participants' compensation. Employer non-elective contributions are recorded in the period in which the contributions are earned in accordance with the provisions of the Plan. Contributions due to the Plan at year-end are recorded as contributions receivable.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, participant distributions, Plan administrative fees, and Plan Advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through September 17, 2026, the date the financial statements were available to be issued.

NOTE 3 - Certification of Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024 and net appreciation in fair value of investments, dividends, and interest, and interest income on notes receivable from participants for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Hand Benefits & Trust Company, the trustee of the Plan.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include · Quoted prices for similar assets or liabilities in active markets; · Quoted prices for identical or similar assets or liabilities in inactive markets; · Inputs other than quoted prices that are observable for the asset or liability; · Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

December 31, 2025 and 2024

NOTE 4 – Fair Value Measurements (continued)

Common/Collective Trust Fund: Valued at the net asset value (NAV) of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Investments Measured at Fair Value				
Mutual Funds	\$ 9,768,411	\$ 0	\$ 0	\$ 9,768,411
Investments Measured at Net Asset Value (1)				
Common/Collective Trust Fund				18,175
TOTAL INVESTMENTS AT FAIR VALUE				\$ 9,786,586
Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investments Measured at Fair Value				
Mutual Funds	\$ 8,374,746	\$ 0	\$ 0	\$ 8,374,746
Investments Measured at Net Asset Value (1)				
Common/Collective Trust Fund				18,347
TOTAL INVESTMENTS AT FAIR VALUE				\$ 8,393,093

Total investments measured using NAV as a practical expedient were \$18,175 and \$18,347 at December 31, 2025 and 2024, respectively, which agree to the total common/collective trust fund reported in the statements of net assets available for benefits.

(1) In accordance with FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – Fair Value Measurements (continued)

The following table summarizes investments measured at fair value using the net asset value per share (or its equivalent) as of December 31:

December 31, 2025				
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trust Fund	<u>\$ 18,175</u>	<u>N/A</u>	<u>Daily</u>	<u>None</u>

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trust Fund	<u>\$ 18,347</u>	<u>N/A</u>	<u>Daily</u>	<u>None</u>

NOTE 5 – Related Party Transactions and Party in Interest Transactions

Plan investments are held by Hand Benefits & Trust Company (“HB&T”), the trustee of the Plan. Because HB&T is a party in interest to the Plan, transactions involving investments held by the trustee constitute party-in-interest transactions as defined by ERISA. Notes receivable from participants also constitute party-in-interest transactions and are exempt from the prohibited transaction provisions of ERISA when made in accordance with applicable Plan and regulatory requirements.

NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their employer contributions.

Notes to Financial Statements

December 31, 2025 and 2024

NOTE 7 - Tax Status

The underlying prototype non-standardized 403(b) plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017, stating that the Plan is accepted under the Internal Revenue Code (the “Code”) for use by employers for the benefit of their employees under Internal Revenue Code (IRC) Section 403(b). The Plan Sponsor has adopted this Plan and may rely on the current qualifications of the IRS prototype non-standardized 403(b) plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Management believes that the amendments adopted subsequent to the opinion letter do not adversely affect the Plan’s qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - Legislative and Regulatory Developments

On December 29, 2022, the “Setting Every Community Up for Retirement Enhancement Act of 2022” (“SECURE Act 2.0”) was signed into law. The Act includes numerous provisions affecting retirement plans, with effective dates ranging from 2023 through 2027. The Plan is evaluating applicable provisions and is preparing to implement the necessary operational and compliance updates. The Plan is working with its service providers to monitor regulatory developments and ensure timely compliance with applicable provisions of SECURE 2.0.
