INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Management of the
Haskell & White 401(k) Tax-Sheltered Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Haskell & White 401(k) Tax-Sheltered Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HASKELL & WHITE 401(K) TAX-SHELTERED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

1. Description of Plan

The following description of the Haskell & White 401(k) Tax-Sheltered Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, as amended, is a participant-directed defined contribution and profit-sharing plan covering all employees of Haskell & White, LLP (the “Company”), except for residents of Puerto Rico, with a minimum age of 21 and through December 31, 2024, a minimum service requirement of 1,000 hours for part-time employees. During 2025, in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE Act 2.0) long-term, part-time employee eligibility provisions were elected, whereby certain employees may also become eligible to participate after completing the applicable service requirements prescribed by law. The Plan went into effect January 1, 1989, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

The Company is the sponsor of the Plan. The Company’s Chief Financial Officer is the Plan Administrator.

The Plan appointed Fidelity Management Trust Company (“Fidelity”) as trustee and asset custodian (the “Trustee”). The Trustee holds, administers and distributes the funds of the Plan in accordance with the provisions of the Plan and instructions of Plan management or its designees. The Plan has also engaged Fidelity Workplace Services LLC to provide recordkeeping and administrative services to the Plan.

Participant Contributions

Each year, participants may elect to contribute up to 100% of their eligible compensation to the Plan on a pre-tax, after-tax, or Roth basis, not to exceed limits established by the Internal Revenue Code (the “Code”). Participants may also contribute amounts representing distributions from other qualified plans (e.g., rollover contributions). Participants who have attained age 50 prior to the end of a plan year are eligible to make pre-tax catch-up contributions to the Plan. Employees who have not declined to participate in the Plan or completed a salary deferral arrangement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax rate of 3.25% and their contributions are invested in a fund designated by the Plan Administrator until changed by the participant. The Plan also has an automatic escalation policy, in which participants’ deferral rates increase annually by 1%, not to exceed 6.25%, unless they affirmatively elect otherwise.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

1. Description of Plan (continued)

Employer Contributions

The Company is required to make safe harbor matching contributions to the Plan equal to 100% of the first 1% of the participant eligible compensation and 50% of the next 5% contributed to the Plan each payroll period.

Employer discretionary contributions may also be made as determined by the Company's management. During 2025, there were no discretionary contributions made to the Plan. Contributions are subject to certain limitations established by the Code.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's contributions, the Company's contributions, and investment earnings and losses, net of certain investment management fees. Participants may direct the investment of their account in any combination of investment funds offered by the Plan. The Company's employer contribution is allocated among the funds within each participant account in the same manner as the employee's contributions. Investment income is allocated daily among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interests in that investment. A participant is entitled to the vested benefit provided from their account.

Investment Options

Investments in the Plan consist of registered investment company mutual funds, collective investment trusts, and a common collective trust fund (Note 4). Upon enrollment in the Plan, participants may direct employer and participant contributions in any of the investment options offered under the Plan. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2019, the Plan elected a Qualified Automatic Contribution Arrangement (QACA). The QACA safe harbor matching contributions vest on a two year graded vesting schedule.

1. Description of Plan (continued)

Payment of Benefits

Upon retirement, death, disability, or other termination of employment, a participant may elect to receive a lump-sum payment, make partial withdrawals, or rollover the balance in their account to an eligible retirement plan, equal to the participant's vested interest in his or her account. The Plan provides for mandatory distributions to participants upon reaching age 73. Distributions may be made as soon as administratively feasible following termination of employment. If, upon termination, the participant has not elected to receive or rollover his or her balance and, if the vested account balance does not exceed \$7,000, the Trustee will follow the Plan's provisions for mandatory distribution. If a participant terminates employment for any reason and their vested account balance does not exceed \$1,000, the Plan Administrator may distribute such amount as a lump-sum payment.

Effective October 14, 2024, the Plan adopted certain provisions of the SECURE Act 2.0, including increased limits for involuntary automatic rollovers for small account balances and distributions from \$5,000 to \$7,000.

Hardship Withdrawals

Participants may receive hardship withdrawals against the employee deferral portion of their account (excluding any earnings allocated thereto) for specified financial needs, such as unreimbursed medical expenses, the purchase of a principal residence, to prevent eviction or foreclosure on their personal residence, or to pay for post-secondary education expenses.

Forfeited Accounts

Forfeited non-vested amounts are available for use in the plan year following the forfeiture and may be used to reduce employer contributions or pay plan expenses. The Plan used \$26,599 of forfeitures to reduce employer contributions in 2025. At December 31, 2025, and 2024, forfeited non-vested amounts totaled \$198 and \$8, respectively.

HASKELL & WHITE 401(K) TAX-SHELTERED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

1. Description of Plan (concluded)

Income Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan with cash or deferred arrangement through Fidelity Management & Research Company (the “FMR”), which received a favorable opinion letter from the Internal Revenue Service (the “IRS”) dated June 30, 2020. Although the Plan has been amended since the issuance of the opinion letter, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code and is therefore exempt from income taxes. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value (Note 4) in the accompanying Statements of Net Assets Available for Plan Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation in the fair value of its investments, which consists of net realized and unrealized gains and losses.

HASKELL & WHITE 401(K) TAX-SHELTERED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

The Plan's investments include primarily registered investment company mutual funds that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

Risks and Uncertainties

The Plan provides for various investment options in any combination of fixed income securities, mutual funds and other investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Plan invested in two mutual funds that accounted for approximately 26% and 24% of total Plan investments as of December 31, 2025 and 2024, respectively.

Contributions

Participant and employer matching contributions are recorded bi-weekly when the Company remits the contributions for investment into the Plan. Employer discretionary contributions are remitted annually, if applicable.

Payment of Benefits

Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Company unless the Company directs that such expenses shall be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. The Plan's fee structure is advisory fee-based to increase visibility of investment management fees and transaction costs to Plan participants.

HASKELL & WHITE 401(K) TAX-SHELTERED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

2. Summary of Significant Accounting Policies (concluded)

Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statement of Changes in Net Assets Available for Plan Benefits. Administrative revenues arise when investment managers return a portion of the investment fees to the recordkeeper to offset the administrative expenses. Any excess resulting from this revenue credit remains in an unallocated account from which future Plan expense can be paid or allocated to participants accounts. The Plan held unallocated administrative revenues of \$1,266 and \$2 as of December 31, 2025 and 2024, respectively.

Such expenses are recorded as Administrative Expenses in the Statement of Changes in Net Assets Available for Plan Benefits.

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

3. Summary of Investment Data Certified by the Plan Trustee

The Plan's investments were held by Fidelity as of December 31, 2025, and 2024 and the following investment information was certified to be complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments on the Statements of Net Assets Available for Plan Benefits at December 31, 2025, and 2024,
- Interest and dividend income from investments and net appreciation in the fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and
- Investment information provided on the supplemental schedule, Schedule of Assets (Held at Year End) at December 31, 2025.

4. Fair Value

GAAP establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Trustee.

GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: The Plan invests in the Fidelity Managed Income Portfolio Class II, an investment vehicle that invests in benefit-responsive investment contracts, fixed income securities and money market funds. It is valued at NAV of units held by the Plan. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value.

HASKELL & WHITE 401(K) TAX-SHELTERED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

4. Fair Value (continued)

Collective investment trusts: Valued at NAV of units held by the Plan. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Plan includes Great Gray Trust Company collective investment trusts. The assets of each trust are invested in various types of investment vehicles including equities, fixed income, mutual funds, exchange-traded funds and alternative investments.

The NAV is determined by the total contract value of fund assets divided by the total number of outstanding units of the fund. The Plan uses a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment. Because the Plan has an indirect investment in the contracts held by the collective investment trusts, they are not considered fully benefit responsive.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used during the year ended December 31, 2025.

HASKELL & WHITE 401(K) TAX-SHELTERED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

4. Fair Value (concluded)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, and 2024:

December 31, 2025

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 19,673,576	\$ 19,673,576
Total investments on the fair value hierarchy	<u>19,673,576</u>	<u>19,673,576</u>
Investments measured at net asset value:		
Common collective trust fund		251,257
Collective investment funds		<u>6,261,256</u>
Total investments at fair value		<u><u>\$ 26,186,089</u></u>

December 31, 2024

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 15,723,556	\$ 15,723,556
Total investments on the fair value hierarchy	<u>15,723,556</u>	<u>15,723,556</u>
Investments measured at net asset value:		
Common collective trust fund		388,684
Collective investment funds		<u>5,522,621</u>
Total investments at fair value		<u><u>\$ 21,634,861</u></u>

Certain investments that are measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy.

The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Plan Benefits.

5. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include the investment in the funds of Fidelity, and related interest, payment of administrative expenses by the Plan, and payment of investment advisory fees to the Plan's investment advisor. During the year ended December 31, 2025, the Plan made direct payments of administrative fees to Fidelity totaling \$18,448 and investment advisory fees to the investment advisor totaling \$25,000. Such transactions are exempt from being prohibited transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Fidelity Investments Retirement Plan Service Agreement (FIRSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the FIRSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts are allocated to the accounts of the eligible participants. During 2025, the amount allocated to participant accounts was \$3,582, net of \$1,245 of administrative expenses.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested and entitled to receive all amounts credited to their accounts.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

8. Subsequent Events

Effective January 1, 2026, the Plan adopted a provision of the SECURE Act 2.0, requiring participants age 50 or older whose prior year wages from the Plan sponsor exceed applicable statutory thresholds to make eligible catch-up contributions to the Plan on a Roth basis.
